productive enterprise How important was reinvestment and what determined both profitability and the extent to which it was ploughed back into business The answers to these questions have value for all students of the industrialisation process whilst the detailed material on Yorkshire is of interest for local study and provides a model of the questions which could be asked in other similar regional studies of the future

The Origin of the Welfare State in England and Germany, 1850-1914 E. P. Hennock, 2007-04-12 This book is a comparative study of the origin of the welfare state in England and Germany from 1850 to 1914 It presents original conclusions about the differences between British and German approaches Peter Hennock analyses policies on social security and the public provision of medical care dealing with public poor relief industrial injury with sickness invalidity and old age and with unemployment In each case policies in Britain and in the German Empire are compared for their actual provisions their consequences and the politics that produced them He demonstrates that national insurance has played a larger role in Germany than in Britain from the beginning as it still does today and that decisions taken before 1914 are crucial to the long term differences between the welfare state in the two countries The book will appeal to students and scholars of British and European political history social history and social policy

Imperialism Bill Warren, 2020-05-05 Ever since the First World War socialists have considered imperialism a calamity responsible for militarism economic stagnation and assaults on democracy in metropolitan countries an impediment to economic and cultural development in the Third World So widespread has this view become that it is shared in its essentials not only by Marxists but also by an entire school of liberal development economists Bill Warren breaks with this traditional outlook arguing that the theory of imperialism one of Marxism's most influential concepts is not only contradicted by the facts but has diluted and distorted Marxism itself In particular Warren disputes the claim that monopoly capitalism represents the ultimate stage of senile capitalism and sets out to refute the notion that imperialism is a regressive force impeding or distorting economic development in the Third World The book argues on the contrary that direct colonialism powerfully impelled social change in Asia and Africa laying the foundation for a vibrant indigenous capitalism Finally it takes issue with the conventional view that postwar economic performance in the Third World has been disastrous presenting a powerful empirical case that the gap between rich and poor countries is actually narrowing Closely argued clearly written original and iconoclastic *Imperialism* Pioneer of Capitalism is a compelling challenge to one of the chief tenets of contemporary socialist politics

Problems of Labour and Inflation Hilde Behrend, 2016-04-20 The essays

in this book originally published in 1984 examine many problems within the structure of industry including wage policies financial incentives and other economic policies The book discusses the problems from two standpoints that of the economist who is concerned with labour as a resource and the psychologist concerned with the behavioural activity of the labour force This inter disciplinary approach ensures the relevance of the essays to social scientists managers and policy makers
