Brookfarm, MA

Brook Farm, a celebrated nineteenth-century New England utopian community, was founded by Unitarian minister George Ripley and other progressive, Transcendentalist Unitarians, to be, in Ripley's words, a new Jerusalem, the "city of God, anew." From its founding in 1841 until it went bankrupt in 1847, Brook Farm influenced many of the social reform movements of its day: abolitionism, associationalism, the workingmen's movement, and the women's rights movement. It represented both a test of Transcendentalist dreams and a challenge to Transcendentalist individualism.

women faced legal and social restrictions ranging from coverture to slavery the emergence of residential communities designed by French utopian writer Charles Fourier introduced spaces where female leadership and social organization became possible Communitarian women helped shape the ideological underpinnings of some of the United States most enduring and successful reform efforts including the women s rights movement the abolition movement and the creation of the Republican Party Dr Hart argues that these movements were intertwined with activists influencing multiple organizations within unexpected settings

My Wars Are Laid Away in Books Alfred Habegger, 2001-12-15 Emily Dickinson probably the most loved and certainly the greatest of American poets continues to be seen as the most elusive One reason she has become a timeless icon of mystery for many readers is that her developmental phases have not been clarified In this exhaustively researched biography Alfred Habegger presents the first thorough account of Dickinson s growth a richly contextualized story of genius in the process of formation and then in the act of overwhelming production Building on the work of former and contemporary scholars *My Wars Are Laid Away in Books* brings to light a wide range of new material from legal archives congregational records contemporary women s writing and previously unpublished fragments of Dickinson s own letters Habegger discovers the best available answers to the pressing questions about the poet Was she lesbian Who was the person she evidently loved Why did she refuse to publish and why was this refusal so integral an aspect of her work Habegger also illuminates many of the essential connection sin Dickinson s story between the decay of doctrinal Protestantism and the emergence of her riddling lyric vision between her

father's political isolation after the Whig Party's collapse and her private poetic vocation between her frustrated quest for human intimacy and the tuning of her uniquely seductive voice The definitive treatment of Dickinson's life and times and of her poetic development *My Wars Are Laid Away in Books* shows how she could be both a woman of her era and a timeless creator Although many aspects of her life and work will always elude scrutiny her living changing profile at least comes into focus in this meticulous and magisterial biography **The Transportation Revolution, 1815-60** George R.

Taylor, 2015-06-05 Part of a series of detailed reference manuals on American economic history this volume traces the development and rapid growth of transportation across the USA in the mid 1800s **Glorying in Tribulation** Erlene Stetson, Linda David, 1994-08-31 In *Glorying in Tribulation* Stetson presents a new dimension of Sojourner Truth's character Much of the information regarding this oft quoted African American woman is either the stuff of legend or is in dispute This important new biography takes both legend and fact and sets them into a larger historical context The authors utilize archival sources and other forms of direct and indirect evidence to create a better understanding of Truth We see her victories as well as her defeats we see her as a real person Truth comes alive in the pages of this book through her poignant prophetic words and we realize that what she spoke of in the nineteenth century is just as relevant to us today *Glorying in Tribulation* offers students scholars and teachers of American history and culture studies a comprehensive look and a new perspective on Truth's contribution to American history It is a long overdue exciting interpretation of the meaning of Sojourner Truth's life **Excelsior** Hutchinson Family (Singers), 1989 The journals of the New Hampshire family that became the best known musicians of the day chronicle not only their performances and adventures first hand but explore the social economic and cultural life of the time **For All the People** John Curl, 2012-07-01 Seeking to reclaim a history that has remained largely ignored by most historians this dramatic and stirring account examines each of the definitive American cooperative movements for social change farmer union consumer and communalist that have been all but erased from collective memory Focusing far beyond one particular era organization leader or form of cooperation *For All the People* documents the multigenerational struggle of the American working people for social justice While the economic system was in its formative years generation after generation of American working people challenged it by organizing visionary social movements aimed at liberating themselves from what they called wage slavery Workers substituted a system based on cooperative work and constructed parallel institutions that would supersede the institutions of the wage system With an expansive sweep and breathtaking detail this scholarly yet eminently readable chronicle follows the American worker from the colonial workshop to the modern mass assembly line from the family farm to the corporate hierarchy ultimately painting a vivid panorama of those who built the United States and those who will shape its future John Curl with over forty years of experience as both an active member and scholar of cooperatives masterfully melds theory practice knowledge and analysis to present the definitive history from below of cooperative America This second edition contains a new introduction by

