From Prejudice to Destruction ,1982 **After Progress** Norman Birnbaum,2002-07 Here Birnbaum traces the decline and fall of social reform in Europe and America He shows for example that William Howard Taft railed against socialism by which he meant anything restricting the market Roots of Theological Anti-Semitism Anders Gerdmar,2009 Exploring the link between German biblical interpretation and anti Semitism this book is a fresh comprehensive study of leading German exegetes concluding that although Nazism brought anti Semitic exegesis to a head age old thought structures provided powerful legitimation for oppression Catastrophe and Meaning Moishe Postone, Eric L. Santner,2003-11-15 This collection features essays that consider the role of anti semitism in the recounting of the Holocaust the place of the catastrophe in the narrative of twentieth century history the questions of agency and victimhood that the Holocaust inspires *Our Hands Are Stained with Blood* Michael L. Brown,1992 A description of 2 000 years of Christian persecution of the Jews written by a Jewish Christian who contends that Christians are almost totally ignorant of the Jews agony throughout the centuries Pointing to the Jewish origins of Jesus and the apostles and to positive aspects of Judaism decries the Christian distortion of Judaism and the hatred and lies spread against the Jewish people up to the present day Although he believes that the Jews will eventually come to accept Jesus as the Messiah Brown calls on Christians to approach Jews with love and not with hatred He states that Satan is the author of the spirit of antisemitism and that Christians must recognize that when they hate Jews they are heeding not God but Satan **Post-Zionism, Post-Holocaust** Elhanan Yakira,2009-10-30 This book contains three independent essays available in English for the first time as well as a post scriptum written for the English edition The common theme of the three essays is the uses and abuses of the Holocaust as an ideological arm in the anti Zionist campaigns The first essay examines the French group of left wing Holocaust deniers The second essay deals with a number of Israeli academics and intellectuals the so called post Zionists and tries to follow their use of the Holocaust in their different attempts to demonize and delegitimize Israel The third deals with Hannah Arendt and her relations with Zionism and the State of Israel as reflected in her general work and in Eichmann in Jerusalem the views that she formulates are used systematically and extensively by anti and post Zionists Yakira argues that each of these is a particular expression of an outrage anti Zionism and a wholesale delegitimation of Israel **Interpreting Antisemitism** Shulamit Volkov,2023-09-05 Being a historian of Germany and of the German Jews in modern times the author has written numerous essays on the history and historiography of Antisemitism in this country Some of them are rather well known such as the essay on Antisemitism as a Cultural Code and others were printed in peripheral journals and Festschriften or were never published in English Since the phenomenon of Jew hating is now once again an issue discussed by scholars and non scholars alike both in Europe and in the United States and especially since it now arouses particular interest in the context of the Palestinian fight against Israel it seems timely to re publish these essays in a slightly revised form and attach to them an

extended introduction as well as a follow up essay at the end updating old notions reformulating some and adding commentary on controversies that are being conducted today regarding the term Antisemitism its various contexts and the phenomenon it signifies Freshly looking at Antisemitism in Germany before during and after National Socialism seems to be needed at this point in time Antisemitism in Galicia Tim Buchen,2020-08-01 In the last third of the nineteenth century the discourse on the Jewish question in the Habsburg crownlands of Galicia changed fundamentally as clerical and populist politicians emerged to denounce the Jewish assimilation and citizenship This pioneering study investigates the interaction of agitation violence and politics against Jews on the periphery of the Danube monarchy In its comprehensive analysis of the functions and limitations of propaganda rumors and mass media it shows just how significant antisemitism was to the politics of coexistence among Christians and Jews on the eve of the Great War **Defining Germany** Brian E. Vick,2002 He examines debates over fundamental issues that included citizenship qualifications minority linguistic rights Jewish emancipation and territorial disputes and offers valuable insights into nineteenth century liberal opinion on the Jewish Question language policy and ideas of race BOOK JACKET *Antisemitism* Steven Beller,2015 In this Very Short Introduction Steven Beller explores the historical and political intricacies of Antisemitism an issue which has been a worryingly persistent presence in the last millennium and one that continues to provoke debate and discussion Future Tense Jonathan Sacks,2012-08-07 We are in danger says Rabbi Sacks of forgetting what Judaism's place is within the global project of humankind The Jewish people exist for a reason and it is not for themselves alone They must recommit themselves to their foundational purpose to the task of creating a just world in which the divine presence can dwell among us all Without compromising one iota of Jewish faith Rabbi Sacks declares Jews must stand alongside their friends Christian Muslim Hindu Sikh Buddhist and secular humanist in defense of freedom against those who desecrate life And they should do this not to win friends or the admiration of others but because it is what a people of God is supposed to do Rabbi Sacks's powerful message of tikkum olam using Judaism as a blueprint for repairing an imperfect world will resonate with people of all faiths

Christian Supremacy Magda Teter,2025-03-04 A panoramic cultural and legal history that traces the roots of antisemitism and racism to early Christian theology Since the earliest days of Christianity theologians expressed pervasive anxiety about Jews as equal members of society and with European expansion in the early modern period that anxiety extended to people of color This troubling legacy still haunts us today Christian Supremacy demonstrates how theological and legal frameworks created by the church centuries ago laid the seeds of antisemitism and anti Black racism and reveals why Christian identity lies at the heart of the world's violent white supremacy movements In a powerful historical narrative spanning nearly two millennia Magda Teter describes how Christian theology of late antiquity cast Jews as children born to slavery and how the supposed theological inferiority of Jews became inscribed into law creating tangible structures that reinforced a sense of Christian domination and superiority With the dawn of European colonialism a distinct brand of

European Christian supremacy found expression in the legally sanctioned enslavement and exploitation of people of color later taking the form of white Christian supremacy in the New World Drawing on a wealth of primary evidence ranging from the theological and legal to the philosophical and artistic Christian Supremacy is a profound reckoning with history that traces the roots of the modern rejection of Jewish and Black equality to an enduring Christian heritage of exclusion intolerance and persecution

Efron, 2025-04-29 An engaging 700 year history of meat at the intersection of German and Jewish culture uniquely illuminating the rich fraught and tragic history of German Jewry In Judaism meat is of paramount importance as it constitutes the very focal point of the dietary laws With an intricate set of codified regulations concerning forbidden and permissible meats highly prescribed methods of killing and elaborate rules governing consumption meat is one of the most visible and gustatory markers of Jewish distinctness and social separation It is an object of tangible touchable and tastable difference like no other In All Consuming historian John M Efron focuses on the contested culture of meat and its role in the formation of ethnic identities in Germany To an extent not seen elsewhere in Europe Germans have identified thought about studied decried and gladly eaten meat understood to be Jewish Expressions of this engagement are found across the cultural landscape in literature sculpture and visual arts and evident in legal codes and commercial enterprises Likewise Jews in Germany have vigorously defended their meats and the culture and rituals surrounding them by educating Germans and Jews alike about their meaning and relevance Exploring a cultural history that extends some seven hundred years from the Middle Ages to today Efron goes beyond a discussion of dietary laws and ritual slaughter to take a broad view of what meat can tell us about German Jewish identity and culinary culture Jewish and Christian religious sensibilities and religious freedom for minorities in Germany In so doing he provides a singular window into the rich fraught and ultimately tragic history of German Jewry
