Illusion Of Progress in the Arab World Galal Amin,2006-04-01 With the razor pen and keen intellect that have won him numerous loyal readers for his previous books Egyptian economist Galal Amin here takes on the terms of the debate between the Arab world and the west Amin deconstructs in his own inimitable style the language and underlying assumptions with which the west habitually assails Arab countries and politics He applies his sharp wit and powers of observation to notions of freedom democracy human rights terrorism of course and more all of which fare the worse for falling under his gaze In Amin s view the western concepts of progress and backwardness as they apply to the Arab world are wrong headed and continuing to deploy them as theoretical tools leads into all sorts of blind alleys True to form Amin s analysis is laced with scholarly research much humanity and sly subtle humor His critique of the much discussed UNDP Arab Human Development Report represents a welcome and reasoned Arab reply to this document that has been too frequently used as a cudgel to bash the Arab world Accompanied by the gently humorous illustrations of Samir Abd al Ghani The Illusion of Progress in the Arab World is a deftly argued critique of the way Arab societies are judged by the west

THE EVOLUTION OF THE GOD ILLUSION Ir. Jim K K Wong,2012-06-16 As one may have read Cicero in The Nature Of The Gods ancient people were vivid observers of the sky and the celestial bodies because of their livelihood they were mostly engaged in agriculture and animal husbandry The cycles of nature and seasons were the most important factors affecting farming civilizations The brilliant stars Jupiter Saturn Venus and the zodiac were also objects of great interest These heavenly bodies were regarded as deities even by learned philosophers Cicero and Socrates had a field day demolishing these strongly held prevailing ideas One popular god illusion of the West and Middle East began with patriarch Abraham who was an astronomer from Mesopotamia He studied Jupiter avidly and could predict its behavior which he used it to his advantage in his migration to the Fertile Crescent and in his encounters with hostile inhabitants Abraham had the delusion that Jupiter Yahweh was a deity who could be depended to assist him in troubled times The Yahweh Delusion was

passed down from Abraham to son Isaac and grandson Jacob Jacob's 12 sons migrated to Egypt multiplied and eventually became slaves Moses a pariah Egyptian prince became the rebel leader of the Hebrew slaves when he discovered his roots At the opportune moment c 1450 BCE Venus erupted from unstable fast spinning Red Giant Jupiter and shot into the inner solar system like a billiard ball along a highly elliptical orbit It had several close encounters with Earth Moon and Mars and created stunning phenomena or miracles such as the much exaggerated Ten Plagues parting of the Red Sea the rain of manna apparent stopping of the Earth's rotation and even the destruction of the mighty army of Sennacherib near Jerusalem Moses and his successors apparently knew and could predict more or less unusual celestial phenomena and attributed them to a tribal deity Yahweh who was connected with their deliverance and survival Every successful prediction or expectation resulted in augmenting the god illusion The god illusion evolved through stupendous sagas cross fertilized by neighbors and reformers roughly from 1500 BCE to 500 BCE However the Hebrews had a confused idea of this savior deity and its feminine aspects such as the Celestial Cow giving manna milk In the evolutionary process Yahwist patriarchs literally wrote off the influential Goddess and made Yahweh a lone male god of Judaism and Christianity The underlying motive developing this god illusion is Moses and Israel's covetousness of the fertile Holy Land Moses needed a justification to commit genocide to rob loot destroy and drive out people inhabiting the land of milk and honey The justification is a tribal god of Israelites who gives mandate to his chosen race to rob and steal the Promise Land from evil worshippers of false gods The underlying theory for this god illusion evolution hypothesis is based on Immanuel Velikovsky's bestseller of the 1950s Worlds in Collision This hypothesis met fierce opposition in academia and Establishment Science The AAAS Symposium 1974 was convened to address the serious challenge Here the author produces abstracts from various experts in various disciplines of sciences and arts to counter objections to the underlying theory The god illusion presented here is my own interpretation of the psychological impacts and aspects of these astounding celestial phenomena I am using appropriate knowledge in several disciplines to support my thesis such as radiation chemistry upper atmosphere chemistry and behavioral science My training as a stock analyst to read the underlying environment enables me to read in between the lines to speculate and connect the gaps and dots together and present a satisfying version of the god illusion

