Egypt Internal Challenges And Regional Stability:

Egypt Lillian C Harris, 2005-06-22 Kassem provides a concise and accessible introduction to Egypt including chapters on domestic politics foreign policy economy and state formation It will be of interest to anyone studying Egypt from a social science perspective

Economic Crisis And The Politics Of Reform In Egypt Ray Bush, 2019-04-10 This book examines the character and consequences of Egypt's economic reform and structural adjustment programme of 1991 along with the second stage of reforms in 1996 It contributes to the debates underpinning the political economy of economic reform and agricultural reform

Directions of Change in Rural Egypt Nicholas S. Hopkins, 2001-04-01 This volume based on recent fieldwork by distinguished specialists includes information on the changing economic situation in the countryside particularly after the owners and tenants law of 1992 Along with the effects of structural adjustment on agriculture marketing and rural life several chapters address the declining trend of rural Egyptians to emigrate Other chapters examine changes in consumption patterns and health various rural social processes and the new lands being reclaimed in Egypt's desert areas representations of the rural population in the media and in statistics and their own changing self image What emerges is a picture of a rural Egypt that is full of life dramatically evolving and treading a delicate line between progress and impoverishment Although nothing is typical of rural Egypt these papers provide a revealing account of the struggles and rewards that characterize the Egyptian countryside today

The Politics of Egypt Ninette S. Fahmy, 2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres

Culture and Customs of Egypt Molefi K. Asante Ph.D., 2002-09-30 Modern Egypt blends African history and geography with Arab culture and religion With its position at the crossroads of Africa its status as a major Islamic nation and continuing interest in its ancient monuments Egypt makes for fascinating study This volume provides an accessible up to date overview of a society that greatly evolved yet retains traces of attitudes and behaviors from the days of

the Pharaohs This volume s insights into everyday life sociopolitical structures and cultural institutions transcend ordinary guide books Asante a noted Africanist authoritatively presents the richness of Egypt from the Nile to the Nubian influence to Cairo congestion and carpet schools Chapters describe the land people history education tourism religion art and architecture food social customs and lifestyles literature media cinema and performing arts A chronology glossary and numerous photos enhance the text *Egypt And The Arabs* Joseph P Lorenz,2021-11-28 As the Arab states come to grips with new realities in the Middle East the shifts in political and economic power in the region the growing ascendancy of fundamentalist Islam over Nationalist and pan Arab ideologies of the past and the changing dynamics of the Palestinian problem the course that Mubarak charts for Egypt has become a factor of key importance In this book a career Foreign Service officer examines the changes that are taking place in Egyptian attitudes and policies toward the Arab world from three perspectives the ways in which Egypt pursued its regional interests under Nasser and Sadat the policy constraints imposed by political economic and social forces within Egypt and the dynamics of Egyptian Arab relations since the October War *Islamic Fundamentalism in Egyptian Politics* NA NA,2016-04-30 Among Egyptian fundamentalist groups one of the most important ideological debates has been whether the Egyptian regime or the West should be the primary target of action This classic work is updated to analyze how internal debates coupled with the government s defeat of the insurgency through violence and cooptation led many Egyptian radical fundamentalists to join Usama bin Ladin and focus on attacking America It includes excerpts and an analysis of the writings of Ayman al Zawahiri a veteran leader of the Egyptian movement who became Usama bin Ladin s right hand man and helped plan the September 11 2001 attacks on the United States **Nuclear Weapons Proliferation in the Next Decade** Peter Lavoy,2020-09-23 The intensification of the Iranian and North Korean nuclear crises has created new fears that deteriorating security conditions in the Middle East Northeast Asia and other regions will lead additional countries to seek their own nuclear arsenals in the years to come This special issue examines the factors that are likely to shape nuclear weapons proliferation over the next decade The internationally recognized authors of this issue many of whom are prominent scholars and others of whom have held influential governmental positions with responsibility for countering nuclear proliferation bring to light the conditions and events that might drive new countries to pursue nuclear weapons the indicators and cautionary signs that can provide early warning that a country is interested in building nuclear bombs and the policy and military measures that can be adopted to prevent or at least dissuade new proliferators The introductory chapter develops a novel analytical approach focusing on the role of nuclear myths and mythmakers and the subsequent chapters draw on this approach to help analysts better understand and policy makers better manage nuclear proliferation over the next ten years *The Middle East* William B. Quandt,2010-12-01 Within the Middle East the Camp David Accords are the subject of great debate Many in the Arab world and even some in Israel regard them with hostility Others especially in the United States see in the Camp David formula the only hope for successful resolution of

