Rural Crime Prevention Alistair Harkness, 2020-04-30 Rural crime has long been overlooked in the field of crime prevention Sustained academic interrogation is necessary therefore to reduce the extensive economic and social costs of rural crime as well as to challenge some of the myths regarding the prevention of rural crime Rural Crime Prevention Theory Tactics and Techniques critically analyses challenges considers and assesses a suite of crime prevention initiatives across an array of international contexts This book recognises the diversity and distinct features of rural places and the ways that these elements impact on rates experiences and responses Crucially Rural Crime Prevention also incorporates non academic voices which are embedded throughout the book linking theory and scholarship with practice Proactive responses to rural offending based on sound evidence can serve to facilitate feelings of safety and security throughout communities enhance individual wellbeing and alleviate pressure on the overburdened and typically under resourced formal elements of the criminal justice system This book provides an opportunity to focus on the prevention of crime in regional rural and remote parts of the globe An accessible and compelling read this book will appeal to students and scholars of criminology policing sociology and practitioners interested in learning about the best practice international approaches to rural crime prevention in the twenty first century

Preventing Crime Rick Sarre, 2024-07-02 This book summarises the latest findings of Australian and international crime prevention researchers and suggests how future policies based upon their evidence could and should be better shaped and employed by policymakers Governments all over the world are constantly endeavouring to make their communities safer and the lives of their citizens less fearful For decades now criminological researchers challenged to assist in this task have been asking What is working to reduce crime What could work better in preventing crime before it erupts What have we not tried but could try in the field of crime control Pleasingly the research outputs on this subject are voluminous and growing They regularly inform policymaking in productive ways This in turn has led and continues to lead to good crime prevention outcomes but a lot more could be done The author sets out twelve key priorities designed to reduce victimisation and tackle street crime and white collar crime especially each of them based upon a social justice framework These priorities draw upon his extensive writings on the topic of law and criminology over the past forty years There is he concludes far more value in tackling the societal factors that allow crime to emerge

grow and persist than applying a strict application of the criminal law and the justice system that feeds upon it

Handbook on Crime and Deviance Marvin D. Krohn, Nicole Hendrix, Gina Penly Hall, Alan J. Lizotte, 2019-08-28 This 2nd edition of the Handbook provides an interdisciplinary coverage of new understandings of the most important developments in the sociology of crime and deviance that is current and emerging for research methodology practice and theory in criminology It fosters research to take the fields of criminology and criminal justice in new directions Unlike any other handbook it includes chapters on cutting edge quantitative data and analytical techniques that are shaping the future of empirical research and expanding theoretical explanations of crime and deviance It further devotes a section to the most current and innovative methodological issues Chapters are updated providing an inclusive discussion of the current research and the theoretical and empirical future of crime and deviance This handbook is of great interest for advanced undergraduates graduates students researchers and scholars in criminology criminal justice sociology and related fields such as social welfare economics and psychology

Professional Security Management Charles Swanson, 2020-06-10 Historically security managers have tended to be sourced from either the armed forces or law enforcement But the increasing complexity of the organisations employing them along with the technologies employed by them is forcing an evolution and expansion of the role and security managers must meet this challenge in order to succeed in their field and protect the assets of their employers Risk management crisis management continuity management strategic business operations data security IT and business communications all fall under the purview of the security manager This book is a guide to meeting those challenges providing the security manager with the essential skill set and knowledge base to meet the challenges faced in contemporary international or tech oriented businesses It covers the basics of strategy risk and technology from the perspective of the security manager focussing only on the need to know The reader will benefit from an understanding of how risk management aligns its functional aims with the strategic goals and operations of the organisation This essential book supports professional vocational accreditation and qualifications such as the Chartered Security Professional CSyP or Certified Protection Professional CPP and advises on pathways to higher education qualifications in the fields of security and risk management It is ideal for any risk manager looking to further their training and development as well as being complementary for risk and security management programs with a focus on practice
