From The Auroral Darkness:

Spirit in the Dark Josef Sorett, 2016 While many of the most significant black intellectual movements of the second half of the twentieth century have been perceived as secular Josef Sorett demonstrates in this book that religion was actually a fertile fluid and formidable force within these movements *Spirit in the Dark* examines how African American literary visions were animated and organized by religion and spirituality from the New Negro Renaissance of the 1920s to the Black Arts movement of the 1960s

A Dark Night in Aurora Dr. William H. Reid, 2018-07-24 James Holmes killed or wounded seventy people in a movie theater in Aurora Colorado Only one man was allowed to record extensive interviews with the shooter This is what he found On July 20 2012 in Aurora Colorado a man in dark body armor and a gas mask entered a midnight premiere of *The Dark Knight Rises* with a tactical shotgun a high capacity assault rifle and a sidearm He threw a canister of tear gas into the crowd and began firing Soon twelve were dead and fifty eight were wounded young children and pregnant women were among them The man was found calmly waiting at his car He was detained without resistance Unlike the Columbine Newtown San Bernadino and Las Vegas shootings James Holmes is unique among mass shooters in his willingness to be taken into custody alive In the court case that followed only Dr William H Reid a distinguished forensic psychiatrist would be allowed to record interviews with the defendant Reid would read Holmes diary investigate his phone calls and text messages interview his family and acquaintances speak to his victims and review tens of thousands of pages of evidence and court testimony in an attempt to understand how a happy seemingly normal child could become a killer *A Dark Night in Aurora* uses the twenty three hours of unredacted interview transcripts never seen by the public and Reid s research to bring the reader inside the mind of a mass murderer The result is chilling gripping study of abnormal psychology and how a lovely boy named Jimmy became a killer
