From Nazis To Nasa:

NASA, Nazis & JFK Kenn Thomas, William Torbitt, 1996 In 1970 a photocopied manuscript began circulating among conspiracy researchers entitled Nomenclature of an Assassination Cabal by William Torbitt a pseudonym The Torbitt Document was a damning expose of J Edgar Hoover Lyndon Johnson John Connally and Werner von Braun among many others for their role in the assassination of President John F Kennedy This first published edition of the Torbitt Document emphasizes what the manuscript says about the link between Operation Paperclip Nazi scientists working for NASA the Defence Industrial Security Command DISC the assassination of JFK and the secret Nevada air base known as Area 51 The Torbitt Document illuminates the darker side of NASA the Military Industrial Complex and the connections to Mercury Nevada and the Area 51 complex which headquarters the secret space programme **From Nazis to NASA** Bob Ward, 2006 Sheds light on Wernher von Braun's contributions to launching the first US satellite and winning the Moon race with the Saturn V super booster that powered Armstrong Aldrin Collins and their successors to the lunar surface A gregarious night owl von Braun also played the piano and cello and was an avid reader and conversationalist *How Apollo Flew to the Moon* W. David Woods, 2011-08-08 Stung by the pioneering space successes of the Soviet Union in particular Gagarin being the first man in space the United States gathered the best of its engineers and set itself the goal of reaching the Moon within a decade In an expanding 2nd edition of *How Apollo Flew to the Moon* David Woods tells the exciting story of how the resulting Apollo flights were conducted by following a virtual flight to the Moon and its exploration of the surface From launch to splashdown he hitches a ride in the incredible spaceships that took men to another world exploring each step of the journey and detailing the enormous range of disciplines techniques and procedures the Apollo crews had to master While describing the tremendous technological accomplishment involved he adds the human dimension by calling on the testimony of the people who were there at the time He provides a wealth of fascinating and accessible material the role of the powerful Saturn V the reasoning behind trajectories the day to day concerns of human and spacecraft health between two worlds the exploration of the lunar surface and the sheer daring involved in traveling to the Moon and the mid twentieth century Given the tremendous success of the original edition of *How Apollo Flew to the Moon* the second edition will have a new chapter on surface activities inspired by reader's comment on Amazon.com There will also be additional detail in the existing chapters to incorporate all the feedback from the original edition and will include larger illustrations **How Outer Space Made America** Daniel Sage, 2016-04-29 In this innovative book Daniel Sage analyses how and why American space exploration reproduced and transformed American cultural and political imaginations by appealing to and to an extent organizing the transcendence of spatial and temporal frontiers In so doing he traces the development of a seductive and powerful yet complex and unstable American geographical imagination the transcendental state Historical and indeed contemporary space exploration is despite some recent notable exceptions worthy of more attention across the social sciences and

