Elementary Philosophy Of The Modern Rosycrob:

Elementary Philosophy of the Modern Rosycross J. van Rijckenborgh, 1984 **Elementary Philosophy of the Modern Rosycross** Jan van Rijckenborgh, 195? **The Cambridge Handbook of Western Mysticism and Esotericism** Glenn Alexander Magee, 2016-04-18

Mysticism and esotericism are two intimately related strands of the Western tradition. Despite their close connections, however, scholars tend to treat them separately. Whereas the study of Western mysticism enjoys a long and established history, Western esotericism is a young field. The Cambridge Handbook of Western Mysticism and Esotericism examines both of these traditions together. The volume demonstrates that the roots of esotericism almost always lead back to mystical traditions, while the work of mystics was bound up with esoteric or occult preoccupations. It also shows why mysticism and esotericism must be examined together if either is to be understood fully. Including contributions by leading scholars, this volume features essays on such topics as alchemy, astrology, magic, Neoplatonism, Kabbalism, Renaissance Hermetism, Freemasonry, Rosicrucianism, numerology, Christian theosophy, spiritualism, and much more. This Handbook serves as both a capstone of contemporary scholarship and a cornerstone of future research.

Cults Nigel Cawthorne, 2019-08-08

The inside story of the world's most notorious cults. The strange and sinister world of cults is a source of endless fascination. Their secrets, rituals, and shadowy hierarchies make for some of the most disturbing and shocking revelations in history. Most chilling of all is the fact that many of their followers forfeit all independence in order to carry out the often sadistic bidding of a mysterious master manipulator and continue to defend their leader to this day. From Charles Manson, who instructed his followers to murder seven people, including a heavily pregnant Sharon Tate, to Aum Shinrikyo, the Japanese doomsday cult that carried out deadly terror attacks, and the People's Temple, these cults and their leaders transfix us with their extreme ability to commit savage acts of cruelty and depravity in the name of a self-appointed higher power. Many shocking and international cults are brought to life, including The Manson Family, People's Temple, Colonia Dignidad, Thuggees, Aum Shinrikyo, Skopje, Raëlism, Heaven's Gate.

A Brief Guide to Secret Religions David V. Barrett, 2011-05-26

This wide-ranging book explores the diversity of esoteric and occult beliefs. Neo-Paganism is one of the fastest-growing new religions in the western world, where witchcraft or Wicca, Druidry, and Urban Shamanism are thriving. Alongside this, there has been an upsurge in New Age ideas of an even wider variety, including astrology, Tarot, numerology, and many others. And then there are members of various schools of occult science practising High Magic. Why this new interest in old beliefs? Why are millions of educated people today abandoning both the established religion of their parents and 21st-century scientific rationalism and turning to magic and esoteric teachings? In their search for spirituality, those who follow these paths claim to be applying ancient wisdom to the modern world. The Brief History of Secret Religions, a companion book to The Brief History of Secret Societies, looks at the history and variety of these esoteric movements, where they came from, and what they tell us about the world today. Praise for The New Believers, an excellent guide to fringe

religions that juxtaposes respectable movements and those conventionally dismissed as cults The Telegraph no nonsense comprehensive survey packed with non judgmental information about the beliefs aims and activities of such movements Daily Mail
