From The Ground Up An Italian Immigrants Story:

Forgotten Italians Konrad Eisenbichler, 2019-01-01 Scholarship on Italian emigration has generally omitted the Julian Dalmatians a group of Italians from Istria and Dalmatia two regions that in the wake of World War Two were ceded by Italy to Yugoslavia as part of its war reparations to that country Though Italians by language culture and traditions it seems that this group has been conveniently excised from history And yet Julian Dalmatians constitute an important element in twentieth century Italian history and represent a unique aspect of both Italian culture and emigration This ground breaking collection of articles from an international team of scholars opens the discussion on these forgotten Italians by briefly reviewing the history of their diaspora and then by examining the literary and artistic works they produced as immigrants to Canada Forgotten Italians offers new insights into such celebrated authors as Diego Bastianutti Mario Duliani Caterina Edwards and Gianni Angelo Grohovaz as well as visual artists such as Vittorio Fiorucci and Silvia Pecota Profoundly marked by the experience of being uprooted and forced into exile by life in refugee camps and by the encounter with a new culture first generation Julian Dalmatians in Canada used art and writing to come to terms with their anguished situation and to rediscover their cultural roots

Voices of Women Writers Elena Anna Spagnuolo, 2023-10-10 This book investigates the practice of writing and self translating phenomenon of self translation within the context of mobility through the analysis of a corpus of narratives written by authors who were born in Italy and then moved to English speaking countries Emphasizing writing and self translating As practices which exists in conjunction with a process of redefinition of identity the book illustrates how these authors use language to negotiate and voice their identity in trans migratory contexts Rethinking the Great White North Andrew Baldwin, Laura Cameron, Audrey Kobayashi, 2011-09-21 Canadian national identity is bound to the idea of a Great White North Images of snow wilderness and emptiness seem innocent yet this path breaking volume shows they contain the seeds of contemporary racism Rethinking the Great White North moves the idea of whiteness to the centre of debates about Canadian history geography and identity Informed by critical race theory and the insight that racism is geographical as well as historical and cultural the contributors trace how notions of race whiteness and nature helped shape Canada s identity as a white country in travel writing and treaty making scientific research and park planning and within small towns cities and tourist centres These nuanced explorations of diverse historical geographies of nature not only revisit the past they offer a new vocabulary for contemporary debates on Canada s role in the North and the nature of multiculturalism

History from the Bottom Up and the Inside Out James R. Barrett, 2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities Creating Societies Dirk Hoerder, 2000 The birth of Canada as a society and a nation has often been told from the narrow perspective of the founding nations These versions have left little room for the everyday experiences of a wide variety of individual immigrants who have had to adjust

Before Official Multiculturalism Franca Iacovetta, 2022-11-01 For almost two decades before Canada officially adopted multiculturalism in 1971 a large network of women and their allies in Toronto were promoting pluralism as a city and nation building project Before Official Multiculturalism assesses women as liberal pluralist advocates and activists critically examining the key roles they played as community organizers frontline social workers and promoters of ethnic festivals The book explores women s community based activism in support of a liberal pluralist vision of multiculturalism through an analysis of the International Institute of Metropolitan Toronto a postwar agency that sought to integrate newcomers into the mainstream and promote cultural diversity Drawing on the rich records of the Institute as well as the massive International Institutes collection in Minnesota the book situates Toronto within its Canadian and North American contexts and addresses the flawed mandate to integrate immigrants and refugees into an increasingly diverse city Before Official Multiculturalism engages with national and international debates to provide a critical analysis of women s pluralism in Canada

Gendered Pasts Kathryn McPherson, Cecilia Morgan, Nancy Forestell, 2003-12-15 It is commonplace today to suggest that gender is socially constructed that the roles women and men fulfill in their daily lives have been created and defined for them by society and social institutions But how have men and women negotiated and navigated the gender roles that have been thrust upon them With Gendered Pasts Kathryn McPherson Cecilia Morgan and Nancy M Forestell have collected eleven engaging essays that seek to answer this question in a wide ranging exploration of specific gendered dimensions of nineteenth and twentieth century Canadian history The contributors cover all manner of topics related to gender and history across Canada including female vagrancy gambling drinking and sex the role of the miner s wife the portrayal of gay men and the sharply defined role of nurses Unusual in its breadth Gendered Pasts is essential to the understanding of the various threads and themes in Canadian gender history Previously published by Oxford University Press

