## **From Paesani To White Ethnics:**

*From Paesani to White Ethnics* Stefano Luconi, 2001-02-01 Examines the transformations of Italian American ethnic identity in twentieth century Philadelphia      Crabgrass Catholicism Stephen M. Koeth, 2025-08-19 How suburbanization was a crucial catalyst for reforms in the Catholic Church The 1960s in America were a time of revolt against the stifling conformism embodied in the sprawling uniform suburbs of the 1950s Typically the reforms of the Catholic Church's Second Vatican Council which aimed to make the Church more modern and accessible are seen as one result of that broader cultural liberalization Yet in Crabgrass Catholicism Stephen M Koeth demonstrates that the liberalization of the Church was instead the product of the mass suburbanization that began some fifteen years earlier Koeth argues that postwar suburbanization revolutionized the Catholic parish the relationship between clergy and laity conceptions of parochial education and Catholic participation in US politics and thereby was a significant factor in the religious disaffiliation that only accelerated in subsequent decades A novel exploration of the role of Catholics in postwar suburbanization Crabgrass Catholicism will be of particular interest to urban historians scholars of American Catholicism and religious studies and Catholic clergy and laity

*Philadelphia Divided* James Wolfinger, 2011-02-01 In a detailed study of life and politics in Philadelphia between the 1930s and the 1950s James Wolfinger demonstrates how racial tensions in working class neighborhoods and job sites shaped the contours of mid twentieth century liberal and conservative politics As racial divisions fractured the working class he argues Republican leaders exploited these racial fissures to reposition their party as the champion of ordinary white citizens besieged by black demands and overwhelmed by liberal government orders By analyzing Philadelphia's workplaces and neighborhoods Wolfinger shows the ways in which politics played out on the personal level People's experiences in their jobs and homes he argues fundamentally shaped how they thought about the crucial political issues of the day including the New Deal and its relationship to the American people the meaning of World War II in a country with an imperfect democracy and the growth of the suburbs in the 1950s As Wolfinger demonstrates internal fractures in New Deal liberalism the roots of modern conservatism and the politics of race were all deeply intertwined Their interplay highlights how the Republican Party reinvented itself in the mid twentieth century by using race based politics to destroy the Democrats fledgling multiracial alliance while simultaneously building a coalition of its own      *Fifties Ethnicities* Tracy Floreani, 2013-11-01 Demonstrates how written and visual representations worked to construct definitions of ethnicity in midcentury America Fifties Ethnicities brings together a variety of texts to explore what it meant to be American in the middle of America's Century In a series of comparative readings that draws on novels television programs movie magazines and films Tracy Floreani crosses generic boundaries to show how literature and mass media worked to mold concepts of ethnicity in the 1950s Revisiting well known novels of the period such as Vladimir Nabokov's *Lolita* and Ralph Ellison's *Invisible Man* as well as less studied works such as William Saroyan's *Rock Wagram* and C Y Lee's *The Flower Drum Song* the original source of the more famous Rodgers and

Hammerstein musical Floreani investigates how the writing of ethnic identity called into question the ways in which signifiers of Americanness also inherently privileged whiteness By putting these novels into conversation with popular media narratives such as I Love Lucy the author offers an in depth examination of the boundaries and possibilities for participating in American culture in an era that greatly influenced national ideas about identity While midcentury mass media presented an undeniably engaging vision of American success national belonging and guidelines for cultural citizenship Floreani argues that minority writers and artists were at the same time engaging that vision and implicitly participating in its construction

*The Routledge History of American Sport* Linda J. Borish, David K. Wiggins, Gerald R. Gems, 2016-10-04 The Routledge History of American Sport provides the first comprehensive overview of historical research in American sport from the early Colonial period to the present day Considering sport through innovative themes and topics such as the business of sport material culture and sport the political uses of sport and gender and sport this text offers an interdisciplinary analysis of American leisure Rather than moving chronologically through American history or considering the historical origins of each sport these topics are dealt with organically within thematic chapters emphasizing the influence of sport on American society The volume is divided into eight thematic sections that include detailed original essays on particular facets of each theme Focusing on how sport has influenced the history of women minorities politics the media and culture these thematic chapters survey the major areas of debate and discussion The volume offers a comprehensive view of the history of sport in America pushing the field to consider new themes and approaches as well Including a roster of contributors renowned in their fields of expertise this ground breaking collection is essential reading for all those interested in the history of American sport

