 Allison,James K. Beggan,Olivia Efthimiou,2019-06-21 Heroism is a rich elusive phenomenon Any adequate understanding of  
 heroic behavior requires a new type of scholarly imagination one that taps into human artistic sensibilities as much as it does  
 the rigors of scientific inquiry In an important sense we invoke a meta version of the call to heroic imagination by Franco  
 Blau and Zimbardo 2011 who describe such imagination as a mind set and a collection of attitudes p 13 that can steer  
 everyday people toward heroic achievement This eBook also merges our understanding of heroism with heroic leadership  
 demonstrating that heroic leadership applies the principles of heroism in moving groups toward noble collective goals This  
 eBook represents an effort by a distinguished group of authors to unleash their own creative mindsets attitudes and  
 imaginations in their scholarship on heroism and heroic leadership      **The Eclectic Magazine of Foreign Literature,
