From Rome To Byzantium The Fifth Century A D:

From Rome to Byzantium Michael Grant, 2015-03-04 Byzantium was dismissed by Gibbon in the Decline and Fall of the Roman Empire and his Victorian successors as a decadent dark oriental culture given up to intrigue forbidden pleasure and refined cruelty This great empire founded by Constantine as the seat of power in the East began to flourish in the fifth century AD after the fall of Rome yet its culture and history have been neglected by scholars in comparison to the privileging of interest in the Western and Roman Empire Michael Grant's latest book aims to compensate for that neglect and to provide an insight into the nature of the Byzantine Empire in the fifth century the prevalence of Christianity the enormity and strangeness of the landscape of Asia Minor and the history of invasion prior to the genesis of the empire Michael Grant's narrative is lucid and colourful as always lavishly illustrated with photographs and maps He successfully provides an examination of a comparatively unexplored area and constructs the history of an empire which rivals the former richness and diversity of a now fallen Rome

From Rome to Byzantium AD 363 to 565 A. D. Lee, 2013-01-15 Between the deaths of the Emperors Julian 363 and Justinian 565 the Roman Empire underwent momentous changes Most obviously control of the west was lost to barbarian groups during the fifth century and although parts were recovered by Justinian the empire's centre of gravity shifted irrevocably to the east with its focal point now the city of Constantinople Equally important was the increasing dominance of Christianity not only in religious life but also in politics society and culture Doug Lee charts these and other significant developments which contributed to the transformation of ancient Rome and its empire into Byzantium and the early medieval west By emphasising the resilience of the east during late antiquity and the continuing vitality of urban life and the economy this volume offers an alternative perspective to the traditional paradigm of decline and fall