humanities While largely engaging with the historical development of space exploration it shows how contemporary cultural and social and indeed geographical research themes including national identity critical geopolitics gender technocracy trauma and memory can be informed by the study of space exploration *Nazi International* Joseph P. Physicist and Oxford educated historian Joseph P Farrell continues his best selling series of expos s on secret Nazi technology Nazi survival and post war Nazi manipulation of various manufacturing technologies economies and whole countries Beginning with pre War corporate partnerships in the USA including the Bush family he moves on to the surrender of Nazi Germany and evacuation plans of the Germans He then covers the vast and still little known recreation of Nazi Germany in South America with help of Juan Peron I G Farben and Martin Bormann Farrell then covers Nazi Germany s Penetration of the Muslim World including Wilhelm Voss and Otto Skorzeny in Gamel Abdul Nasser s Egypt before moving onto the development and control of New Energy Technologies including the Bariloche Fusion Project Dr Philo Farnsworth s Plasmator and the Work of Dr Nikolai Kozyrev Finally Farrell discusses the Nazi desire to control space and examines their connection with NASA the esoteric meaning of NASA Mission Patches plus final chapters on Alchemy Esotericism The SS and the Unified Field Theory Craze 1943 1945 Strange Events from the end of World War II and other Postwar Shenanigans This book is literally packed with information Space Travelers and the Genesis of the Human Form Joan D'Arc,2000 Can Darwinian evolution actually prove that we are alone in the Universe This book illustrates that Darwinian evolution is not an empirically predictable or testable scientific paradigm Also shows that ancient artifacts on Mars and the Moon are evidence of Game Wardens in our own solar system Could the Earth be a controlled DNA repository for the ongoing creation and dissemination of life forms including humans The author puts forth compelling evidence in this well researched work *The Engineering of Consent* David Klooz,2021-02-10 There are many people and many authors who believe that civilization mankind or our species has amnesia I do not believe this I believe we have been lied to since the beginning of recorded history and even before that The first half of this book is about our four previous civilizations and the out of place artifacts and knowledge that has been hidden debunked lost or forgotten such as the giant skeletons recorded in most newspapers in the 19th century recorded Indian Vimanas that flew powered by a spinning plasma engines in 7 000 BCE as well as flying Aeros in Bavaria and the Western United States It is about the Cro Magnon giants of the Atlantean civilization escaping to the area of the Caucasus Mountains Northern Africa the Canary Islands and the East Coast of the Americas during the Solar System cataclysm in 10 900 BCE It is about that same tall Atlantean Aryan Iranian race with blue eyes and red and blonde hair that migrated from the Caucasus mountains and became the ruling class from China to Egypt It is also the story of the stealing destroying hiding and perverting the occult and lost knowledge of the Brotherhood by the High priests of Egypt known as the Scarlet Council so that only they could control who could become part of their New Brotherhood That ancient knowledge was also perverted by the addition of the Jewish Kabbalah a mixture of alchemy numerology gematria and magic

as well as by the Alumbrados an emerging occult movement founded by Spanish Marranos The members were baptized Jews who secretly kept their Talmudic faith Also the Khazars Krypto Jews from near the Black Sea with their knowledge of Babylonian black magic and money magic perverted the Mysteries This confusing jumble was added to the existing Egyptian Osiris Isis Horus Cult which was the basis of Freemasonry which was infiltrated by Adam Weishaupt and his 2000 members along with the Jesuits and the Vatican This became the New Illuminati Finally it is about the control of the masses by religion and by the alchemy of social engineering to manipulate the masses through disinformation brainwashing and the fear of terror It uses mass death rituals like 9 11 and public assassination rituals such as that of JFK for shock value The use of this alchemical social engineering is used in the engineering of consent in order to protect the masses from the terror and hopelessness that the Brotherhood itself has created This culture of control can also be seen by the use of political correctness the additional attempts to limit free speech and the creation of hopelessness mistrust and eugenics by lockdowns masks quarantines and forced use of untested injections Remember the Nuremberg Code and Never Again That was a lie as well We are living it that lie

Rocket Man Paula Astridge,2018-09-05 Baron Wernher von Braun is one of the most controversial men in history While he was responsible for the V 2 missile which caused devastation and killed thousands during WW2 he is also celebrated as the man who flew us to the moon in Apollo 11 Was he good or bad A very murky line still clouds the truth Not helped by the fact that there was a very suspicious lack of documentation in regard to his wartime activities Official paperwork which it is debated he deliberately destroyed that would have answered the question of whether he was in fact an active member of the SS who brutalized prisoners at the infamous Dora Concentration Camp or simply a scientist doing his duty who bore no direct responsibility for the horrors of the Third Reich The issue has never been resolved but either way there is no doubt that America actively turned a blind eye to his possible war crimes to secure his services There was post war evidence that well before war s end von Braun and his associates attempted to broker a deal with America s GE Corporation with a view to offering them their expertise in regard to future rocketry Von Braun s switching of allegiance from one country to another proved to be a long hard road One fought in the desolated desert of New Mexico and against the dyed in the wool prejudice of America s deep South He however had a relentless drive and fought with a passion to achieve his dreams of space and to sell them to the public He was a brilliant charming man who had it all Too much those who were jealous of his worldwide celebrity and genius would say In both Germany and America theirs was an unremitting campaign to bring him down and von Braun forever had an uphill battle combating the malicious envy of others and the endless accusations of his Nazi past The question remains Was he guilty or innocent And will this book s intriguing new insights finally clear his name
