Angels Andy Angel, 2012-06-01 If you think you know all about angels think again Although the modern Western world claims to have left angels behind as mythical creatures they are back in popular culture And much of what people are thinking exploring and believing about them finds its roots in ancient Jewish and Christian beliefs Andrew Angel opens up the surprising world of angels to interested enquirers through an examination of the ancient Jewish and Christian texts in which they are found He asks questions about what angels have to do with religious ecstasy surviving suffering and politics among other things finding surprising and sometimes controversial answers Informed by the latest scholarship yet accessible to all this book provides a well researched and thought provoking introduction to angels *The White Giraffe Series: The Elephant's Tale* Lauren St John, 2010-05-14 The fourth book in the heart warming White Giraffe series by Lauren St John featuring the African adventures of Martine and her magical white giraffe When a sinister stranger calls at Sawubona Martine is in for a shock He claims he's the rightful owner of the reserve and every animal in it including the white giraffe With just thirteen days to save her home Martine and Ben stowaway on a plane to Namibia where the key to the mystery lies But trouble follows them to the desert dunes There they uncover a plot to destroy a herd of rare elephants And to rescue them they need the help of the elephants themselves *The 30 Trials of Ix and the Angels* Mark Durant, 2004-09-16 The 30 Trials of Ix and the Angels follows Ix Pantheos from his awakening in a ruined castle through his travels to the moon the sun and beyond carried along by the songs of thirty angels as they initiate him into the mysteries of consciousness and the nature of existence The answer seemingly found and the journey apparently nearing its end Ix then finds that he must suffer the

destruction of his former self and face a new struggle to hold onto all that was revealed to him Born of a series of meditations performed by the author and utilizing an eclectic mix of various world religious and occult philosophies the story is a surreal journey into the depths of the mind echoing Ix s own quest to redeem both himself and mankind While it stands alone as an engaging read for those unacquainted with the various schools of inquiry that comprise the fertile field within which it took root it retains that symbolism which may prove insightful to like minded readers who find themselves treading its obscure paths

Living in Words Garry L. Hagberg,2023-05-16 Living in Words Literature Autobiographical Language and the Composition of Selfhood pursues three main questions What role does literature play in the constitution of a human being What is the connection between the language we see at work in imaginative fiction and the language we develop to describe ourselves And is something more powerful than just description at work that is does self descriptive or autobiographical language itself play an active role in shaping and solidifying our identities This adventurous book suggests that interdisciplinary work interweaving philosophy and literature can answer these questions Main sections investigate the relational model of the self derived from American pragmatism the sense of rightness that can attach to descriptions of ourselves and our actions the analogy between interpreting works of art and the interpretation of persons the special power of literature as a self compositional tool and the architecture of self narratives and the corresponding growth of self understanding what we can learn from cautionary tales concerning the tragic lack of self knowledge the possibility of rewriting and rereading the self and overall the assembly of real life structures of self definition through our reflective engagement with literature Throughout the book develops a model of active self constitutive literary reading that provides language for and sharpens self individuation and sensibility Conjoining a relational conception of selfhood to a narrative conception of self understanding Living in Words makes a powerful claim that aesthetic experience and our engagement with the arts is a far more serious matter in human life and society than it in some quarters is taken to be

Flamenco Hips and Red Mud Feet Dixie Salazar,2010-02-15 Duality is at the center of Flamenco Hips and Red Mud Feet a striking collection of poems both intimate and grand The poet Dixie Salazar has spent a lifetime forging her own identity out of two cultures On one side was my father

s world Spanish speaking from las montañas On the other side was my mother's world a deep Southern drawl wafting from the magnolia and chinaberry trees As her poems reveal she is a product of both cultures but not completely at home in either one In the two sections of the book Inside and Outside parallelism and symmetry interact with themes both public and private Flamenco Hips and Red Mud Feet presents thirty nine poems in free verse and traditional poetic forms especially the sonnet and adaptations of the sonnet The sonnet usually consisting of the octet eight lines that sets up the main idea of the poem and the sestet six lines that resolves answers or completes the poem is a natural form for a poet whose identity is divided Double sonnets and double linked sonnets doubled reflect the duality the poet feels inside her skin And the poems written to and for a lost sister reinforce the theme Throughout this provocative book Salazar navigates the alienation of her cultural in between ness By the end she appears to become more comfortable with her status of outsider deciding that she doesn't need to give in to pressures to pick a side or to accept others ideas of where her own borders begin or end