The Egyptian Revolution of 1919 H.A. Hellyer, Robert Springborg, 2022-08-11 The 1919 Egyptian revolution was the founding event for modern Egypt's nation state So far there has been no text that looks at the causes consequences and legacies of the 1919 Egyptian Revolution This book addresses that gap with Egyptian and non Egyptian scholars discussing a range of topics that link back to that crucial event in Egyptian history Across nine chapters the book analyzes the causes and course of the 1919 revolution its impacts on subsequent political beliefs practices and institutions and its continuing legacy as a means of regime legitimation The chapters reveal that the 1919 Egyptian Revolution divided the British while uniting Egyptians However the revolutionary moment was superseded by efforts to restore Britain's influence in league with a reassertion of monarchical authority Those

efforts enjoyed tactical but not long term strategic success in part because the 1919 revolution had unleashed nationalist forces that could never again be completely contained The book covers key issues surrounding the 1919 Egyptian Revolution such as the role played by Lord Allenby internal schisms within the British government struggling to cope with the revolution Muslim Christian relations and divisions among the Egyptians

Grand Illusion Gabriela Cruz,2020-08-19 A new and groundbreaking historical narrative Grand Illusion Phantasmagoria in Nineteenth Century Opera explores how technical innovations in Paris transformed the grand opera into a transcendent dream like audio visual spectacle

Religion, Power, and Illusion Patrick J Hurley,2022-12-07 According to anthropologists religion arose in the Neolithic period a time that began 12 thousand years ago when people abandoned the hunter gatherer lifestyle and started settling down in communities By the time of the ancient Egyptians religion had reached a significant level of development The spirits of the seeds and the weather had evolved into gods In the end the gods numbered more than a thousand every god required a temple and every temple needed a priest or several of them Following the death of Jesus for the Christian god to reach its final form took an additional three hundred years It was accomplished through the work of dozens of bishops who wrestled with the problem of how a god consisting of three persons could really be one entity Religious orthodoxy as we know it today is the result of the countless solutions proposed by priests not the result of divinely inspired texts or teachings with various bishops condemning some proposals as heretical and blessing others as conventional But how were orthodoxy and heresy distinguished Any position that increased the power of the bishops was by definition orthodox and any position that undermined it was heretical Thus the Christian god that we have today is a construct assembled over many years and for two thousand years it has served to augment and solidify the power of the bishops who created it and who sustain it Religion Power Illusion concludes that priestly power is so firmly rooted in the human condition that religion is not likely to disappear any time soon It also explores the defective logic used by religious promoters and what is necessary for experiences to be non illusory

Living with Diabetes and Uncertainty in Cairo Mille Kjærgaard Thorsen,2023-05-18 Living with Diabetes and Uncertainty in Cairo offers an ethnographic exploration of the interactions of two different understandings of type 2 diabetes one related to the notion of agh translated as pressure or stress and another related primarily to obesity The book is set in Egypt but draws links to a diabetes clinic in Denmark and a multinational medical company as well as engaging with international diabetes research and guidelines It tells a story of uncertainty not only among people in Cairo but also within medical research and considers what uncertainty may generate in both bodies and societies at large The chapters provide valuable insight into the lives of those in Cairo who are diagnosed with type 2 diabetes and explore how those lives are linked to global movements The book ultimately reflects on the question of what is overlooked and why in prevention strategies and treatments of type 2 diabetes in Egypt It will be of particular interest to scholars of anthropology global and public health and the Middle East and North Africa

Beyond Illusion Carl Townsend,2009-12 There is no doubt that we see a failure of leadership today

