Fashioning the Self: Identity and Style in British Culture Emily Priscott,2023-06-06 Fashioning the Self Identity and Style in British Culture offers an eclectic approach to contemporary fashion studies Taking a broad definition of British culture this collection of essays explores the significance of style to issues such as colonialism race gender and class embracing topics as diverse as eighteenth century portraiture literary dress culture and Edwardian working class glamour Examining the emblematic power of garments themselves and the context in which they are styled this work interrogates the ways that personal style can itself decontextualize garments to radically reframe their meanings Using an intentionally eclectic range of subjects from an interdisciplinary perspective this collection builds on the work of theorists such as Aileen Ribeiro Vika Martina Plock Cheryl Buckley and Hilary Fawcett to examine the social significance of personal style while also highlighting

the diversity of British culture itself *Fashion and Fiction* Lauren S. Cardon, 2016-04-05 During the twentieth century the rise of the concept of Americanization shedding ethnic origins and signs of otherness to embrace a constructed American identity was accompanied by a rhetoric of personal transformation that would ultimately characterize the American Dream The theme of self transformation has remained a central cultural narrative in American literary political and sociological texts ranging from Jamestown narratives to immigrant memoirs from slave narratives to *Gone with the Wind* and from the rags to riches stories of Horatio Alger to the writings of Barack Obama Such rhetoric feeds American myths of progress upward mobility and personal reinvention In *Fashion and Fiction* Lauren S Cardon draws a correlation between the American fashion industry and early twentieth century literature As American fashion diverged from a class conscious industry governed by Parisian designers to become more commercial and democratic she argues fashion designers and journalists began appropriating the same themes of self transformation to market new fashion trends Cardon illustrates how canonical twentieth century American writers including Edith Wharton Theodore Dreiser F Scott Fitzgerald Ernest Hemingway and Nella Larsen symbolically used clothing to develop their characters and their narrative of upward mobility As the industry evolved Cardon shows the characters in these texts increasingly enjoyed opportunities for individual expression and identity construction allowing for temporary performances that offered not escapism but a testing of alternate identities in a quest for self discovery **Fashion Cultures** Stella Bruzzi, Pamela Church Gibson, 2013-10-18 From the catwalk to the shopping mall from the big screen to the art museum fashion plays an increasingly central role in contemporary culture *Fashion Cultures* investigates why we are so fascinated by fashion and the associated spheres of photography magazines and television and shopping *Fashion Cultures* re addresses the fashionable image considering the work of designers from Paul Smith to Alexander McQueen and Hussein Chalayan investigates the radicalism of fashion photography from William Klein to Corinne Day considers fashion for the unfashionable body the old and the big football and fashion and geographies of style explores the relationship between fashion and the moving image in discussions of female cinema icons from Grace Kelly to Gwyneth Paltrow and iconic male images from Cary Grant to Malcolm X and Mr Darcy that have redefined notions of masculinity and cool makes a significant intervention into contemporary gender politics and theory exploring themes such as spectacle masquerade and the struggle between fashion and feminism **The Mary Lincoln Enigma** Frank J. Williams, Michael Burkholder, 2012-07-05 Mary Lincoln is a lightning rod for controversy Stories reveal widely different interpretations and it is impossible to write a definitive version of her life that will suit everyone The thirteen engaging essays in this collection introduce Mary Lincoln's complex nature and show how she is viewed today The authors' explanations of her personal and private image stem from a variety of backgrounds and through these lenses history theater graphic arts and psychiatry they present their latest research and assessments Here they reveal the effects of familial culture and society on her life and give a broader assessment of Mary Lincoln as a woman wife and mother Topics include Mary's childhood in Kentucky the early

years of her marriage to Abraham Mary's love of travel and fashion the presidential couple's political partnership and Mary's relationship with her son Robert The fascinating epilogue meditates on Mary Lincoln's universal appeal and her enigmatic personality showcasing the dramatic differences in interpretations With gripping prose and in depth documentation this anthology will capture the imagination of all readers Univeristy Press Books for Public and Secondary Schools 2013 edition
