Eiffel The Genius Who Reinvented Himself:

Eiffel David I Harvie, 2006-08-24 Presenting the story of Gustave Eiffel this book examines the conception and controversial construction of the tower that bears his name one of the most famous tall buildings in the world Just at the point of his greatest success he signed contracts for the project which was to bring scandal on his name the Panama Canal

Remarkable Engineers Ioan James, 2010-02-25 Engineering transformed the world completely between the 17th and 21st centuries Remarkable Engineers tells the stories of 51 of the key pioneers in this transformation from the designers and builders of the world's railways bridges and aeroplanes to the founders of the modern electronics and communications revolutions The focus throughout is on their varied life stories and engineering and scientific detail is kept to a minimum Engineer profiles are organized chronologically inviting readers with an interest in engineering to follow the path by which these remarkable engineers utterly changed our lives

The Personality of Paris Alan R. H. Baker, 2021-01-28 What was the personality of 19th century Paris To answer that question this book eschews the conventional narrative and chronological route taken by most histories of Paris Instead it thematically analyses the complex personality traits of Paris from the onset of the Revolution of 1789 to the beginning of the Great War Starting with the topographical and cultural legacies that late 18th century Paris inherited from its foundation in pre Roman and Roman times and from its medieval infancy and early modern adolescence The Personality of Paris unpacks the social and material complexity of the 19th century city It considers the role of immigration in the making of Parisians and in the city's growth from half a million in 1801 to almost three million in 1911 It examines the making of its distinctive landscape through the construction of monuments and architectural icons through its massive re-modelling by Napoléon III and Baron Haussmann through its five world exhibitions through its emphasis on food fashion and leisure and through the ways in which Parisians sought rural release from urban pressure Finally the book considers the self-harm done to the person of 19th century Paris by revolutions and wars and the damage inflicted on it by 20th century hubristic politicians and architects

City of Light, City of Shadows Mike Rapport, 2024-05-14 A top historian offers a new history of Paris's Belle époque the luminous age of the Eiffel Tower and the Sacré-Cœur Basilica but also of social unrest and violent clashes over what it meant to be French From the wrought ironwork of the Eiffel Tower to the flourishing art nouveau movement the Belle époque is remembered as a golden age for Parisian culture Beneath the veneer of elegance however fin de siècle Paris was a city at war with itself In *City of Light City of Shadows* Mike Rapport uncovers a Paris riven by social anxieties and plagued by overlapping epidemics of poverty political extremism and anti-Semitism As the Sacré-Cœur and Eiffel Tower rose into the skies redefining architecture and the Paris skyline Paris's slums were plagued by disease and gang violence The era now remembered as a high point of French art and culture was also an age of intense political violence including anarchist bombings organized right-wing mobs and assassinations Weaving together these stories of splendor and suffering with the fabric of the city itself the book offers a brilliant account of Paris's

