Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon

providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture **The Making of T.S. Eliot** Joseph Maddrey, 2009-05-13 This chronological survey of major influences on T S Eliot's worldview covers the poet's spiritual and intellectual evolution in stages by trying to see the world as Eliot did It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry his life as an American expatriate living in London from 1915 to 1930 including his ill fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition

Arthurian Literature XI Richard Barber, 1992 The vital index to all previous volumes I X plus new research Epitomises what is best in Arthurian scholarship today ZEITSCHRIFT FÜR ROMANISCHE PHILOLOGIE Arthurian Literature is now established as a leading publication for research articles of monograph length on subjects of perennial interest to Arthurians The Index to the first ten volumes representing the years 1980 1990 will be warmly welcomed by Arthurians and other scholars with an interest in medieval and later literature Additionally an extended biographical essay by JANET GRAYSON draws together material relating to the life and work of Jessie Weston who largely working outside the mainstream of scholarly tradition exercised a powerful influence on Arthurian studies The regular Update feature catalogues Arthurian legend in the fine and applied art of the 19th and early 20th centuries contributed by ROGER SIMPSON **From Ritual to Romance** Jessie Weston, 2018-06-20 From Ritual to Romance by Jessie L Weston From Ritual to Romance is a 1920 book written by Jessie L Weston Weston's book is an examination of the roots of the King Arthur legends and seeks to make connections between the early pagan elements and the later Christian influences The book's main focus is on the Holy Grail tradition and its influence particularly the Wasteland motif The origins of Weston's book are in James George Frazer's seminal work on folklore magic and religion The Golden Bough 1890 and in the works of Jane Ellen Harrison The work is mentioned by T S Eliot in the notes to his poem The Waste Land In view of the extensive literature to which the Grail legend has already given birth it may seem that the addition of another volume to the already existing corpus calls for some words of apology and explanation When the student of the subject contemplates the countless essays and brochures the volumes of studies and criticism which have been devoted to this fascinating subject the conflicting character of their aims their hopelessly contradictory results he or she may well hesitate before adding another element to such a veritable witches cauldron of apparently profitless study And indeed were I not convinced that the theory advocated in the following pages contains in itself the element that will resolve these conflicting ingredients into one harmonious compound I should hardly feel justified in offering a further contribution to the subject **Rewards and Punishments in the Arthurian Romances and Lyric Poetry of Mediaeval France** Peter V. Davies, Angus J. Kennedy, 1987 The essays in this volume a Festschrift for

Professor Kenneth Varty are centred on the relatively unexplored theme of rewards and punishments in French Arthurian romance and the medieval lyric The Arthurian studies range over verse Brouillet Chrétien Jean Renart the Roman de Silence and prose Robert de Boron the Queste del Saint Graal Perlesvaus Lancelot and the Tristan reflecting a variety of different approaches from an examination of the legal background to the work of Brouillet to an iconographical survey of hitherto undiscussed and unpublished Tristan illustrations to close textual analysis of an episode in Robert de Boron's Joseph and Merlin

The Pool Group and the Quest for Anthropological Universality Betsy van Schlun, 2016-11-21 Pool was an avant garde group that originated in 1927 in Britain and was active under this name until 1933 The group consisted of the well known modernist poet H D the English writer Bryher and the young Scottish writer and artist Kenneth Macpherson All three were first and foremost writers who at one point discovered film as another modern experimental medium of artistic expression Pool associated with almost all the iconic modernists of their time with Ezra Pound Gertrude Stein Ernest Hemmingway James Joyce Marianne Moore William Carlos Williams T S Eliot and Virginia Woolf to name only a few In addition due to their interest in film they were also befriended with such influential filmmakers as Sergei Eisenstein and Georg Wilhelm Pabst and became closely associated with Weimar Berlin film culture Pool unites classical Modernism and modernity two directions that are usually considered to be contradictory The Pool phenomenon opens a new perspective onto Modernism and prompts a reconsideration of its canonical texts and figures Contrary to many artists of Modernism who devised highly individualistic aesthetic styles the artists of Pool strove towards a universal art of humanity that was rooted in all human nature and psychology

The Holy Grail Richard Barber, 2004-12-02 The Holy Grail is an image familiar to us all as an almost unattainable infinitely desirable goal The idea has passed into everyday speech and the legends behind it are as current in today's culture as they have ever been And yet the Grail has no real religious meaning and is nowhere mentioned in the Bible What is the truth behind this elusive symbol Here Barber traces the history of the stories surrounding the Holy Grail He describes how through a long series of imaginative transformations the grail has moved from the sphere of romance to religion and in twentieth century popular culture has become an emblem of mysticism and man's highest aspirations intimately linked with the central ritual of the Christian faith The search for the grail has always been described as a quest in this book Barber goes on his own quest brilliantly exploring the richness of the Holy Grail's cultural impact Barber traces the history of legends surrounding the Holy Grail from Chrétien de Troyes great romances to the popular bestsellers of the late twentieth century
