From The Great War To The Great Depression 1913 1933 A Historical Dictionary

Kenneth J. Panton

From The Great War To The Great Depression 1913 1933 A Historical Dictionary:

Historical Dictionary from the Great War to the Great Depression Neil A. Wynn, 2013-12-16 The period from 1913 to 1933 is not often seen as a coherent entity in the history of the United States It is more often viewed in terms of two distinct periods with the pre war era of political engagement idealism and reform known as progressivism separated by World War I from the materialism conservatism and disengagement of the prosperous 1920s To many postwar observers and later historians the entry of the United States into the European conflict in 1917 marked not just a dramatic departure in foreign relations but also the end of an era of reform This second edition of *Historical Dictionary from the Great War to the Great Depression* covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about a vital period in U S history

Historical Dictionary of the Civil War and Reconstruction William L. Richter, 2004-05-17 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North While not always a period to be proud of it did have higher goals and compelling ends This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history Substantial coverage is given to the time that followed the Civil War Reconstruction This was a period construed in many different ways by the individuals involved many of whom had little concern for the impact of their acts on others and even fewer who were interested in the plight of the newly enfranchised blacks for whom the war had supposedly been fought While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government No matter how one looks at it the Civil War continues to affect the politics constitutionalism and societal norms of the United States in an irrevocable way and it probably always will It was a very personal war not fought by machines but by men affecting countless Americans who have one or more Civil War veterans hidden in their family trees It s a war modern enough to be relevant to today s military interests yet gentlemanly enough to be

The A to Z from the Great War to the Great Depression Neil A. Wynn, 2009-07-16 This volume examines significant individuals and developments in American political economic social and cultural history between the years 1913 and 1933 It was a time of momentous change including

involvement in World War I the Red Scare the Jazz Age the Crash of 1929 and the onset of the Great Depression It covers the presidencies of Woodrow Wilson Warren G Harding Calvin Coolidge and Herbert Hoover and the shift from reformism to conservatism Prohibition and gangsterism symbolized the apparent failure of politics The A to Z from the Great War to the Great Depression covers this important period in American history with a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on everything from automobiles chemicals and electrical goods to mass entertainment and the rise of Hollywood radio and sport **Historical Dictionary of the Great Depression, 1929-1940**

James S. Olson, 2001-09-30 Today when most Americans think of the Great Depression they imagine desperate hoboes riding the rails in search of work unemployed men selling pencils to indifferent crowds bootleggers hustling illegal booze to secrecy shrouded speakeasies FDR smiling or Judy Garland skipping along the yellow brick road Hard times have become an abstraction But there was a time when economic suffering was real when hunger stalked the land and Americans tried to forget their troubles in movie theaters or in front of a radio From the stock market crash of October 1929 to Germany's invasion of Norway France and the Low Countries in 1940 the Great Depression blanketed the world economy Its impact was particularly deep and direct in the United States This was the era when the federal government became a major player in the national economy and Americans bestowed the responsibility for maintaining full employment and stable prices on Congress and the White House making the Depression years a major watershed in U S history In more than 500 essays this book provides a ready reference to those hard times covering the diplomacy popular culture intellectual life economic problems public policy issues and prominent individuals of the era Historical Dictionary of Arms Control and Disarmament Jeffrey A. Larsen, James M. Smith, 2005-03-25

Historical Dictionary of Arms Control and Disarmament also provides information that is comprehensible to all readers Jeffrey A Larsen and James M Smith present a context for the broader range of international relations at a given point in time extending the utility of the dictionary beyond just a narrow examination of arms control

BOOK JACKET Historical Dictionary of Estonia Toivo Miljan, 2015-05-21 Estonia is a small European Union country population 1.3 million but physically the size of Netherlands and Switzerland at the historic interface of East and West Europe and Russia free from Soviet occupation only for twenty five years Estonia boasts many notable achievements in the past has one of the most advanced economies in the region It has made impressive progress politically having shed a half century of communist domination and shifted to democracy making it a model for other transitional states It is at the forefront of Internet services its secure digital ID cards are used for all interactions with government agencies for voting at elections and among government agencies as well as in private banking This second edition of Historical Dictionary of Estonia covers its history through a chronology an introductory essay glossary appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about

