Cultural Contact and the Making of European Art since the Age of Exploration Mary D. Sheriff, 2010-06-21 Art historians have long been accustomed to thinking about art and artists in terms of national traditions This volume takes a different approach suggesting instead that a history of art based on national divisions often obscures the processes of cultural appropriation and global exchange that shaped the visual arts of Europe in fundamental ways between 1492 and the early twentieth century Essays here analyze distinct zones of contact between various European states between Asia and Europe or between Europe and so called primitive cultures in Africa the Americas and the South Pacific focusing mainly but not exclusively on painting drawing or the decorative arts Each case foregrounds the centrality of international borrowings or colonial appropriations and counters conceptions of European art as a pure tradition uninfluenced by the artistic forms of other cultures The contributors analyze the social cultural commercial and political conditions of cultural contact including tourism colonialism religious pilgrimage trade missions and scientific voyages that enabled these exchanges well before the modern age of globalization Contributors Claire Farago University of Colorado at Boulder Elisabeth A Fraser University of South Florida Julie Hochstrasser University of Iowa

Hacker Daniels, 2025-06-12 Casting the Art of Rhetoric with Theater and Drama Taking Center Stage explores rhetoric and theater as they relate to one another developing the understanding of rhetoric as theory and praxis This book addresses rhetorical themes and cultural resonances as well as the oft overlooked symbiosis of rhetoric and theater Rather than addressing audiences as either observers of rhetorical artifacts or theatrical performance this work demonstrates the intersection of the two which strengthens theatrical events and their cultural significance Overall the volume showcases the many ways in which an understanding of the relationship between rhetorical and poetic theories can benefit dramatic convention and the breaking thereof **Hidden in Plain View** Jacqueline L. Dobard, 2011-05-25 The fascinating story of a friendship a lost tradition and an incredible discovery revealing how enslaved men and women made encoded quilts and then used them to navigate their escape on the Underground Railroad In Hidden in Plain View historian Jacqueline Tobin and scholar Raymond Dobard offer the first proof that certain quilt patterns including a prominent one called the Charleston Code were in fact essential tools for escape along the Underground Railroad In 1993 historian Jacqueline Tobin met African American quilter Ozella Williams amid piles of beautiful handmade quilts in the Old Market Building of Charleston South Carolina With the admonition to write this down Williams began to describe how slaves made coded quilts and used them to navigate their escape on the Underground Railroad But just as quickly as she started Williams stopped informing Tobin that she would learn the rest when she was ready During the three years it took for Williams s narrative to unfold and as the friendship and trust between the two women grew Tobin enlisted Raymond Dobard Ph D an art history professor and well known African American quilter to help unravel the mystery Part adventure and part history Hidden in Plain View traces the origin of the Charleston Code from Africa to the Carolinas from the low country island Gullah peoples to free blacks living in the cities of the North and shows how three people from completely different backgrounds pieced together one amazing American story With a new afterword Illustrations and photographs throughout including a full color photo insert

Jews and Ukrainians in Russia's Literary Borderlands Amelia Glaser, 2012-02-22 Studies of Eastern European literature have largely confined themselves to a single language culture or nationality In this highly original book Glaser shows how writers working in Russian Ukrainian and Yiddish during much of the nineteenth century and the early part of the twentieth century were in intense conversation with one another The marketplace was both the literal locale at which members of these different societies and cultures interacted with one another and a rich subject for representation in their art It is commonplace to note the influence of Gogol on Russian literature but Glaser shows him to have been a profound influence on Ukrainian and Yiddish literature as well And she shows how Gogol must be understood not only within the context of his adopted city of St Petersburg but also that of his native Ukraine As Ukrainian and Yiddish literatures developed over this period they were shaped by their geographical and cultural position on the margins of the Russian Empire As distinctive as these writers may seem from one another they are further illuminated by an appreciation of their common relationship to Russia Glaser's book paints a far more complicated portrait than scholars have traditionally allowed of Jewish particularly Yiddish literature in the context of Eastern European and Russian culture **Fodor's Essential Europe** Fodor's Travel Guides, 2014-06-24 Written by locals Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years With its sophisticated culture rich history and abundant beauty both natural and man made the continent is a top destination for travelers But for those with limited time who want more guidance on must sees this book covers the top spots and must see sights in 24 countries This travel guide includes Dozens of maps A 16 page color insert with a brief introduction and spectacular photos that capture the top experiences and attractions throughout Europe Hundreds of hotel and restaurant recommendations with Fodor's Choice designating our top picks Multiple itineraries to explore the top attractions and what's off the beaten path Coverage of Austria Belgium Croatia Czech Republic France Germany Greece Hungary Ireland Italy The Netherlands Portugal Scandinavia and the Baltic States Slovenia Spain Switzerland Turkey and United Kingdom Planning to focus your trip more Check out Fodor's country and city guides across the continent including Croatia England France Germany Greece Italy Ireland Portugal Scotland Spain Switzerland as well as Amsterdam London Paris Prague Rome Vienna and more *Harper's New Monthly Magazine* , 1883