Belle poque revealing the darkness that suffused the City of Light **The Encyclopedia of the Industrial Revolution in World History** Kenneth E. Hendrickson III, 2014-11-25 As editor Kenneth E Hendrickson III notes in his introduction Since the end of the nineteenth century industrialization has become a global phenomenon After the relative completion of the advanced industrial economies of the West after 1945 patterns of rapid economic change invaded societies beyond western Europe North America the Commonwealth and Japan In The Encyclopedia of the Industrial Revolution in World History contributors survey the Industrial Revolution as a world historical phenomenon rather than through the traditional lens of a development largely restricted to Western society The Encyclopedia of the Industrial Revolution in World History is a three volume work of over 1 000 entries on the rise and spread of the Industrial Revolution across the world Entries comprise accessible but scholarly explorations of topics from the aerospace industry to zaibatsu Contributor articles not only address topics of technology and technical innovation but emphasize the individual human and social experience of industrialization Entries include generous selections of biographical figures and human communities with articles on entrepreneurs working men and women families and organizations They also cover legal developments disasters and the environmental impact of the Industrial Revolution Each entry also includes cross references and a brief list of suggested readings to alert readers to more detailed information The Encyclopedia of the Industrial Revolution in World History includes over 300 illustrations as well as artfully selected extended quotations from key primary sources from Thomas Malthus Essay on the Principal of Population to Arthur Young s look at Birmingham England in 1791 This work is the perfect reference work for anyone conducting research in the areas of technology business economics and history on a world historical scale **New Makers of Modern Culture** Justin Wintle, 2016-04-22 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing [New Makers of Modern Culture: A-K](#) Justin Wintle, 2007 New Makers of Modern Culture will be widely acquired by both higher education and public libraries Bibliographies are attached to entries and there is thorough cross referencing *Paris, City of Dreams* Mary McAuliffe, 2020-04-09 Armchair historians in particular will appreciate McAuliffe s readable yet detailed history supplemented with illustrations and bibliography Booklist Starred Review Acclaimed historian Mary McAuliffe vividly recaptures the Paris of Napoleon III Claude Monet and Victor Hugo as Georges Haussmann tore down and rebuilt Paris into the beautiful City of Light we know today Paris City of Dreams traces the transformation of the City of Light during Napoleon III s Second Empire into the beloved city of today Together Napoleon III and his right hand man Georges Haussmann completely rebuilt Paris in less than two decades a breathtaking achievement made possible not only by the emperor s vision and Haussmann s determination but by the regime s unrelenting authoritarianism augmented by the booming economy that Napoleon fostered Yet a number of Parisians refused to comply with the restrictions that censorship and entrenched institutional taste imposed Mary McAuliffe follows the lives of artists such as Edouard Manet Berthe Morisot and Claude

Monet as well as writers such as Emile Zola Gustave Flaubert and the poet Charles Baudelaire while from exile Victor Hugo continued to fire literary broadsides at the emperor he detested McAuliffe brings to life a pivotal era encompassing not only the physical restructuring of Paris but also the innovative forms of banking and money lending that financed industrialization as well as the city's transformation. This in turn created new wealth and lavish excess even while producing extreme poverty. More deeply change was occurring in the way people looked at and understood the world around them given the new ease of transportation and communication the popularization of photography and the emergence of what would soon be known as Impressionism in art and Naturalism and Realism in literature artistic yearnings that would flower in the Belle Epoque. Napoleon III whose reign abruptly ended after he led France into a devastating war against Germany has been forgotten. But the Paris that he created has endured brought to vivid life through McAuliffe's rich illustrations and evocative narrative.

The Architects of Ottoman Constantinople Alyson Wharton-Durgaryan, 2015-02-26 The Balyan family were a dynasty of architects builders and property owners who acted as the official architects to the Ottoman Sultans throughout the 18th and 19th centuries. Originally Armenian the family is responsible for some of the most famous Ottoman buildings in existence many of which are regarded as masterpieces of their period including the Dolmabahçe Palace built between 1843 and 1856 parts of the Topkapı Palace the İrânî Palace and the Ortaköy Mosque. Forging a unique style based around European contemporary architecture but with distinctive Ottoman flourishes the family is an integral part of Ottoman history. As Alyson Wharton's beautifully illustrated book reveals the Balyan's own history of falling in and out of favour with increasingly autocratic Sultans serves as a record of courtly power in the Ottoman era and is uniquely intertwined with the history of Istanbul itself.

Dawn of the Belle Epoque Mary McAuliffe, 2011-05-16 A humiliating military defeat by Bismarck's Germany a brutal siege and a bloody uprising Paris in 1871 was a shambles and the question loomed: Could this extraordinary city even survive? With the addition of an evocative new preface Mary McAuliffe takes the reader back to these perilous years following the abrupt collapse of the Second Empire and France's uncertain venture into the Third Republic. By 1900 Paris had recovered and the Belle Epoque was in full flower but the decades between were difficult marked by struggles between republicans and monarchists the Republic and the Church and an ongoing economic malaise darkened by a rising tide of virulent anti-Semitism. Yet these same years also witnessed an extraordinary blossoming in art literature poetry and music with the Parisian cultural scene dramatically upended by revolutionaries such as Monet Zola Rodin and Debussy even while Gustave Eiffel was challenging architectural tradition with his iconic tower. Through the eyes of these pioneers and others including Sarah Bernhardt Georges Clemenceau Marie Curie and César Ritz we witness their struggles with the forces of tradition during the final years of a century hurtling towards its close. Through rich illustrations and vivid narrative McAuliffe brings this vibrant and seminal era to life.

