their friend Doc who has been good to them without asking for reward Mack hits on the idea that they should throw a thank you party and the entire community quickly becomes involved Unfortunately the party rages out of control and Doc's lab and home are ruined and so is Doc's mood In an effort to return to Doc's good graces Mack and the boys decide to throw another party but make it work this time A procession of linked vignettes describes the denizens' lives on Cannery Row These constitute subplots that unfold concurrently with the main plot Steinbeck revisited these characters and this milieu nine years later in his novel Sweet Thursday
