**Anthology of Magazine Verse for ... and Year Book of American Poetry**,1926

*American Poets, 1880-1945, Third Series* Peter Quartermain,1987 Essays on the writers whose works are the story of modern American poetry to World War II the story of successive generations of writers increasingly gaining familiarity in and security with the American idiom gaining confidence in being American poets without having to turn to Europe for models or for approval nor of having to turn away from Europe

**Bulletin of the Brooklyn Public Library** Brooklyn Public Library,1917

African American Authors, 1745-1945 Emmanuel S. Nelson,2000-01-30 There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson's *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography

Midcentury Quartet Thomas J. Travisano,1999-12-29 In a February 1966 letter to her artistic confidant Robert Lowell Elizabeth Bishop tellingly grouped four

midcentury poets Lowell Randall Jarrell John Berryman and herself For Bishop always wary of being pigeonholed and therefore reticent about naming her favorite contemporaries it was a rare explicit acknowledgment of an informal but enduring artistic circle that has evaded the notice of literary journalists for more than forty years Despite the private nature of their dialogue the group's members Bishop Lowell Jarrell and Berryman left a compelling record of their mutual interchange and influence Drawing on an extensive range of published and archival sources Thomas Travisano traces these poets' creation of a surprisingly coherent postmodern aesthetic and defines its continuing influence on American poetry The refusal of this midcentury quartet as Travisano calls them to voice a formalized doctrine coupled with their intuitive way of working has caused critics to miss the coherence of their project Travisano argues that these poets are not only successors to Pound Auden Stevens and Eliot but postmodern explorers in their own right In forging their own aesthetic characterized here as a postmodern mode of elegy they encountered significant resistance from their immediate modernist mentors Allen Tate John Crowe Ransom and Marianne Moore Jarrell whom others of the group regarded as a critic of particular genius was first described as a postmodernist in a 1941 review by Ransom that Travisano cites as the earliest known use of the term In Jarrell's review of Lowell's *Lord Weary's Castle* six years later he named Lowell a postmodernist and identified traits among them the use of pastiche that are now considered by theorists such as Fredric Jameson as specifically postmodern And Bishop's inventiveness allowed her to adapt a self-exploratory mode often but imprecisely termed confessional to challenging forms such as the double sonnet villanelle and sestina Each of these poets suffered a devastating loss during childhood and lived through the twentieth-century disasters of the Great Depression World War II and the Holocaust and the cold war The continual tension in their poetry between subjectivity and form claims Travisano reflects the plight of the fractured individual in a postmodern world By arguing so sharply for the importance of this circle Midcentury Quartet is certain to redraw the map of postwar American poetry

*The Vintage Book of African American Poetry* Michael S. Harper, Anthony Walton, 2012-02-01 In *The Vintage Book of African American Poetry* editors Michael S. Harper and Anthony Walton present the definitive collection of black verse in the United States 200 years of vision struggle power beauty and triumph from 52 outstanding poets From the neoclassical stylings of slave-born Phillis Wheatley to the wistful lyricism of Paul Lawrence Dunbar the rigorous wisdom of Gwendolyn Brooks the chiseled modernism of Robert Hayden the extraordinary prosody of Sterling A. Brown the breathtaking expansive narratives of Rita Dove the plaintive rhapsodies of an imprisoned Eldridge Knight The postmodern artistry of Yusef Komunyakaa Here too is a landmark exploration of lesser-known artists whose efforts birthed the Harlem Renaissance and the Black Arts movements and changed forever our national literature and the course of America itself Meticulously researched thoughtfully structured *The Vintage Book of African American Poetry* is a collection of inestimable value to students educators and all those interested in the ever-evolving tradition that is American poetry

Collecting as Modernist Practice Jeremy Braddock, 2012-01-18 In this highly original study Jeremy Braddock focuses on

