Elegant Iris Folding:

Elegant Iris Folding Maruscha Gaasenbeek, Tine Beauverser, 2003-11-01 [Iris Folding Cards for Life's Special Moments](#), 2014-09-01 The fresh and unique iris folding projects featured in this book are perfect for commemorating special occasions with beautiful handcrafted greeting cards. Intended for crafters at an intermediate skill level, the 20 designs employ both traditional and nontraditional iris folding techniques and make use of materials ranging from fabric tissue paper, cardstock, ribbon, and specialty papers. Patterns and apertures can be mixed and matched to create unlimited design options; paper can be altered to add texture, and recycled materials can be used to fashion unique finishing touches. The end result will be beautifully made greeting cards to share with cherished friends and family. *Elegant and Easy Iris Paper Folding* Marrian Piers, 2004-12-01 **EASY ELEGANT IRIS PAPER FOLDING** features a beautiful swirling papercraft technique that originated in Holland. Once you learn the technique, you'll be amazed at how simple it is to create your own unique cards. Basically, you just fold narrow strips of paper in half and place them on a pattern in number order, sort of like paint by number with paper. The swirling effect comes from this placement and from using various colors, patterns, and/or textures of paper in a repeated sequence. 34 cards are pictured, and 14 different patterns are included: hearts, large and small balloons, baby rattles, dragonflies, ladybugs, fish, tulips, daisies, ornaments, large and small stars, candles, and Christmas trees. The cards are often accented with metallic thread. Stitching patterns, many of which are optional, are included. A variety of other easy embellishment options are also shown, including the use of paper punches, paper edgers, vellum, beads, sequins, ribbon, matting, etc. **IRIS PAPER FOLDING** is written by Canadian author Marrian Piers. Marrian, a popular papercrafting instructor, learned the technique in Holland and enjoys sharing it with a North American audience. **Iris Folding Stylish Greeting Cards** Maruscha Gaasenbeek, 2006-01-01 [Classic Cards](#) Marrian Piers, 2007 These are 60 of the most beautiful cards a crafter will ever see, with unique techniques that no other card-making guide uses. Every project showcases excellent craftsmanship and features great color, how-to photographs, diagrams, and patterns. Choose from the classic Dutch and other European styles of folding and stitching to create something special for any occasion. Embroider a geometric star in metallic threads and then add seed beads for an elegant, crisp design. Layer bright squares to construct a Chinese Pagoda design out of many small bits and scraps. Use bold, thick threads to make a wonderfully realistic three-dimensional butterfly or quilt a small heart-shaped card for Valentine's Day. Each card is so exquisite that it's a gift in itself. **Traditional Card Techniques** Marie Browning, 2007 Classic techniques, contemporary projects. This second entry in the new Paper Crafts Workshop series proves that traditional methods of crafting can produce some of the most exquisite greeting cards ever. Every idea is eye-opening and lovely: paper lacework, a form of paper weaving known as papuella silhouette cutting, iris folding, paper embroidery, paper piercing, Ornare kaleidoscope folding, and more. With plenty of photos and description to lead the newcomer through every step and patterns when needed, crafters won't be able to resist making every card. Best of all, the supplies and papers needed
