art and architecture of ancient cities commissioned by their monarchs expressing their relationship with their gods show us that religiosity was inherent to such enterprises. It also demonstrates that what transpired from the first cities in history to Byzantine Christendom is the gradual replacement of the pagan ruler cult which was inherent to city building in antiquity with the ruler becoming subordinate to Christ exemplified by representations of the latter as the Master of All Pantokrator. Beginning in Mesopotamia the book continues with an analysis of city building by rulers in Egypt, Greece and Rome before addressing Judaism specifically the city of Jerusalem and Christianity as shifting the emphasis away from pagan gods and rulers to monotheistic perceptions of God as elevated above worldly kings. It concludes with an assessment of Christian Rome and Constantinople as typifying the evolution from the ancient and classical world to Christendom.

Egyptian Tales and Romances (Routledge Revivals) E. A. Budge, 2013-10-14 Sir E. A. Wallis Budge 1857-1934 was Keeper of the British Museum's department of oriental antiquities from 1894 until his retirement in 1924. Carrying out many missions to Egypt in search of ancient objects, Budge was hugely successful in collecting papyri, statues and other artefacts for the trustees of the British Museum, numbering into the thousands and of great cultural and historical significance. Budge published well over 100 monographs which shaped the development of future scholarship and are still of great academic value today, dealing with subjects such as Egyptian religion, history and literature. First published in 1931, *Egyptian Tales and Romances* examines the historical and religious romances of the Egyptians from the early dynastic period to the twentieth century. Budge demonstrates Egypt's transition from Paganism to Christianity and finally to Islam through tales and stories carefully transcribed and translated. Part I contains historical romances written on papyrus and stone, whilst parts II and III are derived largely from Coptic and Muslim manuscript sources. Including detailed illustrations and photographs, this fascinating classic work will be of interest to academics and students of Egyptian folklore, archaeology and history, as well as the general inquisitive reader.

Ancient Egyptian Roots of Christianity, Expanded 2nd Edition Moustafa Gadalla, 2016-12-02 Egyptian roots of Christianity both historically and spiritually. This book reveals the Ancient Egyptian roots of Christianity both historically and spiritually. This Expanded Version of the book consists of three parts to coincide with the terms of the Trinity. The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent characters. The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen. The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin, such as the essence of the teachings, message, the creation of the universe and man according to the Book of Genesis, as well as the religious holidays. The very thing that is now called the Christian religion was already in existence in Ancient Egypt long before the adoption of the New Testament. The British Egyptologist Sir E. A. Wallis Budge wrote in his book *The Gods of the Egyptians* (1969) that the new religion, Christianity, which was preached there by St Mark and his immediate followers, in all essentials so closely resembled that which was the outcome of the worship of Osiris, Isis and Horus. The

similarities noted by Budge and everyone who has compared the Egyptian Osiris Isis Horus allegory to the Gospel story are striking Both accounts are practically the same e g the supernatural conception the divine birth the struggles against the enemy in the wilderness and the resurrection from the dead to eternal life The main difference between the two versions is that the Gospel tale is considered historical and the Osiris Isis Horus cycle is an allegory The spiritual message of the Ancient Egyptian Osiris Isis Horus allegory and the Christian revelation is exactly the same The British scholar A N Wilson pointed out in his book Jesus The Jesus of History and the Christ of Faith are two separate beings with very different stories It is difficult enough to reconstruct the first and in the attempt we are likely to do irreparable harm to the second This book will demonstrate that the Jesus of History the Jesus of Faith and the tenets of Christianity are all Ancient Egyptian This will be done without causing any irreparable harm as per A N Wilson s concern for two main reasons Firstly the truth must be told Secondly explaining Christian tenets via their original Ancient Egyptian contexts will enhance the idealism of Christianity This Expanded Version of the book consists of three parts to coincide with the terms of trinity the Three that are Two that are One The first part demonstrates that the major biblical ancestors of the biblical Jesus are all Ancient Egyptian prominent individuals The second part demonstrates that the accounts of the historical Jesus are based entirely on the life and death of the Egyptian Pharaoh Twt Tut Ankh Amen The third part demonstrates that the Jesus of Faith and the Christian tenets are all Egyptian in origin such as the essence of the teachings message the creation of the universe and man according to the Book of Genesis as well as the religious holidays There is an undeniable irony and a profound deep undeniable truth in Hosea s prophetic saying Out of Egypt have I called my Son A deep irony indeed Let us open our minds and review the available evidence For the truth is a composite of different and complementary pieces of a puzzle Let us put the pieces in the right location time and order

My book titled Alzheimer's Unmasked is the culmination of over 7 years of self funded full time research that started in 1998 The initial goal was to identify what causes the neurodegenerative disease known as Alzheimer's dementia What advances this disease from mild cognitive impairment to moderate cognitive impairment and finally to the end stage of severe cognitive impairment which terminates in death Alzheimer's dementia completely destroyed my mother's cognitive functions over a 10 year period of time She died in May of 1999 My research was unproductive until this disease started to affect me Using a 3 year process of elimination diet and testing on myself I was able to isolate what caused my Cognitive impairment It took a couple more years of research before I was able to understand the mechanisms involved Trace minerals by themselves will not reverse Alzheimer's but I have found that by using them in conjunction with a restricted diet that removes certain chemicals in the foods I eat I have completely restored my cognitive functions back to normal If you are looking for answers as to what causes this Alzheimer's disease and what to do about it you will want to read Alzheimer's Unmasked