Political leaders are unable to forge a path out of two wars we were led into by lies and greed Today we see the economic system that has fueled capitalism for years is collapsing from greed and mismanagement Much of the existing leadership has been unwilling to change passing the costs of their selfishness and mismanagement to the next generations and the generations after them Paradigms of the past remain only as illusions and no longer work What does real leadership today look like Beyond Illusion Leading from Reality takes a hard look at what is missing in today s leadership using as effective models outstanding leaders in the Bible such as Nehemiah Moses and Jesus If you want to be a leader today you will find essential clues in this book as well as stories that show you how you can lead in transforming your community nation and in the world Carl is a man who hears what the Spirit is saying and places the poetry of that message for the reader to hear for himself Bettie P Mitchell Founder and former International Executive Director Good Samaritan Ministries **My Love Is Alive** Rev Dempsey Harshaw,2012-08-31 My Love Is Alive is a love story of Consciousness to Itself It portrays the Idea of Consciousness for the sole purpose of illuminating Consciousness to its Self Imagine your shadow on the ground in front of you Who you really are Infinite Consciousness is the One watching the shadow My Love Is Alive is the process of accepting embracing and living this reality in and as your life The result is an outpouring of love for yourself and your experience The ideas circle in a repetitive dance of discovery as the concepts sink deeper and deeper into the readers understanding There is a powerful and undeniable message of life that has never been so fully unveiled Using Biblical references the author repeatedly demonstrates the true nature of our essence The text is thought provoking at the least and utterly transformative in its fullest meaning My Love Is Alive is a doorway only you can walk through You will transition from the experience of believing that you are one of many individuals that make up the whole to embracing the experience that you truly are The One Allow yourself to go through this process of My Love Is Alive with expectancy **The Illusion of "Truth"** Thomas Nehrer,2014-02-28 The Illusion of Truth is a multifaceted look at Jesus of Nazareth his message and religions created not from his insights into reality but on fantasy and lore concocted about him Tom Nehrer builds on scholarly research through personal level of consciousness exposing myths to find the real Yeshua who trod dusty roadways of first century Judea Understanding Jesus Kingdom of Heaven within requires extensive perspective This book explores Historical social political and traditional settings for Jesus appearance The mindset of ancients how superstitious peasants imagined divine manipulation Modern man s mindset how causality is projected not only onto gods but onto real world forces luck chance and fate all illusory processes How life really works metaphysical connection of Self to Reality an inner outer flow How beliefs create illusions masking Reality s flow with shared notions of Truth which isn t Many caveats to accepting Gospel accounts as reliable reports of any substance The real life of Jesus how the man grew from first century Jewish thinking to fully visionary status aware of the Self as driving force in life The Parables whose rich stories reveal Jesus awareness of the functional Oneness of Consciousness Reality A deeply critical look at Christianity its early growth smothering of alternate explanations