**Critical Han Studies** Thomas Mullaney, James Patrick Leibold, Stéphane Gros, Eric Armand Vanden Bussche, 2012-02-15 Constituting over ninety percent of China's population Han is not only the largest ethnonational group in that country but also one of the largest categories of human identity in world history In this pathbreaking volume a multidisciplinary group of scholars examine this ambiguous identity one that shares features with but cannot be subsumed under existing notions of ethnicity culture race nationality and civilization

*Sport and the Shaping of Italian-American Identity* Gerald R. Gems, 2013-12-16 Gems traces the experience of the Italian immigrant and illustrates the ways in which sports helped Italian Americans adapt to a new culture assert pride in an ethnic identity and even achieve social advancement Employing historical sociological and anthropological studies Gems explores how sports were instrumental in helping notions of identity evolve from the individual to the community from the racial to the ethnic In doing so Sport and the Shaping of Italian American Identity transcends the study of a particular ethnic group to speak to foundational values and characteristics of the American ethos

**Staying Italian** Jordan Stanger-Ross, 2010-01-15 Despite their twin positions as two of North America's most iconic Italian neighborhoods South Philly and Toronto's Little Italy have functioned in dramatically different ways since World War II Inviting readers into the churches homes and businesses at the heart of these communities Staying Italian

reveals that daily experience in each enclave created two distinct yet still Italian ethnicities As Philadelphia struggled with deindustrialization Jordan Stanger Ross shows Italian ethnicity in South Philly remained closely linked with preserving turf and marking boundaries Toronto s thriving Little Italy on the other hand drew Italians together from across the wider region These distinctive ethnic enclaves Stanger Ross argues were shaped by each city s response to suburbanization segregation and economic restructuring By situating malleable ethnic bonds in the context of political economy and racial dynamics he offers a fresh perspective on the potential of local environments to shape individual identities and social experience

**Philadelphia's King of Little Italy** Charles G. Douglas, Douglas Baldi Swift, 2022-10-03 C C A Baldi ruled Little Italy and everyone who wished to deal with the Italians knew it Go back to turn of the century Philadelphia and discover the incredible immigrant success story of C C A Baldi and his brothers as they build a business empire while pathing a path for the Italian community and becoming the King of Little Italy A New Language, A New World Nancy C. Carnevale, 2010-10-01 An examination of Italian immigrants and their children in the early twentieth century A New Language A New World is the first full length historical case study of one immigrant group s experience with language in America Incorporating the interdisciplinary literature on language within a historical framework Nancy C Carnevale illustrates the complexity of the topic of language in American immigrant life By looking at language from the perspectives of both immigrants and the dominant culture as well as their interaction this book reveals the role of language in the formation of ethnic identity and the often coercive context within which immigrants must negotiate this process **Inventive Politicians and Ethnic Ascent in American Politics** Miriam Jiménez, 2013-11-07 This innovative book investigates the process through which ethnic minorities penetrate into higher echelons of political power specifically how they succeed in getting elected to the U S Congress Analysts today see ethnic politicians largely in relation to their collectivities but by actually studying what ethnic minority politicians do and the issues they have faced Jim nez s book offers an original perspective of analysis Jim nez utilizes a ground breaking comparative dataset of elected members of Congress organized upon the basis of national origin the first available Using the cases of Mexican Americans and Italian Americans Jimenez analyzes and compares the different ways that these ethnic politicians have been elected to the national legislature from the beginning of the 20th century until the present Her study examines Italian and Mexican American politicians actions and interactions with local political parties identifies various layers of political power that have influenced their successes and failures and uncovers the strategies that they have used Jimenez argues that the politically active segment of an ethnic group matters in the process of political incorporation of a group She also asserts that regular access of ethnic groups into upper levels of political office and the full acceptance of new ethnic players only occurs as a consequence of an institutional change Jim nez s pioneering documentation and analysis of the strategies of ethnic minority politicians and the ways that political institutions have influenced these politicians is significant to scholars of political incorporation race and ethnicity and congressional elections

Her book demonstrates the need to reconsider several standard ideas of how minority representation occurs and deepens our understanding of the role that political institutions play in that process [Ethnic Renewal in Philadelphia's Chinatown](#)