The Story of Architecture Witold Rybczynski, 2022-11-29 An inviting exploration of architecture across cultures and centuries by one of the field's eminent authors. In this sweeping history from the Stone

Age to the present day Witold Rybczynski shows how architectural ideals have been affected by technological economic and social changes and by changes in taste The host of examples ranges from places of worship such as Hagia Sophia and Brunelleschi s Duomo to living spaces such as the Katsura Imperial Villa and the Alhambra national icons such as the Lincoln Memorial and the Sydney Opera House and skyscrapers such as the Seagram Building and Beijing s CCTV headquarters Rybczynski s narrative emphasizes the ways that buildings across time and space are united by the human desire for order meaning and beauty This is the story of architecture s physical manifestation of the universal aspiration to celebrate honor and commemorate and an exploration of the ways that each building is a unique product of patrons architects and builders Firm in opinion even handed and rooted in scholarship this book will delight anyone interested in understanding the buildings they use visit and pass by each day

Commemorative Events Warwick Frost,Jennifer Laing,2013-03-12 Commemorative Events emphasise remembering They are held on the anniversaries of significant past events either annually or after significant time periods Commemorative events provide fascinating insight into how societies see themselves their heritage and their identity These events however carry high propensity for controversy as memory and identity are highly subjective and other stakeholders hold different views of what should be commemorated and why This is the first book to provide an in depth critical examination of commemorative events particularly what they mean to societies and how they are used by governments as well as impacts on other stakeholders The book fully explores these issues by reviewing all the major types of commemorative events including nationhood or independence wars battles famous people and cultural milestones from varying geographical regions and stakeholder perspectives By doing so the book furthers understanding of these types of events in society as well as furthering knowledge of social and political uses and impacts of events This thought provoking volume will be valuable reading for students researchers and academics interested in events

The Concise New Makers of Modern Culture Justin Wintle,2008-11-28 A Who s Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms

Twilight of the Belle Epoque Mary McAuliffe,2014-03-16 Mary McAuliffe s Dawn of the Belle Epoque took the reader from the multiple disasters of 1870 1871 through the extraordinary re emergence of Paris as the cultural center of the Western world Now in Twilight of the Belle Epoque McAuliffe portrays Paris in full flower at the turn of the twentieth century where creative dynamos such as Picasso

Matisse Stravinsky Debussy Ravel Proust Marie Curie Gertrude Stein Jean Cocteau and Isadora Duncan set their respective circles on fire with a barrage of revolutionary visions and discoveries Such dramatic breakthroughs were not limited to the arts or sciences as innovators and entrepreneurs such as Louis Renault Andr Citro n Paul Poiret Fran ois Coty and so many others including those magnificent men and women in their flying machines emphatically demonstrated But all was not well in this world remembered in hindsight as a golden age and wrenching struggles between Church and state as well as between haves and have nots shadowed these years underscored by the ever more ominous drumbeat of the approaching Great War a cataclysm that would test the mettle of the City of Light even as it brutally brought the Belle Epoque to its close Through rich illustrations and evocative narrative McAuliffe brings this remarkable era from 1900 through World War I to vibrant life *The Beautiful Railway Bridge of the Silvery Tay* Peter R. Lewis,2012-05-30 Over 125 years ago barely a year and a half after the Tay Railway Bridge was built William McGonagall composed his poem about the Tay Bridge Disaster the poem about Britain s worst ever civil engineering disaster Over 80 people lost their lives in the fall of the Tay Bridge but how did it happen The accident reports say that high wind and poor construction were to blame but Peter Lewis an Open University engineering professor tells the real story of how the bridge so spectacularly collapsed in December 1879

