Elements Of Mysticism:

The Elements of Mysticism R. A. Gilbert, 1991 Have you ever wondered what mysticism is This text attempts to answer this and many other questions and presents an objective study of the subjective mystical experience Including selected texts from both well known and some more unfamiliar mystics the author suggests an explanation of an essentially personal experience The book attempts to provide answers to the following questions what is mysticism why do people seek mystical experience how can the essence of mysticism be communicated what are the stages on the way of Divine Union and why is mysticism such a universal phenomenon

Elements of Mysticism in Three of William Golding's Novels Gunnel Cleve, 1986

Mysticism Jess Hollenback, 1996-09-15 This sweeping study of mysticism by Jess Hollenback considers the writings and experiences of a broad range of traditional religious mystics including Teresa of Avila Black Elk and Gopi Krishna It also makes use of a new category of sources that more traditional scholars have almost entirely ignored namely the autobiographies and writings of contemporary clairvoyants mediums and out of body travelers This study contributes to the current debate about the contextuality of mysticism by presenting evidence that not only are the mystic's interpretations of and responses to experiences culturally and historically conditioned but historical context and cultural environment decisively shape both the perceptual and affective content of the mystic's experience as well Hollenback also explores the linkage between the mystic's practice of recollection and the onset of other unusual or supernormal manifestations such as photisms the ability to see auras telepathic sensitivity clairvoyance and out of body experiences He demonstrates that these extraordinary phenomena can actually deepen our understanding of mysticism in unexpected ways A unique feature of this book is its in depth analysis of empowerment an important phenomenon ignored by most scholars of mysticism Empowerment is a peculiar enhancement of the imagination thoughts and desires that frequently accompanies mystical states of consciousness Hollenback shows its cross cultural persistence its role in constructing the perceptual and existential environments within which the mystic dwells and its linkage to the fundamental contextuality of mystical experience

Mysticism and Alchemy through the Ages Gary Edson, 2012-09-14 An in depth look into the foundations of mysticism and alchemy this book describes both physical and spiritual aspects of the various theories and practices of transformation with attention to the beliefs of Buddhism Christianity Hinduism Islam Judaism Sufism Tantrism Taoism and Yoga The connection between early mystical pursuits and the development of alchemy from ancient China India and Egypt through Moorish Spain and into Latin Europe are illuminated along with the activities of early alchemists The book which is heavily illustrated describes the beliefs experiments and secret messages that drew the believers and dreamers of the world together in search of wealth and immortality

Mysticism in the Gospel of John Jey Kanagaraj,1998-04-01 This is the first detailed study of Johannine mysticism against a Palestinian Jewish background has been previously undertaken This book investigates whether there was a mystical practice in first century Palestine and whether John can be better understood in the light of such practice if there was any In analysis two strands of Jewish mysticism the early forms of Ma'aseh Merkabah and of Ma'aseh Bereshit emerge as existing in first century Palestine While the former narrates by means of Ezek 1 the experience of seeing God in His kingly glory the latter describes the same experience by using Gen 1 This book consists of three parts Part one analyses Hellenistic mysticism as expressed by the Hermetica and Hellenistic Jewish mysticism as presented by Philo Part two traces the important elements of Merkabah mysticism from the later Hekhalot literature and the Jewish and Christian writings belonging to 2 cent BCE 1 cent CE by defining the term mysticism in terms of the fourteen aspects of Jewish mysticism an exegetical study of seven themes is undertaken in Part Three The study shows that the conceptual parallels in John with Hellenistic mysticism and Hellenistic Jewish mysticism are very slender but indicates John's polemical motive against the Merkabah mystics of his time He calls them to believe in Jesus as the Christ the Son of God by proclaiming that the divine glory claimed by them to be revealed in human like form on the throne is now visible in the historical person Jesus particularly in his death on the Cross Thus Jewish Throne mysticism seems to have been reinterpreted by John as Cross mysticism **Dictionary of the**
