Edwardian Turn Of Mind Samuel Hynes, 2011-04-30 The Edwardian Turn of Mind brilliantly evokes the cultural temper of an age The years between the death of Queen Victoria and the outbreak of the First World War witnessed a turbulent and dramatic struggle between the old and the new Samuel Hynes considers the principal areas of conflict politics science the arts and the relations between men and women and fills them with a wide ranging cast of characters Tories Liberals and Socialists artists and reformers psychoanalysts and psychic researchers sexologists suffragettes and censors His book is a portrait of a tumultuous time out of which contemporary England was made The Edwardian Turn of Mind Samuel **The Edwardian** Samuel Hynes, 1968 Ford Madox Ford and Englishness Dennis Brown, Jenny Plastow, 2006 The controversial British writer Ford Madox Ford 1873 1939 is increasingly recognized as a major presence in early twentieth century literature International Ford Madox Ford Studies has been founded to reflect the recent resurgence of interest in him Each volume is based upon a particular theme or issue each will relate aspects of Ford s work life and contacts to broader concerns of his time Ford is best known for his fiction especially The Good Soldier long considered a modernist masterpiece and Parade's End which Anthony Burgess described as the finest novel about the First World War and Samuel Hynes has called the greatest war novel ever written by an Englishman These works together with his trilogy The Fifth Queen about Henry VIII and Katharine Howard are centrally concerned with the idea of Englishness All these and other works across Ford's prolific oeuvre are studied here Critics of Edwardian and Modernist literature have been increasingly turning to Ford's brilliant 1905 experiment in Impressionism The Soul of London as an exemplary text His trilogy England and the English of which this forms the first part provides a central reference point for this volume which presents Ford as a key contributor to Edwardian debates about the Condition of England His complex ironic attitude to Englishness makes his approach stand out from contemporary anxieties about race and degeneration and anticipate the recent reconsideration of Englishness in response to post colonialism multiculturalism globalization devolution and the expansion and development of the European Community Ford's apprehension of the major social transformations of his age lets us read him as a precursor to cultural studies He considered mass culture and its relation to literary traditions decades before writers like George Orwell the Leavises or Raymond Williams The present book initiates a substantial reassessment to be continued in future volumes in the series of Ford's responses to these cultural transformations his contacts with other writers and his phases of activity as an editor working to transform modern literature From another point of view the essays here also develop the project established in earlier volumes of reappraising Ford's engagement with the city history and modernity Low Moderns Maria DiBattista, Lucy McDiarmid, 1996-12-05 This collection of essays on modernist culture reassesses the convergence of low and high cultures of socialist and aesthete late Victorian and young Georgian the popular and the coterie Academic literary studies have until recently preferred to treat the opaque difficult writings of high moderns Conrad Yeats

Woolf and Eliot and the more accessible work of the low moderns Kipling Shaw and Wells in separate categories In contributions by scholars David Bromwich Roy Foster Edna Longley Louis Menand Edward Mendelson and others High and Low Moderns brings these writers into critical proximity Essays on such topics as the public mourning of Queen Victoria Florence Farr and the New Woman the Edwardian Shaw Lady Gregory's attraction to Irish felons and the high artistic uses of low entertainments cinema detective fiction and journalism introduce a subtler model of modernism in which demotic and elite cultural forms criticize imitate and address one another The First World War in German Narrative Prose Charles N. Genno, Heinz Wetzel, 1980-12-15 This collection of eight essays in honour of the distinguished Canadian Germanist G W Field treats themes in German narrative prose of the First World War the pre war era and the earliest of the Weimar Republic The aim of the book is not to present a comprehensive study of the field but rather to shed new light on specific problems The essays are organized in the historical sequence of the events and situations to which they are related The topics include discussions of the concept of war as presented by Robert Musil in Der Mann hone Eigenschaften the treatment of war as a catalyst by the Expressionist writers Carl Sternheim and Leonhard Frank the preservation of values in the face of war as dealt in Hesse's Demian and an exploration of the effects of war on the individual and social values in the works of Salomo Friedl nder and Alfred D blin An essay on H G Well's Mr Britling Sees It Through helps to clarify the ways in which the reaction of German writers to the war may be viewed as specifically German by providing an outsider s point of view The final chapter a survey of the most recent literature on the topic shows how much World War I lives on in the minds of German writers as the great turning point in German political and cultural history The Conscription Controversy in Great Britain, 1900–18 R.J.Q. Adams, Philip P. Poirier, 1987-06-18 Dostoevsky and English Modernism 1900–1930 Peter Kaye, 1999-05-06 When Constance Garnett's translations 1910 20 made Dostoevsky's novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel Acts of Desire Sos Eltis, 2013-04-18 Acts of Desire is a study of theatrical depictions of illicit female sexuality from seduction and prostitution to bigamy and adultery from the beginning of the nineteenth century through to the 1930s Reading Fin de Siècle Fictions Lyn Pykett, 2014-07-21 The fin de si cle the period 1880 1914 long associated with decadence and with the literary movements of aestheticism and symbolism has received renewed critical interest recently The essays in this volume form a valuable introduction to fin de si