Kathryn Wilson, 2015-04-10 Philadelphia's Chinatown like many urban chinatowns began in the late nineteenth century as a refuge for immigrant laborers and merchants in which to form a community to raise families and conduct business But this enclave for expression identity and community is also the embodiment of historical legacies and personal and collective memories In *Ethnic Renewal in Philadelphia's Chinatown* Kathryn Wilson charts the unique history of this neighborhood After 1945 a new generation of families began to shape Chinatown's future As plans for urban renewal ranging from a cross town expressway and commuter rail in the 1960s to a downtown baseball stadium in 2000 were proposed and developed Save Chinatown activists rose up and fought for social justice Wilson chronicles the community's efforts to save and renew itself through urban planning territorial claims and culturally specific rebuilding She shows how these efforts led to Chinatown's growth and its continued ability to serve as a living community for subsequent waves of new immigration

**Redirecting Ethnic Singularity** Yiorgos Anagnostou, Yiorgos D. Kalogeras, Theodora Patrona, 2022-05-03 Winner Vasiliki Karagiannaki Prize for the Best Edited Volume in Modern Greek Studies Promotes the understanding of Italian Americans and Greek Americans through the study of their interactions and juxtapositions *Redirecting Ethnic Singularity* Italian Americans and Greek Americans in Conversation contributes to U.S. ethnic and immigration studies by bringing into conversation scholars working in the fields of Italian American and Greek American studies in the United States Europe and Australia The work moves beyond the single group approach an approach that privileges the study of ethnic singularity to explore instead two ethnic groups in relation to each other in the broader context of the United States The chapters bring into focus transcultural interfaces and inquire comparatively about similarities and differences in cultural representations associated with these two groups This co-edited volume contributes to the fields of transcultural and comparative studies The book is multi-disciplinary It features scholarship from the perspectives of architecture ethnomusicology education history cultural and literary studies and film studies as well as whiteness studies It examines the production of ethnicity in the context of American political culture as well as that of popular culture including visual representations documentary film TV series and low brow crime fiction It includes analysis of literature It involves comparative work on religious architecture transoceanic circulation of racialized categories translocal interconnections in the formation of pan-Mediterranean identities and the making of the immigrant past in documentaries from Italian and Greek filmmakers This volume is the first of its kind in initiating a multidisciplinary transcultural and comparative study across European Americans

**Racial, Ethnic, and Homophobic Violence** Michel Prum, Bénédicte Deschamps, Marie-Claude Barbier, 2012-10-12 With contributions by internationally recognized specialists this book a perfect complement to courses in criminology and hate crime provides a key resource for understanding how racism and homophobia work to produce violence Hate motivated violence is now deemed a serious

national problem in most Western societies With contributions by British Australian American Canadian Irish Italian and French researchers this book addresses a wide spectrum of types of violence including genocide urban riots inter ethnic fighting and forms of hate crime targeting gay and lesbian people Contributors to this volume also consider the political groups responsible for outbursts of hatred their modes of operation and the institutional aspects of hate crime Opening up an interdisciplinary perspective on the ways in which certain groups or individuals are transformed into expiatory victims this compelling book is an essential read for all postgraduate law students and researchers interested in hate crime and society

**Creating White Australia** Jane Carey, Claire McLisky, 2009-11-16 The adoption of White Australia as government policy in 1901 demonstrates that whiteness was crucial to the ways in which the new nation of Australia was constituted And yet historians have largely overlooked whiteness in their studies of Australia s racial past Creating White Australia takes a fresh approach to the question of race in Australian history It demonstrates that Australia s racial foundations can only be understood by recognising whiteness too as race Including contributions from some of the leading as well as emerging scholars in Australian history it breaks new ground by arguing that whiteness was central to the racial ideologies that created the Australian nation This book pursues the foundations of white Australia across diverse locales It also situates the development of Australian whiteness within broader imperial and global influences As the recent apology to the Stolen Generations the Northern Territory Intervention and controversies over asylum seekers reveal the legacies of these histories are still very much with us today

