From Reindeer Lake To Eskimo Point:

From Reindeer Lake to Eskimo Point Peter Kazaks, 2003-11-05 Canoe across large lakes up and down rivers and rapids labour over portages and through a miasma of blackflies bask in the golden evenings of the Subarctic In this account of an 800 mile canoe trip which begins at Reindeer Lake on the Manitoba Saskatchewan border continues into Nunavut past the treeline and ends on Hudson Bay Peter Kazaks conveys the experience of being in the north by describing the daily details that bring the trip to life He captures the flavour of an extended wilderness canoe trip and reflects on living in unfettered wilderness The reader will also grasp something of the serene beauty of the barren lands and begin to understand why its intoxicating nature keeps drawing some back The first half of the trip essentially from Reindeer Lake to Nueltin Lake retraces P G Downes voyage described in his classic *Sleeping Island* Next the four men of this expedition led by George Luste entered the barren lands and followed the Thlewiaza River the Kognak River South Henik Lake and the Maguse River north and east to the shore of Hudson Bay These lands seldom visited are close to a true wilderness one of the few remaining ones

Inuit, Oblate Missionaries, and Grey Nuns in the Keewatin, 1865-1965 Frédéric B. Laugrand, Jarich G. Oosten, 2019-09-19 Over the century between the first Oblate mission to the Canadian central Arctic in 1867 and the radical shifts brought about by Vatican II the region was the site of complex interactions between Inuit Oblate missionaries and Grey Nuns interactions that have not yet received the attention they deserve Enriching archival sources with oral testimony Frédéric Laugrand and Jarich Oosten provide an in depth analysis of conversion medical care education and vocation in the Keewatin region of the Northwest Territories They show that while Christianity was adopted by the Inuit and major transformations occurred the Oblates and the Grey Nuns did not eradicate the old traditions or assimilate the Inuit who were caught up in a process they could not yet fully understand The study begins with the first contact Inuit had with Christianity in the Keewatin region and ends in the mid 1960s when an Inuk woman joined the Grey Nuns and two Inuit brothers became Oblate missionaries Bringing together many different voices perspectives and experiences and emphasizing the value of multivocality in understanding this complex period of Inuit history *Inuit Oblate Missionaries and Grey Nuns in the Keewatin 1865-1965* highlights the subtle nuances of a long and complex interaction showing how salvation and suffering were intertwined

The Barren Ground Caribou of Keewatin Francis Harper, 2023-10-04 In *The Barren Ground Caribou of Keewatin* Francis Harper presents an exhaustive study of the migratory patterns ecological significance and conservation challenges surrounding the Barren Ground Caribou herd in Canada's Keewatin region Harper's meticulous observations and detailed field notes reflect a blend of empirical research and lyrical prose revealing not only the nuances of caribou behavior but also the cultural implications of their decline for Indigenous peoples Situated within the broader context of early 20th century wildlife conservation this work stands out as a pioneering effort in zoological literature bridging the gap between natural history and environmental stewardship Harper who spent years in the Canadian North was profoundly influenced by

the dynamics of the land and its inhabitants His background in natural history and his commitment to preserving these ecosystems guided his research trajectory making his insights not just scientifically relevant but also ethically charged The convergence of his personal experiences academic rigor and advocacy for wildlife preservation shapes the narrative compelling readers to consider the interconnectedness of species and their habitats This seminal book is highly recommended for scholars conservationists and anyone fascinated by wildlife ecology Harper s insights offer a foundational understanding of caribou populations that is as relevant today as it was during his fieldwork Through an engaging intersection of narrative and data the text serves as both a poignant reflection on loss and a clarion call for preservation efforts

Cold Comfort Graham W. Rowley,1996-06-11 Rowley documents an era of arctic exploration of which little has been written and which is fast passing from living memory He captures the traditional way of life in the North before the dramatic changes of the last half century A member of the last expedition in the Canadian North to depend on traditional techniques Rowley recounts how they lived as the Inuit did and travelled by dogsled over unexplored land He describes the isolation the extraordinary vicissitudes of travel in a sometimes savage environment and the generosity and kindness of the Inuit Apart from completing the map of Baffin Island s coastline and finding new islands Rowley excavated the first pure Dorset site near Igloolik establishing the Dorset culture beyond doubt The carvings and artifacts found there illustrations of which are included in this book remain among the best and most beautiful that have been recovered Based on his own diary and the diaries of other members of the expedition Rowley s captivating story presents the perceptions of a young man faced with a completely alien yet fascinating environment and culture A true and often exciting tale of discovery Cold Comfort will appeal to a wide audience as well as to those concerned with the Arctic in general It is an invaluable source for those who specialize in the archaeology anthropology geography and history of northern Canada *Canadian Defence Quarterly* ,1928