Estonia *Historical Dictionary of American Theater* James Fisher, Felicia Hardison Londré, 2017-11-22 This book covers the history of theater as well as the literature of America from 1880 1930 The years covered by this volume features the rise of the popular stage in America from the years following the end of the Civil War to the Golden Age of Broadway with an emphasis on its practitioners including such diverse figures as William Gillette Mrs Fiske George M Cohan Maude Adams David Belasco George Abbott Clyde Fitch Eugene O'Neill Texas Guinan Robert Edmond Jones Jeanne Eagels Susan Glaspell The Adlers and the Barrymores Tallulah Bankhead Philip Barry Maxwell Anderson Mae West Elmer Rice Laurette Taylor Eva Le Gallienne and a score of others Entries abound on plays of all kinds from melodrama to the newly embraced realistic style ethnic works Irish Yiddish etc and such diverse forms as vaudeville circus minstrel shows temperance plays etc This second edition of *Historical Dictionary of American Theater Modernism* covers the history of modernist American Theatre through a chronology an introductory essay and an extensive bibliography The dictionary section has over 2 000 cross referenced entries on actors and actresses directors playwrights producers genres notable plays and theatres This book is an excellent access point for students researchers and anyone wanting to know more about the American Theater in its greatest era

Historical Dictionary of U.S. Diplomacy from World War I Through World War II Martin Folly, Niall Palmer, 2010-04 The period from the beginning of World War I to the end of World War II was one of the most significant in the history of the United States Twice the nation was drawn into foreign entanglements wars it initially thought were of no concern and therefore tried to steer clear of only to realize it could not stand aside With each war the United States geared up in record time entered the fray and was crucial to the outcome Each tested the American people and their leaders and in each case the country came out of the conflagration stronger than before and emerged as a world leader *Historical Dictionary of U S Diplomacy from World War I through World War II* relates the events of this crucial period in U S history through a chronology an introductory essay and more than 600 cross referenced dictionary entries on key people places events institutions and organizations Book Jacket **Historical Dictionary of the United States** Kenneth J. Panton, 2022-08-23

The evolution of the United States from a late 18th century coalition of rebel British colonies to a 21st century global superpower was shaped by several forces As the nation expanded its boundaries after the Treaty of Paris confirmed independence from Great Britain in 1783 it acquired a rich variety of resources coal fertile soils forests iron ore oil precious metals space and varied climates as well as extensive tracts of territory Technological innovations such as the cotton gin and steam power enabled entrepreneurs to exploit those resources and create wealth Federal and state legislators provided environments in which the economy could flourish and military strategists kept the country safe from external attack Diplomats negotiated commercial agreements with foreign governments and cultivated multinational alliances that strengthened freedoms Through its focus on the people and places that shaped the country's economic and political development and its detailed accounts of the processes that enabled the U S to expand across the continent *Historical*

Dictionary of the United States contains a chronology an introduction and an extensive bibliography The dictionary section has more than 400 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the United States Historical Dictionary of Lesotho John Aerni-Flessner, Charles Fogelman, Nthabiseng

Mokoena-Mokhali, 2023-11-30 Lesotho s history has long been defined by its enclave status within South Africa but it is a hard fought and hard won status that helps unite Basotho through the shared history of struggle against colonial rule in the region Since the end of apartheid in 1994 Lesotho s status as a separate entity has been called into question though the fierce national pride built through centuries of resistance to outside rule has mitigated against any serious discussions of incorporating Lesotho into South Africa Still the political instability and lack of a flourishing domestic economy have made life difficult for the majority of Basotho and could call into question the viability and legitimacy of the state in the eyes of its citizens if it cannot enact significant reforms in the coming decades Historical Dictionary of Lesotho Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Lesotho **Historical**

Dictionary of Gothic Literature William Hughes, 2013 Literary fashions come and go but some hang around longer than others like Gothic literature which has existed ever since The Castle of Otranto in 1764 During this long while it has spread from England to the rest of Great Britain and across to the continent and off to America and Australia filling in the gaps more recently Most of it is in English but hardly all and it has adopted all styles from romanticism to modernism to postmodernism and even adjusted to feminist and queer literature and science fiction We have all read some Gothic tales or if not read then seen them in the cinema since they adapt well to film treatment and it would be hard to find anyone who has not heard of ghosts and vampires let alone Count Dracula and Frankenstein On the other hand some of us are inveterate Gothic fans reading one book or story after the other The Historical Dictionary of Gothic Literature follows this long and winding path first in an extensive chronology and then a useful introduction which explains the nature of Gothic and shows how it has evolved Obviously the dictionary section has entries on major writers and some of the best known works but also on geographical variants like Irish Scottish or Russian Gothic and Female Gothic Queer Gothic and Science Fiction This is provided in over 200 often substantial and always intriguing entries More can be found in a detailed bibliography including general works but also more specialized ones on different styles and genres and also specific authors This book should certainly interest the fans but also more serious researchers *Historical Dictionary of United States Political Parties*