**Beyond C. L. R. James** John Nauright, Alan G. Goble, David K. Wiggins, 2014-11-01 Beyond C L R James brings together essays analyzing the interconnections among race ethnicity and sport Published in memory of C L R James the revolutionary sociologist and writer from Trinidad who penned the famous autobiographical account of cricket titled Beyond a Boundary this collection of essays many of which originated at the 2010 conference on race and ethnicity in sport at the University of West Indies Cave Hill in Barbados cover everything from Aborigines in sport and cricket and minstrel shows in Australia to Zulu stick fighting and football and racism in northern Ireland The essays divided into four sections that include introductory comments by each editor are written by some of the more well known sport historians in the world and characterized by a focus on the role of culture and sport in society in the context of both political economies and the state as well as colonial and postcolonial struggles Included also are discussions on how sport at once brings people together shapes the identities of its participants and reflects the continuing search for social justice

**Engendered Death** Joseph W. Laythe, 2011-12-16 Engendered Death Pennsylvania Women Who Kill is an historical and interdisciplinary study of women who kill in Pennsylvania from the 18th century to the present It is not an examination of what motivates women to kill although the reader may deduce that from the case studies included Instead it is an examination of how society perceives women who kill and how the gender lens is applied to them throughout the legal process in the media and in the courtroom What makes this work particularly unique is its combination of both scholarly

analysis and narrative case studies As such it will appeal to both the scholar and the reader of true crime non fiction If we are to recognize the complex variables at play in all criminal offenses we will need to understand that the laws of a community its social values its politics economics and even geography play a factor in what laws are enforced and against whom they are enforced The decision to define and label certain behaviors and certain people was based on social political and economic considerations of each community Thus the commission of murder by a woman in Arizona may have a variety of factors associated with it that are not present in the case of a woman who murdered her husband in Maine This study in part because of the volume of cases and in part to limit the variables affecting the cases has limited its scope of women killers to the state of Pennsylvania Pennsylvania is the ideal state to study because of its long and stable legal and political traditions its historically diverse population and the large number of newspapers that will help us gauge the public s view of women and women who kill By limiting our scope to one state we know that the legal definitions are fairly consistent for all of the women during a certain period and we can more easily identify the shifts in social values regarding women and homicide

Roaring Metropolis Daniel Amsterdam,2016-03-11 Debates about poverty and inequality in the United States frequently invoke the early twentieth century as a time when new social legislation helped moderate corporate power But as historian Daniel Amsterdam shows the relationship between business interests and the development of American government was hardly so simple Roaring Metropolis reconstructs the ideas and activism of urban capitalists roughly a century ago Far from antigovernment stalwarts business leaders in cities across the country often advocated extensive government spending on an array of social programs They championed public schooling public health the construction of libraries museums parks and playgrounds and decentralized cities filled with freestanding homes a set of initiatives that they believed would foster political stability and economic growth during an era of explosive often chaotic urban expansion The efforts of businessmen on this front had deep historical roots but bore the most fruit during the 1920s an era often misconstrued as an antigovernment moment As Daniel Amsterdam illustrates public spending soared across urban America during the decade due in part to businessmen s political activism With a focus on three different cities Detroit Philadelphia and Atlanta and a host of political groups organized labor machine politicians African American and immigrant activists middle class women s groups and the Ku Klux Klan Roaring Metropolis traces businessmen s quest to build cities and nurture an urban citizenry friendly to capitalism and the will of urban capitalists

**The Italian Legacy in Philadelphia** Andrea Canepari,Judith Goode,2021-12-03 The Italian Legacy in Philadelphia examines the impact and influence of Italian arts culture people and ideas on the city of Philadelphia from the founding to the present

**The Sanctuary City** Domenic Vitiello,2022-08-15 In The Sanctuary City Domenic Vitiello argues that sanctuary means much more than the limited protections offered by city governments or churches sheltering immigrants from deportation It is a wider set of protections and humanitarian support for vulnerable newcomers Sanctuary cities are the places where immigrants and their allies create safe spaces to rebuild

lives and communities often through the work of social movements and community organizations or civil society Philadelphia has been an important center of sanctuary and reflects the growing diversity of American cities in recent decades One result of this diversity is that sanctuary means different things for different immigrant refugee and receiving communities Vitiello explores the migration settlement and local and transnational civil society of Central Americans Southeast Asians Liberians Arabs Mexicans and their allies in the region across the late twentieth and early twenty first centuries Together their experiences illuminate the diversity of immigrants and refugees in the United States and what is at stake for different people and for all of us in our immigration debates