When Paris Sizzled Mary McAuliffe,2016-09-15 When Paris Sizzled vividly portrays the City of Light during the fabulous 1920s les Ann es folles when Parisians emerged from the horrors of war to find that a new world greeted them one that reverberated with the hard metallic clang of the assembly line the roar of automobiles and the beat of jazz Mary McAuliffe traces a decade that saw seismic change on almost every front from art and architecture to music literature fashion entertainment transportation and most notably behavior The epicenter of all this creativity as well as of the era s good times was Montparnasse where impoverished artists and writers found colleagues and caf s and tourists discovered the Paris of their dreams Major figures on the Paris scene such as Gertrude Stein Jean Cocteau Picasso Stravinsky Diaghilev and Proust continued to hold sway while others now came to prominence including Ernest Hemingway Coco Chanel Cole Porter and Josephine Baker as well as Andr Citro n Le Corbusier Man Ray Sylvia Beach James Joyce and the irrepressible Kiki of Montparnasse Paris of the 1920s unquestionably sizzled Yet rather than being a decade of unmitigated bliss les Ann es folles also saw an undercurrent of despair as well as the rise of ruthless organizations of the extreme right aimed at annihilating whatever threatened tradition and order a struggle that would escalate in the years ahead Through rich illustrations and evocative narrative Mary McAuliffe brings this vibrant era to life Engineering Natasha McCarthy,2012-12-01 Discover the human side to the discipline that is profoundly more than nuts and bolts Focusing on the impact of engineering on society and the world McCarthy details the development of the discipline explains what makes an engineering mind and shows how every aspect of our lives has been engineered from gadgets to our national infrastructure Long considered tinkerers problem solvers and visionaries engineers hold the keys to our real and virtual future The Evolution of Society Erik W.

Aslaksen,2023-02-17 This book covers the work of Erik W Aslaksen who continues to develop the view of society and its evolution published in earlier work The Social Bond Springer 2018 The Stability of Society Springer 2020 and Measures of Social Evolution Springer 2021 bringing together core material of that work with the results of recent investigations in order to present the evolution of society as an integrated and continuous story leading right up to the present time A story of human action driven by our beliefs desires and an ideology arising out of our ability to transform and exploit our environment through the development and application of technology The distinguishing feature of the work is the treatment of society as an information processing system and applying the system methodology for handling complexity as it is applied e g in engineering This focus on information is particularly pertinent in the current circumstances where the world has arrived at a critical point in its history through the conjunction of a number of issues that appear to be spiralling out of control Global warming and the associated climate change the destruction of our environment through such processes as land clearing and industrialisation with associated loss of biodiversity the rapidly increasing visibility of the inequality in the quality of life with associated tensions and above all the determination of the US led Western alliance to cling to its hegemonial role apparently at all cost With the sophistication and proliferation of nuclear weapons the latter has the potential to bring on the end of civilisation as we know it The resolution of any of these issues depends on the information available to all parties involved and hence the availability and quality of information is seen as the crucial and overarching issue of the present time A number of aspects of this issue including the role of education economic inequality and the control of the media are treated in some detail and proposals for some small steps in the right direction are put forward **Finding Nothing** Gregory

Betts,2021-08-13 Finding Nothing explores the eruption of avant garde writing in Vancouver that re invented the culture of the city in the second half of the twentieth century **Paris** Mary McAuliffe,2023-05-15 Follow in the footsteps of history to discover the hidden places extraordinary people and captivating stories of Paris Paris Secret Gardens Hidden Places and Stories of the City of Light Mary McAuliffe s multilayered exploration of Paris weaves a narrative that takes the reader into secret and hidden places even in the midst of the most well known Paris destinations McAuliffe s hidden places can be small but are always revealing whether a bas relief on an ignored corner of Notre Dame or an overlooked courtyard inside an ancient and busy hospital She takes the reader below the streets and sidewalks of Paris to discover ancient aqueducts and a lost river and she prompts the reader to notice overlooked treasures in the most trafficked of museums Always McAuliffe s focus is on people and their stories Evil queens designing noblemen bold chevaliers and desperate lovers mingle with Resistance fighters and obsessed artists rising out of abject poverty into unexpected fame and fortune adding to the tidal wave of creativity that is the lifeblood of the City of Light One person place and story lead to another each linked by a common thread within the layered richness of Paris s past The story of Paris is not a chronology but an exploration of the many layers of this remarkable city throughout the ages