Harold F. Bass Jr., 2009-09-01 The constitution that establishes the institutional framework for American national government makes no mention of political parties Yet for over two centuries political parties have competed in encouraging organizing

and directing political activity in the United States This volume compiles entries of concepts terms labels and individuals central to identifying and comprehending these key roles political parties have played in American political life The second edition of Historical Dictionary of United States Political Parties addresses the historical development organization operation and leadership of the parties as well as their broader environment This is done through a chronology an introductory essay appendixes a bibliography and over 800 cross referenced dictionary entries addressing individuals institutions and terms

Historical Dictionary of International Relations Peter Lamb, Fiona Robertson-Snape, 2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations [Historical Dictionary of the U.S. Congress](#) Michael J. Pomante II, 2020-09-15 The U S Congress can be traced to the founding and the debates in Philadelphia in the summer of 1787 but to suggest that the Congress in the first decade of the 21st century is the same Congress that was created over 220 years ago would be wildly misleading The entries in this volume will elaborate on the original compromises and the ensuing evolution of legislative practice and review how Congress has developed through several distinctive eras This second edition of Historical Dictionary the U S Congress contains a chronology an introduction and an extensive bibliography The dictionary section has over 500 cross referenced entries on the key concepts terms labels and individuals central to identifying and comprehending the key role Congress plays in the history of the U S This book is an excellent resource for students researchers and anyone wanting to know more about the U S Congress **Historical Dictionary of Lesotho** Scott Rosenberg, Richard F.

Weisfelder, 2013-06-13 Lesotho is rather different from most other African countries For starters it is a kingdom which preserves a traditional hierarchy and customs and its population consists of one fairly homogenous ethnic group although admittedly there are differences and occasional rifts within it Then it is a landlocked country completely surrounded by South Africa on which it depends heavily Economically it has not been doing particularly well this partly because the country is so poorly endowed by nature and its people often eke out a living abroad Politically there have been ups and downs the downs fortunately lying in the past with Lesotho doing somewhat better since the latest elections Socially and culturally as hinted it is quite unique and this can be gathered from reading the book This second edition of Historical Dictionary of Lesotho covers

the full scope of Lesotho's ancient colonial and independence eras. It gives greater emphasis to the more recent period and brings the book fully up to date. This is done through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on civil society, key events, leaders, governmental, international, religious, and other private organizations, policies, political movements, and parties, economic elements, and many other areas that have shaped the country's trajectory. This book is an excellent access point for students, researchers, and anyone wanting to know more about Lesotho.

Historical Dictionary of the 1940s James Gilbert Ryan, Leonard C

Schlup, 2015-03-26 The only available historical dictionary devoted exclusively to the 1940s, this book offers readers a ready reference portrait of one of the twentieth century's most tumultuous decades. In nearly 600 concise entries, the volume quickly defines a historical figure, institution, or event and then points readers to three sources that treat the subject in depth. In selecting topics for inclusion, the editors and authors offer a representative slice of life as contemporaneous Americans saw it, with coverage of people, movements, court cases, and economic, social, cultural, political, military, and technological changes. The book focuses chiefly on the United States but places American lives and events firmly within a global context.

Historical Dictionary from the Great War to the Great Depression Neil A. Wynn, 2014 The *Historical Dictionary from the Great War to the Great Depression* examines significant individuals and developments in American political, economic, social, and cultural history between 1913 and 1933. This time of momentous change in the U.S. included World War I, the Red Scare, the Jazz Age, the Crash of 1929, and the onset of the Great Depression. The book covers the presidencies of Woodrow Wilson, Warren G. Harding, Calvin Coolidge, and Herbert Hoover, and the country's political shift from reformism to conservatism.

Historical Dictionary of the Dominican Republic Eric Paul Roorda, 2016-04-28 The colony called Santo Domingo, which became the Dominican Republic, was the violent crucible in which the ingredients of the New World—drawn from America, Europe, and Africa—were fused together for the first time. Humans, religions, technologies, animals, plants, and learned behaviors. The history of the Dominican Republic diverged from the patterns established by the rest of Latin America as it ultimately gained independence not from Spain but from Haiti, and Spain later recolonized the country during a watershed period in the 1860s. In the 20th century, the United States occupied the Dominican Republic on two formative occasions: from 1916 to 1924 and again in 1965. Interventions detailed in this volume. At every turn, the backdrop to this pattern of shaky sovereignty has been the extreme instability of Dominican politics, which has been punctuated by incessant civil wars, coups, and periods of dictatorship until the last few decades. The *Historical Dictionary of the Dominican Republic* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Dominican Republic.

Historical Dictionary of United States-Africa Relations Robert Anthony Waters Jr., 2009-03-20 The image of Africa among Americans at the

beginning of the 21st century is tragic America's image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government's support for African governments that treat their people as prey instead of citizens The Historical Dictionary of United States Africa Relations encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations **Choice** ,2007
