Dr. Akinniyi Savage,2010-05-25 The purpose of this book Local Government in Western Nigeria Abeokuta 1830 1952 A case study of exemplary institutional change is to delineate the democratization process of governmental institutions in the city of Abeokuta western Nigeria during the 1940s and 1950s The Egba at Abeokuta were chosen because they are an important ethnicity within the Yoruba the then third most populous ethnic group in Nigeria The period from 1939 to 1952 marks the time when western Nigeria was ruled via the native administration system the local governmental structure instituted by the British However the historiography of the Egba is elongated to include the formation of Abeokuta in 1830 By 1952 government was nominally extended to every constituency in Abeokuta This presaged the comprehensive democratization movement in Nigeria *How Colonialism Preempted Modernity in Africa* Olúfemi Táíwò,2010-01-11 Why hasn t Africa been able to respond to the challenges of modernity and globalization Going against the conventional wisdom that colonialism brought modernity to Africa Ol f mi T w claims that Africa was already becoming modern and that colonialism was an unfinished project Africans aspired to liberal democracy and the rule of law but colonial officials aborted those efforts when they established indirect rule in the service of the European powers T w looks closely at modern institutions such as church missionary societies to recognize African agency and the impulse toward progress He insists that Africa can get back on track and advocates a renewed engagement with modernity Immigration capitalism democracy and globalization if done right this time can be tools that shape a positive future for Africa **The Lagos Consulate 1851 - 1861** Robert S. Smith,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1979 **The War System** Richard Falk,Samuel S Kim,2019-08-15 An interdisciplinary study of this nature and scope reflects contributions of

many scholars in diverse disciplines and fields concerned with human conflict behavior in general and with human war prone behavior in particular. They are too numerous to enumerate here. Still our deep gratitude goes to those scholars whose writings have been incorporated in this volume as sample representatives of what their particular disciplines can contribute to the study of war.

Culture, Politics, and Money Among the Yoruba Akanmu Adebayo, 2018-02-06 This masterful book investigates and analyzes several aspects of money among the Yoruba of Nigeria. Falola and Adebayo explore the origin philosophy uses politics and problems of acquiring and spending money in Yoruba culture. No prior book exists on this aspect of a major ethnic group in Africa with established connections with the black Diaspora in North America and the Caribbean. Conceived so that each chapter may be read individually, the volume is divided into three parts. Part 1 Money and Its Uses focuses on the transition from barter to cowry currency, the idealistic and pragmatic views of money, the impact of monetization on social stratification, accumulation among members of the elite and the development of savings banking and credit institutions. Part 2 Money and Its Problems investigates the social, political and cultural problems of money including money lending, theft, counterfeiting and corruption. Part 3 Money and Oil Economy assesses the impact of the oil industry on the Nigerian state and examines both the positive and negative effects of oil money on Yoruba economy, society and spending. Concluding chapters detail efforts to arrest the crisis that followed the economic slump after the oil boom and led to the adoption of the Structural Adjustment Program and also evaluate the effects of currency devaluation on personal and communal responsibilities and social payment.

Culture, Politics, and Money Among the Yoruba is timely in view of ongoing political and economic changes in Africa. It will be of interest to economists, sociologists and African studies specialists.

Book jacket *Black Experience and the Empire* Philip D. Morgan, Sean Hawkins, 2004-05-27 This work explores the lives of people of sub-Saharan Africa and their descendants, how they were shaped by empire and how they in turn influenced the empire in everything from material goods to cultural style. The black experience varied greatly across space and over time. Accordingly, thirteen substantive essays and a scene setting introduction range from West Africa in the sixteenth century through the history of the slave trade and slavery down to the 1830s to nineteenth and twentieth century participation of blacks in the empire as workers, soldiers, members of colonial elites, intellectuals, athletes and musicians. No people were more uprooted and dislocated or travelled more within the empire or created more of a trans-imperial culture. In the crucible of the British empire, blacks invented cultural mixes that were precursors to our modern selves: hybrid, fluid, ambiguous and constantly in motion.

SERIES DESCRIPTION The purpose of the five volumes of the Oxford History of the British Empire was to provide a comprehensive

study of the Empire from its beginning to end the meaning of British imperialism for the ruled as well as the rulers and the significance of the British Empire as a theme in world history The volumes in the Companion Series carry forward this purpose by exploring themes that were not possible to cover adequately in the main series and to provide fresh interpretations of significant topics

Slavery and the Birth of an African City Kristin Mann, 2007-09-26 As the slave trade entered its last illegal phase in the 19th century the town of Lagos on West Africa's Bight of Benin became one of the most important port cities north of the equator Slavery and the Birth of an African City explores the reasons for Lagos's sudden rise to power By linking the histories of international slave markets to those of the regional suppliers and slave traders Kristin Mann shows how the African slave trade forever altered the destiny of the tiny kingdom of Lagos This magisterial work uncovers the relationship between African slavery and the growth of one of Africa's most vibrant cities

The Krio of West Africa Gibril R. Cole, 2013-09-15 Sierra Leone's unique history especially in the development and consolidation of British colonialism in West Africa has made it an important site of historical investigation since the 1950s Much of the scholarship produced in subsequent decades has focused on the Krio descendants of freed slaves from the West Indies North America England and other areas of West Africa who settled Freetown beginning in the late eighteenth century Two foundational and enduring assumptions have characterized this historiography the concepts of Creole and Krio are virtually interchangeable and the community to which these terms apply was and is largely self-contained Christian and English in worldview In a bold challenge to the long-standing historiography on Sierra Leone Gibril Cole carefully disentangles Krio from Creole revealing the diversity and permeability of a community that included many who in fact were not Christian In Cole's persuasive and engaging analysis Muslim settlers take center stage as critical actors in the dynamic growth of Freetown's Krio society The Krio of West Africa represents the results of some of the first sustained historical research to be undertaken since the end of Sierra Leone's brutal civil war It speaks clearly and powerfully not only to those with an interest in the specific history of Sierra Leone but to histories of Islam in West Africa the British empire the Black Atlantic the Yoruban diaspora and the slave trade and its aftermath