and claims to represent true traditions back through the apostles to Jesus That claim is shown as bogus when Gospel writers only show apostles as unable to grasp Jesus Kingdom illustrations The Illusion of Truth reveals not only how life works and how Jesus was fully aware of its meaning based flow but how Christianity grew from ancient notions and layered myth about Jesus rather than insights from him *Egyptian Aesthetics* René Francis,1911 **Jewish Affairs** ,1959 *The Future of Illusion* Victoria Kahn,2014-01-13 In recent years the rise of fundamentalism and a related turn to religion in the humanities have led to a powerful resurgence of interest in the problem of political theology In a critique of this contemporary fascination with the theological underpinnings of modern politics Victoria Kahn proposes a return to secularism whose origins she locates in the art literature and political theory of the early modern period and argues in defense of literature and art as a force for secular liberal culture Kahn draws on theorists such as Carl Schmitt Leo Strauss Walter Benjamin and Hannah Arendt and their readings of Shakespeare Hobbes Machiavelli and Spinoza to illustrate that the dialogue between these modern and early modern figures can help us rethink the contemporary problem of political theology Twentieth century critics she shows saw the early modern period as a break from the older form of political theology that entailed the theological legitimization of the state Rather the period signaled a new emphasis on a secular notion of human agency and a new preoccupation with the ways art and fiction intersected the terrain of religion **Littell's Living Age** ,1885 *The Secrets of Egypt ? Dance, Life and Beyond* Joana Saahirah,2014 Once upon a time I had a dream and I chased it This Magical Book tells about my Adventure in Egypt the Price we pay for our Dreams and the Wisdom we gather on the Journey up the Mountain Almost killed chased shocked and amazed with an Egyptian fascinating underworld very few foreigners ever get to know How did I end up living and performing in Egypt for almost a decade succeeding in my career against all odds How did I do it when everyone yelled YOU CANT The answer to these and other intriguing questions is above rational understanding its Magic were talking about In my heart I knew I had to go to Egypt and rescue Oriental Dances Soul my own Soul so that the World could remember once more why WE ARE ALIVE This Book is a about my real life Adventure my OUR Journey I can hear the deserts wind whispering it was never only about the dance darling Oriental Dance is just a Door covered in veils and luminous sequins to a Temple where much about Lifes Adventure is to be learnt Welcome to Egypt welcome to the World enjoy the Ride [The Living Age](#) ,1850 **Immortality** Stephen Cave,2012-04-03 If you could live forever would you want to Both a fascinating look at the history of our strive for immortality and an investigation into whether living forever is really all it s cracked up to be A fascinating work of popular philosophy and history that both enlightens and entertains Stephen Cave investigates whether it just might be possible to live forever and whether we should want to He also makes a powerful argument that it s our very preoccupation with defying mortality that drives civilization Central to this book is the metaphor of a mountaintop where one can find the Immortals Since the dawn of humanity everyone whether they know it or not has been trying to climb that mountain But there are only four paths up its treacherous slope and there have only ever been four

paths Throughout history people have wagered everything on their choice of the correct path and fought wars against those who ve chosen differently In drawing back the curtain on what compels humans to keep on keeping on Cave engages the reader in a number of mind bending thought experiments He teases out the implications of each immortality gambit asking for example how long a person would live if they did manage to acquire a perfectly disease free body Or what would happen if a super being tried to round up the atomic constituents of all who ve died in order to resurrect them Or what our loved ones would really be doing in heaven if it does exist We re confronted with a series of brain rattling questions What would happen if tomorrow humanity discovered that there is no life but this one Would people continue to please their boss vie for the title of Year s Best Salesman Would three hundred year projects still get started If the four paths up the Mount of the Immortals lead nowhere if there is no getting up to the summit is there still reason to live And can civilization survive Immortality is a deeply satisfying book as optimistic about the human condition as it is insightful about the true arc of history

The Solace of Fierce Landscapes Belden C. Lane,2007-02-26 In the tradition of Kathleen Norris Terry Tempest Williams and Thomas Merton The Solace of Fierce Landscapes explores the impulse that has drawn seekers into the wilderness for centuries and offers eloquent testimony to the healing power of mountain silence and desert indifference

Treasures of Egypt Amr Saleh,2024-10-01 A unique mythic adventure full of thrilling twists and heart warming romance Cassandra Rose Clarke author of Magic of Blood and Sea What would one do for love What would one do for Egypt Desperation drives Nefiri Minu apprentice to the Grand Vizier to save her little brother by seeking Khafset a young thief from the persecuted people of Hyksos But his price to help heal her sick brother is to steal a divine spear from Ra s temple However by touching the spear Nefiri unwittingly unleashes Set the shackled God of Destruction and starts a chain of events that threatens to plunge Egypt into chaos To avert disaster they are forced to navigate the realm of the gods and the dead and face off against mythological creatures in a dangerous adventure Khafset insists on calling The Grand Heist Can this unlikely pair learn to trust each other Will that trust turn their forced partnership into something more On an adventure packed with secrets hidden agendas not to mention Gods and monsters will Nefiri and Khafset succeed in their mission to save Egypt or will the very prejudices that have shaped their world threaten to tear them apart **The Literary World**