cle cultural studies and provide a commentary on important aspects of current critical debate and the place of culture in Making Sexual History Jeffrey Weeks, 2013-05-28 Jeffrey Weeks has established an international reputation as one of the most original and influential writers on the social history of sexuality Humphrey Jennings and British Documentary Film: A Re-assessment Philip C. Logan, 2016-05-13 Humphrey Jennings ranks amongst the greatest film makers of twentieth century Britain Although a relatively unknown figure to the wider public his war time documentaries are regarded by many including Lord Puttnam Lindsay Anderson and Mike Leigh as amongst the finest films of their time Groundbreaking both in terms of their technique and their interest in and respect for the everyday experiences of ordinary people these films are much more than mere government propaganda Instead Jennings work offers an unparalleled window into the British home front and the hopes fears and expectations of a nation fighting for its survival Yet until now Jennings has remained a shadowy figure with his life and work lacking the sustained scholarly investigation and reassessment they deserve As such film and social historians will welcome this new book which provides an up to date and thorough exploration of the relationships between Jennings life ideas and films Arguing that Jennings s film output can be viewed as part of a coherent intellectual exercise rather than just one aspect of the artistic interests of a wide ranging intellectual Philip Logan paints a much fuller and more convincing picture of the man than has previously been possible He shows for the first time exactly how Jennings s artistic expression was influenced by the fundamental intellectual social and cultural changes that shook British society during the first decades of the twentieth century Combining biography social history and international artistic thought the book offers a fascinating insight into Jennings his work the wider British documentary film movement and the interaction between art and propaganda Bringing together assessments of his tragically short life and his films this book is essential reading for anyone with an interest in British cinema or the social history of Britain in the 1930s and 40s

Fragmenting modernism Sara Haslam, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Fragmenting modernism is about Ford Madox Ford a hero of the modernist literary revolution Ford is a fascinating and fundamental figure of the time not only because as a friend and critic of Ezra Pound and Joseph Conrad editor of the English Review and author of The Good Soldier he shaped the development of literary modernism But as the grandson of Ford Madox Brown and son of a German music critic he also manifested formative links with mainland European culture and the visual arts In Ford there is the chance to explore continuity in artistic life at the turn of the century as well as the more commonly identified pattern of crisis in the time The argument throughout is that modernism possesses more than one face Setting Ford in his cultural and historical context the opening chapter debates the concept of fragmentation in modernism later chapters discuss the notion of the personal narrative and war writing Ford's literary technique is studied comparatively and plot summaries of his major books The Good Soldier and Parade's End are provided as is a brief biography Fragmenting Modernism will be useful for anyone studying the literature of the early twentieth

century impressionism or modernism in general terms as well as for those who seek to investigate in detail one of the great polymorphous figures of the time **Voque for Russia** Caroline Maclean, 2015-01-20 Explores the influence of Russian aesthetics on British modernistsIn what ways was the British fascination with Russian arts politics and people linked to a renewed interest in the unseen How did ideas of Russianness and the Russian soul prompted by the arrival of the Ballets Russes and the rise of revolutionary ideals attach themselves to the existing British fashion for theosophy vitalism and occultism In answering these questions this study is the first to explore the overlap between Slavophilia and mysticism between 1900 and 1930 in Britain The main Russian characters that emerge are Fedor Dostoevsky Boris Anrep Vasily Kandinsky Petr Ouspensky and Sergei Eisenstein The British modernists include Roger Fry Virginia Woolf Mary Butts John Middleton Murry Michael Sadleir and Katherine Mansfield Key Features Draws on unpublished archive material as well as on periodicals exhibition catalogues reviews diaries fiction and the visual artsAddresses the omission in modernist studies of the importance of Russian aesthetics and Russian discourses of the occult to British modernismChallenges the dominant Western European and transatlantic focus in modernist studies and provides an original contribution to our understanding of new global modernismsCombines literary studies with aesthetics modernist history the history of modern esotericism film history periodical studies and science studies The Peculiar Sanity of War Celia Malone Kingsbury, 2002 During wartime paranoia gossip and rumor become accepted forms of behavior and dominant literary tropes The Peculiar Sanity of War examines the impact of war hysteria on definitions of sanity and on standards of behavior during World War I Drawing upon Joseph Conrad s comprehensive understanding of war s impact on soldiers and civilians alike and extending Michel Foucault s construction of madness and reason Kingsbury expands the definition of war neurosis to include peculiar sanity at home as well as on the front lines While other investigations of World War I consider shell shock to be the only definable war madness Kingsbury is the first to build a powerful argument around the insanity of the home front s vilification of the enemy Ultimately Kingsbury s study establishes peculiar sanity among civilians and soldiers as an inevitable response to war s madness The Peculiar Sanity of War begins by locating the roots of war mania in Edwardian hypocrisy then moves on to examine the way propaganda operates in nontraditional texts such as housekeeping guides and in the novels of Joseph Conrad Ford Madox Ford H G Wells Rebecca West Edith Wharton Willa Cather Rudyard Kipling Virginia Woolf and H D Celia Kingsbury s eloquent and moving book brings together war and madness in unexpected ways Beginning with a phrase from Joseph Conrad she diagnoses the condition of a culture gone awry a peculiar sanity from Laurence Davies s foreword The First World War as a Clash of Cultures Frederick George Thomas Bridgham, 2006 Contains essays examining the perceived tensions between British and German cultural traditions and beliefs before 1914 and how popular literature public debate cultural distinction and war time propaganda determined historical political and military events leading to war **Public Indecency in England 1857-1960** David Cox, Kim Stevenson, Candida Harris, Judith Rowbotham, 2015-06-12 Throughout the nineteenth century and twentieth

