*Shanghai in Transition* Jos Gamble, 2005-07-27

In the decades following the introduction of Communist Party rule in Shanghai in 1949 the city's economy infrastructure and links with the world all atrophied. However the past decade has seen far reaching economic reforms implemented to recreate Shanghai as a cosmopolitan world financial and trade centre. This book focuses on the lives of local residents and their perceptions of their changing city and presents an evocative series of ethnographic perspectives of the city's shifting sociological landscape in this period of transition.

*Enduring Controversies in Military History* Spencer C. Tucker, 2017-09-21

This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events. Why did Alexander the Great's empire fall apart so soon after his death? How did France win the Hundred Years War despite England winning its major battles? Was slavery the primary cause of the American Civil War? Would it have benefited the Allies militarily to have gone to war against Germany in 1938 rather than in 1939? Should women be allowed to serve in combat positions in the U.S. military? All of these questions and many other historical controversies are addressed in this thought provoking reference book. By exploring every angle of some of the most contentious debates involving military history this book builds students' critical thinking skills by supplying a complete background of the controversial topic to provide context and also by providing multiple perspective essays written by top scholars in the field. The perspective essays present arguments for different positions on the controversy. Readers will consider the cases for and against whether Hannibal should have marched on Rome after his momentous victory at Cannae, whether the United States was justified in using the atomic bomb in Japan, whether Adolf Hitler was primarily responsible for the Holocaust and whether torturing prisoners during the War on Terror is warranted among many other historical military debates.

At Home in Many Worlds Raoul David Findeisen, 2009

This volume is dedicated to one of the founding figures of Israeli Chinese studies Professor Irene Eber of The Hebrew University of Jerusalem. It assembles more than two dozen essays by colleagues from all over the world that reflect not only the wide range of her scholarly interests but above all the fields of research which would not have been established without her and where her contributions will remain. Accordingly the section Philosophy in China and Intellectual History discusses the thorny and complex process of organizing the heritage from the earliest constructed traditions in Han times around the beginning of our era up to the debates on modernization in present day China. After an excursion in Chinese Literature much space is devoted to Translating the Bible in China, a topic on which her numerous studies have proved seminal and that deals with Chinese perceptions. As its complement perceptions of China in systematic and historical perspective are at the core of the section devoted to Jewish Life and Letters in the World. The contributions share their

approach of paying particular attention to the translation processes strictly speaking and to the hermeneutical process of understanding across time and space more generally A comprehensive list of publications by Irene Eber concludes the volume **Progressive Labor Party, Hearings Before ..., 92-1, April 13,14, and November 18, 1971 (including Index)**. United States. Congress. House. Internal Security,1972 **Progressive Labor Party** United States. Congress. House. Committee on Internal Security,1972 Rosa Luxemburg and the Critique of Political Economy Riccardo Bellofiore,2009-05-27 Bringing together contributors from outside the Marxian tradition as well as from within including Paul Zarembka Jan Toporowski and Paul Mattick Jr this book analyzes the important contributions made by Rosa Luxemburg to economic theory The Constitution of Ancient China Su Li,2018-08-07 How was the vast ancient Chinese empire brought together and effectively ruled What are the historical origins of the resilience of contemporary China s political system In The Constitution of Ancient China Su Li China s most influential legal theorist examines the ways in which a series of fundamental institutions rather than a supreme legal code upholding the laws of the land evolved and coalesced into an effective constitution Arguing that a constitution is an institutional response to a set of issues particular to a specific society Su Li demonstrates how China unified a vast territory diverse cultures and elites from different backgrounds into a whole He delves into such areas as uniform weights and measurements the standardization of Chinese characters and the building of the Great Wall The book includes commentaries by four leading Chinese scholars in law philosophy and intellectual history Wang Hui Liu Han Wu Fei and Zhao Xiaoli who share Su Li s ambition to explain the resilience of ancient China s political system but who contend that he overstates functionalist dimensions while downplaying the symbolic Exploring why China has endured as one political entity for over two thousand years The Constitution of Ancient China will be essential reading for anyone interested in understanding the institutional legacy of the Chinese empire *How to Do Things with History* Danielle Allen,Paul Christesen,Paul Millett,2018-07-30 How to Do Things with History is a collection of essays that explores current and future approaches to the study of ancient Greek cultural history Rather than focus directly on methodology the essays in this volume demonstrate how some of the most productive and significant methodologies for studying ancient Greece can be employed to illuminate a range of different kinds of subject matter These essays which bring together the work of some of the most talented scholars in the field are based upon papers delivered at a conference held at Cambridge University in September of 2014 in honor of Paul Cartledge s retirement from the post of A G Leventis Professor of Ancient Greek Culture For the better part of four decades Paul Cartledge has spearheaded intellectual developments in the field of Greek culture in both scholarly and public contexts His work has combined insightful historical accounts of particular places periods and thinkers with a willingness to explore comparative approaches and a keen focus on methodology Cartledge has throughout his career emphasized the analysis of practice the study not for instance of the history of thought but of thinking in action and through action The assembled essays trace the broad horizons charted by Cartledge s work from studies of

political thinking to accounts of legal and cultural practices to politically astute approaches to historiography The contributors to this volume all take the parameters and contours of Cartledge's work which has profoundly influenced an entire generation of scholars as starting points for their own historical and historiographical explorations Those parameters and contours provide a common thread that runs through and connects all of the essays while also offering sufficient freedom for individual contributors to demonstrate an array of rich and varied approaches to the study of the past **Progressive**

**Confucianism and its Critics** Stephen C. Angle, Yutang Jin, 2024-11-25 In the spring of 2017 US based Confucian philosopher Stephen C Angle took part in a series of dialogues with Chinese Confucians in Beijing The dialogues engage with topics like the relation between Confucianism and modernity whether Confucianism should be understood as philosophy religion or chief ingredient in a distinctively Chinese culture the status of pivotal modern Confucians like Kang Youwei and Mou Zongsan and more generally the prospects for what Angle calls Progressive Confucianism The present book offers translations of those dialogues into English together with epilogues by the two editors reflecting on what the dialogues tell us about the contemporary prospects for Confucianism **Contemporary Studies on Modern Chinese History** Zeng
