Life in Britain and Germany on the Road to War Anton Rippon,Nicola Rippon,2024-04-04 In December 1922 the distinguished foreign correspondent Leonard Spray warned Britain to keep your eye on Hitler The carnage of the so called war to end all wars had left 900 000 British servicemen dead and more than 2 million suffering physical and psychological wounds but there was hope The vanquished had been left with no military capacity to wage another war and with a huge debt to pay to the victors The Treaty of Versailles had surely made it impossible for the world to ever again be threatened by Germany Safe in that knowledge Britain now had her eye firmly set on new challenges The cost of the war had already triggered her decline as the world s greatest economic power The Great Depression that followed the Wall Street Crash of 1929 now saw Britain riven by unemployment and poverty Seven General Elections between 1918 and 1935 resulted in mostly minority and coalition governments bringing further uncertainty And all the time an Austrian ex corporal by the name of Adolf Hitler was on the rampage first with his swashbuckling gangs in Bavaria and then on an inexorable march to power throughout the rest of Germany and beyond Life

The Reign and Abdication of Edward VIII Michael Bloch, 2012-05-28 Michael Bloch gives a new twist to the oft told story of King Edward's short reign Drawing on a decade long study of the King's personality and on privileged access to his papers he sees the King's abdication partly as the result of a plot to get rid of him by men who mistrusted his modernity and popular touch but also explainable by the fact that he did not really want to be king or fight for his throne

The First Royal Media War Adrian Phillips, 2023-06-30

The abdication crisis of 1936 demolished the wall of silent deference that had protected the British royal family from press comment and intrusion since the days of Queen Victoria King Edward VIII was a child of the burgeoning age of media and the first celebrity monarch but the immense personal popularity created by his charm and good looks was not enough to save him when he came into conflict with a government that embodied the conservative ethos of the time Nor did the support of powerful media barons In the United States William Randolph Hearst who inspired *Citizen Kane* dreamed of giving Britain an American Queen and maneuvered with Wallis Simpson to place her on the throne In Britain the Anglo-Canadian newspaper magnate Lord Beaverbrook hoped to use the confrontation between the King and the government to force the prime minister his bitter enemy Stanley Baldwin out of power Edward was blocked from broadcasting his case directly to the public which was the source of deep resentment to him The government treated the couple's media initiatives as declarations of war and was prepared to respond savagely The British press remained tactfully silent almost until the end of the crisis but behind the scenes a cold war was being fought For the rest of his life Edward fought to air his grievances against the ill treatment to which he thought that he had been subjected He believed that he had been forced to abdicate by a coalition of reactionaries grouped behind the Archbishop of Canterbury Edward resented bitterly the ostracism to which he and Wallis were subjected by his brother and sister-in-law King George VI and Queen Elizabeth especially the refusal to grant his wife royal status With

sometimes farcical results Edward tried to find authors who put over his side of the story Beaverbrook supported Edward but tried to bend Edward's quest to fit his own agenda The establishment did its utmost to restrain Edward and maintain a discreet silence over the crisis but gradually members of the royal court abandoned reticence and fought back The abdication challenged the British monarchy as an institution A large part of the legacy is today's no holds barred media environment where the royal family's issues are fought in a ruthless glare of worldwide attention