century various attempts were made to define and control problematic behaviour in public by legal and legislative means through the use of a somewhat nebulous concept of indecency Remarkably however public indecency remains a much under researched aspect of English legal social and criminal justice history Covering a period of just over a century from 1857 the date of the passing of the first Obscene Publications Act to 1960 the date of the famous trial of Penguin Books over their publication of Lady Chatterley's Lover following the introduction of a new Obscene Publications Act in the previous year Public Indecency in England investigates the social and cultural obsession with various forms of indecency and how public perceptions of different types of indecent behaviour led to legal definitions of such behaviour in both common law and statute This truly interdisciplinary book utilises socio legal historical and criminological research to discuss the practical response of both the police and the judiciary to those caught engaging in public indecency as well as to highlight the increasing problems faced by moralists during a period of unprecedented technological developments in the fields of visual and aural mass entertainment It is written in a lively and approachable style and as such is of interest to academics and students engaged in the study of deviance law criminology sociology criminal justice socio legal studies and history It will also be of interest to the Architects of the Self Calvin Bedient, 2023-11-15 In the post Jane Austen era George Eliot D H Lawrence general reader and E M Forster uniquely probe the evolving nature of selfhood each contributing to a broader dialogue on what it means to be fully human Eliot embodies the Victorian commitment to duty and moral conscience where restraint and selflessness form the highest ideals In stark contrast Lawrence celebrates instinctual vitality emphasizing the authenticity found in embracing bodily desires as a form of spiritual truth Forster positioned between these two extremes advocates a balanced integration of mind and flesh famously urging that we only connect Together these writers represent key perspectives in a shifting era where traditional Christian values gave way to modern self assertion reflecting a spectrum of approaches to identity amid the disintegration of Victorian norms These authors capture the post Christian struggle to redefine human ideals resonating with Nietzsche s individualism and pushing back against Victorian rigidity Eliot Lawrence and Forster each envision a path toward wholeness that reflects the era s rethinking of moral and social values Eliot s structured conscience Lawrence s fervent embrace of natural vitality and Forster's pursuit of harmonious connection reveal the tensions of the human experience between duty and desire spiritual and physical selflessness and fulfillment In their distinct yet complementary ways they mark a cultural and literary transition showing the self as a complex site of conflict and potential redefining what it means to live fully and meaningfully in a rapidly changing world This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972 Conrad Daniel R. Hammond,2017-05-15 Between 1880 and 1914 England saw the emergence of an unprecedented range of new literary forms from Modernism to the popular thriller Not coincidentally this period also marked the first overt references to an art market divide through which books took on new significance as markers of taste and class Though this division has received considerable attention relative to the narrative structures of the period s texts little attention has been paid to the institutions and ideologies that largely determined a text s accessibility and circulated format and thus its mode of address to specific readerships Hammond addresses this gap in scholarship asking the following key questions How did publishing and distribution practices influence reader choice Who decided whether or not a book was a classic In a patriarchal class bound literary field how were the symbolic positions of author and reader affected by the increasing numbers of women who not only bought and borrowed but also wrote novels Using hitherto unexamined archive material and focussing in detail on the working practices of publishers and distributors such as Oxford University Press and W H Smith and Sons Hammond combines the methodologies of sociology literary studies and book history to make an original and important contribution to our understanding of the cultural dynamics and rhetorics of the fin de si cle literary field in England
