Political Violence in Egypt 1910-1925 Malak Badrawi, 2014-01-21 The murder of the Prime Minister Butrus Ghali in February 1910 was the first incident of its kind to take place in Egypt for over a century and it reflected the mood of Egypt's youth at the time It also set a precedent as some of the more extreme elements of the population henceforth came to regard assassination as the only way to rid the country of those who were regarded as traitors and as the most potent expression of political dissatisfaction and dissent This study is an account of the circumstances that led to the violence and an attempt to understand the mood and motives that provoked it Political Violence in Egypt, 1910-1924 Malak Badrawi, 2000 Focusing on the prolonged period of political violence in Egypt during 1910-1925 this text analyses the circumstances that led to the violence and examines the moods and motives that provoked it **Europe Since 1815** Charles Downer Hazen, 1910

Egypt James Whidden,2013-09-27 The creation of the Egyptian monarchy in 1922 under King Fuad II opened contests and debates over fundamental cultural questions particularly definitions of Egyptian modernity rule and identity Here James Whidden looks at the political cultural and intellectual landscapes of Egypt between the wars from the nationalist agitations for independence in 1919 the rise of the Wafd first under Saad Zaghlul and then Mustafa El Nahas Pasha and the rise and fall of different political and power brokers in the period such as Abd al Latif al Makkabati or Abd al Khaliq Tharwa Whidden therefore focuses on the different interpretations of the nature of Egyptian politics highlighting the ways in which patriotism and elitism Islam and tradition colonial manipulations and ideological politics combine In particular he examines how monarchists like Zaki Fahmi and Diaeddine Saleh attempted to neutralise opponents through cultural works patronage and political party contests The period under examination was to a large extent defined by the revolution of 1919 and the constitutional and electoral processes that followed The sectors of society involved in this were the effendiyya and the notables such as Zaghlul But these were soon dominated by the monarch as the Wafd party allied with the king Bearing this in mind Whidden examines how these notables attempts to mobilise the people in revolutionary activity electoral contest and the formation of political party organization in this period Although a liberal constitution was written by an appointed constitutional commission in 1923 Whidden argues that the disagreements it occasioned suggest that politics in the interwar period was very much an attempt to redefine or rewrite that constitution to the differing assumptions of liberal nationalists and monarchists Monarchy and Modernity in Egypt is thus a vital resource for those interested in Middle East history as well as intellectual developments within the region **Journal of the African Society** African Society,1907 *Africana* Tenri Toshokan,1960 *British Policy and the Nationalist Movement in Egypt, 1914-1924* Majid Salman Hussain,2020-08-10 No detailed description available for British Policy and the Nationalist Movement in Egypt 1914 1924 **Seven Amazing Days in the Life of Eze A.
