Western tradition and disrupt the political view that reconciliation is the only legitimate response to atrocities of the past Rather transcending the perpetrator s typical denial or partial confession this extraordinary form of dual documentary creates confrontational tension and opens up the possibility of a transformation in power relations allowing viewers to access feelings of moral resentment Raya Morag examines works by Rithy Panh Rob Lemkin and Thet Sambath and Lida Chan and Guillaume Suon among others to uncover the ways in which filmmakers endeavor to allow the survivors moral status and courage to guide viewers to a new more complete understanding of the processes of coming to terms with the past These documentaries show how moral resentment becomes a way to experience symbolize judge and finally incorporate evil into a system of ethics Morag s analysis reveals how perpetrator cinema provides new epistemic tools and propels the recent social cultural psychological shift from the era of the witness to the era of the perpetrator

The Films of Fred Schepisi Brian McFarlane,2021-11-15 Fred Schepisi is one of the crucial names associated with the revival of the Australian film industry in the 1970s The Films of Fred Schepisi traces the lead up to his critical successes in feature filmmaking via his earlier award winning success as a producer in advertising commercials in the 1960s and the setting up of his own company Unlike some directors he derived from this experience a sure sense of the commercial aspects of filmmaking as well as its aesthetic considerations The volume also considers stories of his early education in a Catholic seminary which he drew on in his semiautobiographical film The Devil s Playground the success of which launched him as an exciting new feature director The volume expands on Schepisi s success story to chart his development as a director in demand in other countries notably in the US and the UK as well as continuing to make major films in Australia Brian McFarlane argues that Schepisi s career is symptomatic of Australian directors who have made their presences felt on the international stage Whereas other key directors of the Australian film revival such as Peter Weir and Bruce Beresford have been the subject of book length critical studies Schepisi s career has not to date been so explored McFarlane takes a critical account of Schepisi s film output including such standouts as The Chant of Jimmie Blacksmith Plenty Roxanne Six Degrees of Separation Mr Baseball and Last Orders and he augments analysis with interviews with the director By discussing the production histories and both critical and popular receptions McFarlane s study shines a new light on Schepisi s work and his rise to prominence in the global film industry