the Arab Israeli conflict and lavish praise on the accords But the broad impact of the accords on the Middle East and on the prospects for peace has never been fully analyzed by Middle Eastern or American specialists This new work published to mark the tenth anniversary of the accords offers the comprehensive assessment necessary to discuss the next steps in the Middle East peace process Now more than ever Americans need to understand how the Camp David Accords affected the entire Middle East region not just Egypt and Israel to deal with the complexities of future peace efforts The authors provide an analytical basis for understanding the intricate links among domestic political forces regional politics and superpower policies as elements in the Arab Israel peace process By examining the past the authors also show how to clarify choices that may confront Israelis and Arabs as they continue to work toward a settlement of their longstanding dispute *The Suez Canal: Past Lessons and Future Challenges* Carmela Lutmar,Ziv Rubinovitz,2023-01-05 This open access book seeks to provide a survey of historical geopolitical economic and environmental developments in the last 150 years and to highlight future challenges it faces as it pertains to the areas mentioned earlier It argues that the centrality of the canal geo strategically and otherwise requires a shift in scholarly focus to study the various aspects from an interdisciplinary perspective This book addresses several gaps in the literature the first being a lack of a systematic examination of historical aspects in the development of the canal in 150 years The second is a careful study of the canal s geostrategic importance The third is a combination of several disciplines that examine the centrality of the Suez Canal Over-stating the Arab State Nazih N. Ayubi,1996-12-31 The author s objective within this book is to place the Arab world within a theoretical and comparative framework that avoids both orientalist and fundamentalist insistence on the utter peculiarity and uniqueness of the region The book focuses in detail on eight Arab countries **Regional Guide to International Conflict and Management from 1945 to 2003** Jacob Bercovitch,Judith Fretter,2004-11-23 Regional Guide to International Conflict Management from 1945 to 2003 provides global regional and specific information on the over 350 international conflicts that have occurred since World War II At the heart of the book are comprehensive regional sections each of which includes An essay providing regional context and highlighting the interrelation of countries and conflict in that area Summaries of each conflict in the region arranged chronologically and covering history circumstances players management and outcome References for further research Introductory chapters examine global patterns and trends in international conflict and how conflict is managed including ethnic conflict and the expanded role of the United Nations Tables figures maps and a comprehensive index round out this valuable resource Regional Guide to International Conflict and Management from 1945 to 2003 gives readers the tools and content necessary for understanding and analyzing international conflict in today s world Perfect for political science comparative government politics international relations and world history programs

Nonproliferation Norms Maria Rost Rublee,2010-01-25 Too often our focus on the relative handful of countries with nuclear weapons keeps us from asking an important question Why do so many more states not have such weapons More

important what can we learn from these examples of nuclear restraint Maria Rost Rublee argues that in addition to understanding a state's security environment we must appreciate the social forces that influence how states conceptualize the value of nuclear weapons Much of what Rublee says also applies to other weapons of mass destruction as well as national security decision making in general The nuclear nonproliferation movement has created an international social environment that exerts a variety of normative pressures on how state elites and policymakers think about nuclear weapons Within a social psychology framework Rublee examines decision making about nuclear weapons in five case studies Japan Egypt Libya Sweden and Germany In each case Rublee considers the extent to which nuclear forbearance resulted from persuasion genuine transformation of preferences social conformity the desire to maximize social benefits and or minimize social costs without a change in underlying preferences or identification the desire or habit of following the actions of an important other The book offers bold policy prescriptions based on a sharpened knowledge of the many ways we transmit and process nonproliferation norms The social mechanisms that encourage nonproliferation and the regime that created them must be preserved and strengthened Rublee argues for without them states that have exercised nuclear restraint may rethink their choices

