## Eleven Nations:

**American Nations** Colin Woodard, 2012-09-25 A New Republic Best Book of the Year The Globalist Top Books of the Year Winner of the Maine Literary Award for Non fiction Particularly relevant in understanding who voted for who during presidential elections this is an endlessly fascinating look at American regionalism and the eleven nations that continue to shape North America According to award winning journalist and historian Colin Woodard North America is made up of eleven distinct nations each with its own unique historical roots In American Nations he takes readers on a journey through the history of our fractured continent offering a revolutionary and revelatory take on American identity and how the conflicts between them have shaped our past and continue to mold our future From the Deep South to the Far West to Yankeedom to El Norte Woodard author of American Character A History of the Epic Struggle Between Individual Liberty and the Common Good reveals how each region continues to uphold its distinguishing ideals and identities today with results that can be seen in the composition of the U S Congress or on the county by county election maps of any hotly contested election in our history

**Crafting State-Nations** Alfred Stepan, Juan J. Linz, Yogendra Yadav, 2011-03-31 Political wisdom holds that the political boundaries of a state necessarily coincide with a nation's perceived cultural boundaries Today the sociocultural diversity of many polities renders this understanding obsolete This volume provides the framework for the state nation a new paradigm that addresses the need within democratic nations to accommodate distinct ethnic and cultural groups within a country while maintaining national political coherence First introduced briefly in 1996 by Alfred Stepan and Juan J Linz the state nation is a country with significant multicultural even multinational components that engenders strong identification and loyalty from its citizens Here Indian political scholar Yogendra Yadav joins Stepan and Linz to outline and develop the concept further The core of the book documents how state nation policies have helped craft multiple but complementary identities in India in contrast to nation state policies in Sri Lanka which contributed to polarized and warring identities The authors support their argument with the results of some of the largest and most original surveys ever designed and employed for comparative political research They include a chapter discussing why the U S constitutional model often seen as the preferred template for all the world's federations would have been particularly inappropriate for crafting democracy in politically robust multinational countries such as India or Spain To expand the repertoire of how even unitary states can respond to territorially concentrated minorities with some secessionist desires the authors develop a revised theory of federacy and show how such a formula helped craft the recent peace agreement in Aceh Indonesia Empirically thorough and conceptually clear Crafting State Nations will have a substantial impact on the study of comparative political institutions and the conception and understanding of nationalism and democracy

Deadly Quarrels David Wilkinson,2024-06-04 Lewis Fry Richardson was one of the first to develop the systematic study of the causes of war yet his great war data archive Statistics of Deadly Quarrels posthumously published has yet to be fully systematized and assimilated by war causation scholars David Wilkinson has reanalyzed Richardson s data and drawn together the results of kindred quantitative work on the causes of war from other as well as from Richardson He has translated this classic of international relations literature into contemporary idiom fully and accurately presenting the substance of Richardson s idea and at the same time bringing it up to date with judicious comment updating the references to the critical and successor literature and dealing in some detail with Richardson himself Professor Wilkinson lists among the findings 1 the death toll of war is largely the product of a very few immense wars 2 most wars do not escalate out of control they are very likely to be small brief and exclusive 3 great powers have done most of the world s fighting inflicting and suffering most of the casualties 4 the propensity of any two groups to fight increases as the ethnocultural differences between them increase Contemporary peace strategy would therefore seem to be to avoid World War III by promoting superpower detente and reanimating accelerating and civilizing the process of world economic development This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980 **The Week in Germany** ,1998 **Re: Camelot** E. C. Fisher,2017-01-31 Re Camelot by E C Fisher Re Camelot is a riveting retelling of Camelot and King Arthur blending fantasy and science fiction elements while still honoring the original Arthurian legends This world is a new experience on King Arthur Enjoy the scenery of the City of Avalon and its mountainous regions *The Birth of Israel: The Drama as I Saw it* Jorge Garcia-Granados,2023-12-26 A fascinating story of the events that lead to the birth of the State of Israel in 1947 48 Jorge Garcia Granados was member of UNSCOP the body created by the UN to investigate and recommend a solution for the issue of Palestine The British mandate initiated at the end of WWI

were to finish in 1948 In his own words Ambassador Garcia Granados reveals the insides of the pressures and international intrigues that took place during the labors of the UNSCOP The ambassador describes how during an exploratory trip to Palestine learns of the bloody repression of the English authorities against the local Jewish population A highlight of this journey is his meeting with Prime Minister Menachem Begin Begin at that moment was a leader of a terrorist clandestine group fighting against the British who had a price on his head He also witnessed the misery and hope of the thousands of European Jews living in post WWII refugee camps trying to reach Israel and repressed at sea by the British Navy He writes the sad story of the hunt of the wooden ship Exodus told by an eyewitness of the tragedy The book is still actual written seventy five years ago by Ambassador Garcia Granados The facts were updated and revised by his grandson Historian Sergio Garcia Granados

**Air Quality Management and Research in Southeast Asia** Erik Velasco, Armando Retama, Dimitris Stratoulis, 2024-12-01 This book examines the capabilities for monitoring air quality developing emission inventories and running chemical transport models for regulatory forecasting and research purposes in Southeast Asia It also reviews scientific efforts made to better understand and characterize air pollution in the region Poor air quality poses a threat to public health It affects people s lives and undermines economic growth but as in many other parts of the world it has been overlooked in Southeast Asia International assessments suggest that it is the culprit of 335 thousand premature deaths in the region each year entailing a monetary cost equivalent to 6 75% of the regional GDP Reducing air pollution requires concerted efforts from all Southeast Asian nations to implement local and regional air quality policies following a science policy approach For such endeavor it is essential to develop tools that enable timely and reliable air quality management This entails collecting data to characterize the magnitude origin and impact of air pollution to support corrective actions The objective of this book is to provide a starting point for a science based conversation about implementing solutions to Southeast Asia s air pollution problem by bringing together an analysis of the availability of air quality data and studies from across the region
