Victim to Survivor Nancy Werking Poling, 2009-03-01 One of the church's most shameful secrets is pastors who sexually abuse their congregants. In *Victim to Survivor* Nancy Werking Poling offers the harrowing and poignant stories of six women who were sexually abused by their pastors and tell in their own voices what they did about it. In their pain these victims survivors and thrivers dare to call upon the church to be a safe refuge for all people women and men alike. And in their personal journeys of healing they demonstrate a tenacious faith grounded in gospel truth compelling church leaders to acknowledge this hurtful hypocrisy, advocate for healthy pastoral relationships and finally call pastors to accountability.

Narrating Injustice Survival Willem de Lint, Marinella Marmo, 2018-07-03 This book explores the role of self medication in reflexive response to victimhood and victim recovery. Based on interviews, counsellor focus groups and a self medication survey it situates self medication among the coping strategies that may be set in formal and informal networks. Victims primarily seek validation and this book reviews self medication with particular focus on how victim survivors develop a variety of reflexive responses in their attempt to carve out a dignified response to victimization. Validation may be achieved through the pursuit of justice but many victims suffer from multiple or complex victimisation with limited social chances necessary to achieve a just outcome. Routines, beliefs and an ordered pathway distinguish a dignified identity and more or less successful recovery adaptations. This book also addresses the practical implications of the findings for support organisations.