collective forms of modernist expression the art collection the anthology and the archive and their importance in the development of institutional and artistic culture in the United States Using extensive archival research Braddock's study synthetically examines the overlooked practices of major American art collectors and literary editors Albert Barnes Alain Locke Duncan Phillips Alfred Kreyenborg Amy Lowell Ezra Pound Katherine Dreier and Carl Van Vechten He reveals the way collections were devised as both models for modernism's future institutionalization and culturally productive objects and aesthetic forms in themselves Rather than anchoring his study in the familiar figures of the individual poet artist and work Braddock gives us an entirely new account of how modernism was made one centered on the figure of the collector and the practice of collecting *Collecting as Modernist Practice* demonstrates that modernism's cultural identity was secured not so much through the selection of a canon of significant works as by the development of new practices that shaped the social meaning of art Braddock has us revisit the contested terrain of modernist culture prior to the dominance of institutions such as the Museum of Modern Art and the university curriculum so that we might consider modernisms that could have been Offering the most systematic review to date of the Barnes Foundation an intellectual genealogy and analysis of *The New Negro* anthology and studies of a wide range of hitherto ignored anthologies and archives Braddock convincingly shows how artistic and literary collections helped define the modernist movement in the United States John Xiros Cooper The University of British Columbia *American Poets and Poetry* Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and stuff d with the stuff that is fine as Walt Whitman wrote adding Of every hue and caste am I of every rank and religion Written for high school and undergraduate students this two volume encyclopedia covers U S poetry from the Colonial era to the present offering full treatments of hundreds of key poets of the American canon What sets this reference apart is that it also discusses events movements schools and poetic approaches placing poets in their social historical political cultural and critical contexts and showing how their works mirror the eras in which they were written Readers will learn about surrealism ekphrastic poetry pastoral elegy the Black Mountain poets and language poetry There are long and rich entries on modernism and postmodernism as well as entries related to the formal and technical dimensions of American poetry Particular attention is paid to women poets and poets from various ethnic groups Poets such as Amiri Baraka Nathaniel Mackey Natasha Trethewey and Tracy Smith are featured The encyclopedia also contains entries on a wide selection of Latino and Native American poets and substantial coverage of the avant garde and experimental movements and provides sidebars that illuminate key points

**The International Studio** ,1901 *Anthology of Magazine Verse for ...* ,1926 *Reading Race in American Poetry* Aldon Lynn Nielsen,2000 Here inter racial poets and critics join together to analyze the role that race plays in the reading

and writing of American poetry and the role that poetry plays in our understanding of race      **Brooklyn Public Library**  
**News Bulletin** Brooklyn Public Library,1918      Poetry For Dummies The Poetry Center,John Timpane,2011-03-16

Demystify and appreciate the pleasures of poetry Sometimes it seems like there are as many definitions of poetry as there are poems Coleridge defined poetry as the best words in the best order St Augustine called it the Devil s wine For Shelley poetry was the record of the best and happiest moments of the happiest and best minds But no matter how you define it poetry has exercised a hold upon the hearts and minds of people for more than five millennia That s because for the attentive reader poetry has the power to send chills shooting down the spine and lightning bolts flashing in the brain to throw open the doors of perception and hone our sensibilities to a scalpel s edge Poetry For Dummies is a great guide to reading and writing poems not only for beginners but for anyone interested in verse From Homer to Basho Chaucer to Rumi Shelley to Ginsberg it introduces you to poetry s greatest practitioners It arms you with the tools you need to understand and appreciate poetry in all its forms and to explore your own talent as a poet Discover how to Understand poetic language and forms Interpret poems Get a handle on poetry through the ages Find poetry readings near you Write your own poems Shop your work around to publishers Don t know the difference between an iamb and a trochee Worry not this friendly guide demystifies the jargon and it covers a lot more ground besides including Understanding subject tone narrative and poetic language Mastering the three steps to interpretation Facing the challenges of older poetry Exploring 5 000 years of verse from Mesopotamia to the global village Writing open form poetry Working with traditional forms of verse Writing exercises for aspiring poets Getting published From Sappho to Clark Coolidge and just about everyone in between Poetry For Dummies puts you in touch with the greats of modern and ancient poetry Need guidance on composing a ghazal a tanka a sestina or a psalm This is the book for you      **Christian Nation** ,1900      *Old Masters and Young Geniuses* David W. Galenson,2006 When in their lives do great artists produce their greatest art Do they strive for creative perfection throughout decades of painstaking and frustrating experimentation or do they achieve it confidently and decisively through meticulous planning that yields masterpieces early in their lives By examining the careers not only of great painters but also of important sculptors poets novelists and movie directors *Old Masters and Young Geniuses* offers a profound new understanding of artistic creativity Using a wide range of evidence David Galenson demonstrates that there are two fundamentally different approaches to innovation and that each is associated with a distinct pattern of discovery over a lifetime Experimental innovators work by trial and error and arrive at their major contributions gradually late in life In contrast conceptual innovators make sudden breakthroughs by formulating new ideas usually at an early age Galenson shows why such artists as Michelangelo Rembrandt C zanne Jackson Pollock Virginia Woolf Robert Frost and Alfred Hitchcock were experimental old masters and why Vermeer van Gogh Picasso Herman Melville James Joyce Sylvia Plath and Orson Welles were conceptual young geniuses He also explains how this changes our understanding of art and its past Experimental innovators seek and conceptual

innovators find By illuminating the differences between them this pioneering book provides vivid new insights into the mysterious processes of human creativity Poetic Culture Christopher Beach,1999 In Poetic Culture Christopher Beach questions the cultural significance of poetry both as a canonical system and as a contemporary practice By analyzing issues such as poetry's loss of audience the anthology wars of the 1950s and early 1960s the academic and institutional orientation of current poetry the poetry slam scene and the efforts to use television as a medium for presenting poetry to a wider audience Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon and beyond the terms in which canonical poetry is generally discussed and evaluated Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value

**Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson,2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States