Ishmael Reed a new author's preface discussing cooperatives in the Great Recession of 2008 and their future in the 21st century and a new chapter on the role co-ops played in the Food Revolution of the 1970s The Communitarian Moment Christopher Clark, 2019-06-07 In 1842 a group of radical abolitionists formed a community in Northampton Massachusetts in order to pioneer a better and purer state of society Calling themselves the Northampton Association of Education and Industry they envisioned a world free of poverty and inequality religious intolerance slavery and racial injustice In telling the fascinating and little known history of the Association Christopher Clark offers insights into the communitarian moment of the 1840s which saw the establishment of dozens of utopian communities by Americans determined to challenge the tenets of their society One of the few places in mid nineteenth century America where white and black people could live as equals the Northampton community was home to almost two hundred and fifty men women and children during its four and a half years of existence The membership comprised an unusual collection of individuals among them small manufacturers abolitionist lecturers teachers craftsmen laborers and former slaves including Sojourner Truth Offering biographical sketches of a variety of intriguing characters Clark describes the inhabitants daily routines their struggle to support themselves through the production of silk the roles of men and women and tensions among members of different cultural backgrounds Finally he looks at the reasons for the closing of the community and follows the lives of its members recounting the subsequent softening of their political convictions Throughout his masterful narrative Clark views the Northampton Association in its wider social and cultural context He shows how by attempting to initiate radical change the Association and other utopian groups tested the ideological limits of antebellum society Clark helps us understand both the significance of their vision and what was lost when that vision was abandoned **Encyclopedia of American Communes, 1663-1963** Foster Stockwell, 2013-04-30 Swanendael the first communal experiment in America was established in 1663 by Mennonites from Holland The scant records available on the community show that 41 people led by Pieter Cornelisz Plockhoy settled in an area near Lewes Delaware in the late summer These souls as they were called shared all things in common refused to keep slaves practiced religious toleration for all but Catholics and stiff necked Quakers and had the first free school in the New World The opening of the New World made America the ideal location for many experimental communities Its unspoiled and inexpensive land encouraged social experimentation and as a result most of the world's communes have been established in the United States This encyclopedia details the more than 500 communes established in America from Swanendael 1663 through Tolstoy Farm founded in 1963 Entries include the name of the commune the years it operated the community's leaders a brief history a discussion of extant buildings or artifacts and sources for further study David Ruggles Graham Russell Hodges, 2010 Presents the life of the most prominent black abolitionist of antebellum America describing his work as a writer and activist whose assistance to runaway slaves in New York City inspired the formation of the Underground Railroad **Courting Communities** Kathy Glass, 2013-09-13 Courting Communities focuses on the writing and oratory of

nineteenth century African American women whose racial uplift projects troubled the boundaries of race nation and gender In particular it reexamines the politics of gender in nationalist movements and black women s creative response within and against both state and insurgent black nationalist discourses *Courting Communities* highlights the ideas and rhetorical strategies of female activists considered to be less important than the prominent male nationalists Yet their story is significant precisely because it does not fit into the pre established categories of nationalism and leadership bequeathed to us from the past Sojourner Truth Catherine Bernard,2016-07-15 The women s suffrage movement received support from several key abolitionists One example was the freed slave and antislavery advocate who called herself Sojourner Truth Through primary sources images and engaging narrative students will learn that in addition to Truth s impassioned battle to end slavery she also fought for women s rights speaking to the crowds at suffrage gatherings during the 1850s and until her death **From Slavery to the Sorbonne and Beyond** Leona Christine Gabel,1975 Poetry and Bondage Andrea Brady,2021-10-21 Offering a new theory of poetic constraint this book analyses contributions of bound people to the history of the lyric **The Commentaries of Pius II** Pope Pius II,1937