The Middle East, 1989 *The Muslim Brothers in Pursuit of Legitimacy* Hesham Al-Awadi, 2014-09-16 Following the 25th January revolution the Muslim Brotherhood emerged as the most organised and successful political force in Egypt as they cashed in on decades of grassroots mobilisation and growth Through dominance in syndicates and unions the provision of social services and participation in elections this the Brotherhood steadily expanded under Mubarak Hesham Al Awadi's lucid and original argument frames this period as one of struggle over legitimacy between the regime and this then banned organisation charting a cycle of accommodation and coercion The Brotherhood failed to secure the recognition of the state but gained an informal legitimacy as it occupied the spaces opened up by Mubarak in an early attempt to shore up the credibility of his regime This social legitimacy became a threat to the regime haunted by the regional rise of Islamists and a failure to legitimate its leadership and ushered in an era of coercion Through these complex dynamics of the conflict and control and drawing on interviews with key figures such as Abdul Mun em Abu Al Futuh Esam Al Aryan and Mustafa Al Fiqi Al Awadi sheds light on the Mubarak era and the Muslim Brotherhood that have risen out of it

Political Islam Nazih Ayubi, 2003-09-02 Studying six Islamic states in detail Ayubi encompasses innovative material on sex and the family and on the emerging alternative economic and social networks of Islamic banks schools and hospitals in those states

Historical Dictionary of Arab and Islamic Organizations Frank Clements, 2001 Unity is an often heard word in Arab and Islamic circles This historical dictionary seeks to show that along with the underlying sources of unity there are also sources of division in these groups Unlike other volumes in this series this volume focuses not only on the organizations but also on the key countries and figures of the region Includes o An explanatory introduction o List of Acronyms o Chronology o Bibliography

From Rabin to Netanyahu Efraim Karsh, 2013-11-05 Benjamin Netanyahu's 1996 election victory marked a major

turnaround in his fortunes for only a few months earlier his political career had seemed finished This book examines what his victory means both domestically and internationally *Index of Islamic Literature* ,1988 *The Nile Development Game* Mina Michel Samaa,2018-12-30 This book introduces an analytic framework constructed upon the iterated Prisoners Dilemma game to model and analyze transboundary water interactions along the Nile River It presents a thorough and in depth analysis of the historical path through which conflict and cooperation have been generated among the Nile riparians over large scale developmental schemes This is done through modeling water interactions in the basin as an iterated Prisoners Dilemma game and employing process tracing method to compare four distinguishable rounds of the game the colonial round the Cold War round the post Cold War round and the post 2011 round The book examines the influences of the changing political contexts at the domestic regional and global levels on the game outcomes This framework is initially applied on several cases of international rivers worldwide while the rest of the book is devoted to the Nile case The book s central argument is that the riparians interests capabilities and beliefs are heterogeneous in varying degrees and that the changing multilevel political contexts influence the level of such heterogeneities among the riparians which ultimately drive the equilibrium dynamics in the Nile game to generate different conflictive and cooperative outcomes over time Although the book s main conclusion indicates that the absence of economic interdependence and regional integration will transfer the game into tug of war which will impose harsh punishment on the basin communities and ecosystems on the long term the final chapter lists a group of recommendations addressed to the riparian states and international donors exploring the way for boosting cooperation and preventing conflicts in the basin Presenting clear theoretical methodological and policy implications this book is appropriate for students and scholars of international relations hydrology and development studies