The Workers' Festival Craig Heron, Steve Penfold, 2005-12-15 For most Canadians today Labour Day is the last gasp of summer fun the final long weekend before returning to the everyday routine of work or school But over its century long history there was much more to the September holiday than just having a day off In The Workers Festival Craig Heron and Steve Penfold examine the complicated history of Labour Day from its origins as a spectacle of skilled workers in the 1880s through its declaration as a national statutory holiday in 1894 to its reinvention through the twentieth century The holiday s inventors hoped to blend labour solidarity community celebration and increased leisure time by organizing parades picnics speeches and other forms of respectable

leisure As the holiday has evolved so too have the rituals with trade unionists embracing new forms of parading negotiating and bargaining and other social groups re shaping it and making it their own Heron and Penfold also examine how Labour Day s monopoly as the workers holiday has been challenged since its founding with alternative festivals arising such as May Day and International Women s Day The Workers Festival ranges widely into many key themes of labour history union politics and rivalries radical movements religion Catholic and Protestant race and gender and consumerism leisure as well as cultural history public celebration urban procession urban space and communication and popular culture From St John s to Victoria the authors follow the century long development of the holiday in all its varied forms *Italian Roots and Canadian Blossoms* Arcangelo Martino,2000 Working Lives Craig Heron,2018-10-09 Craig Heron is one of Canada s leading labour historians Drawing together fifteen of Heron s new and previously published essays on working class life in Canada Working Lives covers a wide range of issues including politics culture gender wage earning and union organization A timely contribution to the evolving field of labour studies in Canada this cohesive collection of essays analyzes the daily experiences of people working across Canada over more than two hundred years Honest in its depictions of the historical complexities of daily life Working Lives raises issues in the writing of Canadian working class history especially working class realism and how it is eventually inscribed into Canada s public history Thoughtfully reflecting on the ways in which workers interact with the past Heron discusses the important role historians and museums play in remembering the adversity and milestones experienced by Canada s working class **Histoire Sociale** ,1999 **Creeping Conformity** Richard Harris,2004-01-01 Creeping Conformity the first history of suburbanization in Canada provides a geographical perspective both physical and social on Canada s suburban past Shaped by internal and external migration decentralization of employment and increased use of the streetcar and then the automobile the rise of the suburb held great social promise reflecting the aspirations of Canadian families for more domestic space and home ownership After 1945 however the suburbs became stereotyped as generic physically standardized and socially conformist places By 1960 they had grown further away physically and culturally from their respective parent cities and brought unanticipated social and environmental consequences Government intervention also played a key role encouraging mortgage indebtedness amortization and building and subdivision regulations to become the suburban norm Suburban homes became less affordable and more standardized and for the first time Canadian commentators began to speak disdainfully of the suburbs or simply suburbia Creeping Conformity traces how these perceptions emerged to reflect a new suburban reality **New York Stories** Constance Rosenblum,2005-05 One publication cultivating many of New York City s greatest stories is the City section in The New York Times The Routledge History of Italian Americans William Connell,Stanislao Pugliese,2017-09-27 The Routledge History of Italian Americans weaves a narrative of the trials and triumphs of one of the nation s largest ethnic groups This history comprising original essays by leading scholars and critics addresses themes that include the Columbian legacy immigration the labor movement

Memories of Belonging: Descendants of Italian Migrants to the United States, 1884-Present Christa Wirth, 2015-02-11 *Memories of Belonging* is a three generation oral history study of the offspring of southern Italians who migrated to Worcester Massachusetts in 1913 Supplemented with the

interviewees private documents and working from U S and Italian archives Christa Wirth documents a century of transatlantic migration assimilation and later generation self identification Her research reveals how memories of migration everyday life and ethnicity are passed down through the generations altered and contested while constituting family identities The fact that not all descendants of Italian migrants moved into the U S middle class combined with their continued use of hyphenated identities points to a history of lived ethnicity and societal exclusion Moreover this book demonstrates the extent of forgetting that is required in order to construct an ethnic identity
