modern era      **Elements of Fiction** Robert Scholes,1988-05-01      **Elements of Fiction** Robert Scholes,1975      The Four Elements of Fiction Judith Reveal,2014-10-31

The Four Elements of Fiction Character Setting Situation and Theme is a detailed discussion about the importance of how the four elements of fiction must relate to one another in order to produce a page turner This book will provide the reader with the guidelines to help him or her understand how the creative mind can take an idea and effectively turn it into a story that will flow logically from beginning through the middle and to a satisfying end The techniques of character development strong dialogue viewpoint and point of view description are only a few of the items discussed in detail The book also provides a character bio sketch form for those writers who need the organizational help to design effective characters including the protagonist and the antagonist      *Elements of Fiction Writing - Conflict, Action & Suspense* William Noble,1999-03-15

What makes a book a page turner How do you grab your readers right from the start and hold them through the last sentence How do you make your plot twist and turn and keep the action moving without losing continuity You do it by generating drama and developing it using conflict action and suspense You make your reader burn to know what s going to happen next You create tension and build it to the breaking point William Noble shows you how to intensify that pressure throughout your story You ll learn exactly what constitutes conflict action and suspense how they relate to other important ingredients in your story and perhaps most important how to manipulate them Through thorough step by step instruction you ll learn how to set the stage with techniques and devices that enhance drama introduce suspense from the very beginning of your story build suspense through cliff hangers dialogue mood character development point of view subtlety and indirection and time and place bring all that conflict action and suspense to a gripping conclusion There are all sorts of ways to create tension in your prose from using adjectives and nouns that drip with imagery to making quick scene cuts and transitions to accelerating the pace Learn them here Then use them and your story will plunge your readers into a river of worry and the current will carry them to The End      **The Write Genre** Lori Jamison Rog,2004
