

What impact did gold and silver found in the Americas have back in Spain?

- ☐ A golden age was spurred, in which art and literature flourished.
- ☐ Native Americans migrated to and settled throughout Spain.
- ☐ The monarchy kept everything for itself, so nothing much happened.
- ☐ The upper classes overthrew the monarchy out of envy for the riches.

American Literature in Spain John De Lancey Ferguson, 1916 The Literatures of Spanish America and Brazil Earl E. Fitz, 2025-09-02 Charting the twentieth century course of the literature of the Americas The second volume of Earl E Fitz s magisterial survey of the field The Literatures of Spanish America and Brazil The Twentieth Century analyzes Spanish and Portuguese language writing throughout South and Central America as well as in the United States and Canada where it expanded and flourished over the course of the century Fitz argues that Spanish American and Brazilian literatures should be treated as two sides of the same coin together forging a hemispheric identity as new literary aesthetics and political crises swept through the Americas Fitz takes readers on a comparative journey analyzing writers such as Octavio Paz and Juan Rulfo from Mexico Julia de Burgos and Luis Pal s Matos from Puerto Rico Jorge Luis Borges and Victoria Ocampo from Argentina and M rio de Andrade and Patr cia Galv o from Brazil among many others to inspire a more thoroughly integrated understanding of the literature of the Americas Spanish American Literature in the Age of Machines and Other Essays Ángel Rama, 2023-09-01 ngel Rama was among the most prominent Latin American literary and cultural critics of the twentieth century This volume brings together and makes available in English for the first time some of his most influential writings from the 1960s up until his death in 1983 Meticulously curated and translated by Jos Eduardo Gonz lez and Timothy R Robbins Spanish American Literature in the Age of Machines and Other Essays will give readers a new deeper appreciation of how Rama s views on Latin American literary history reflect the dynamic between the region and the rest of the world His rich meditations on the relation between narrative technique social class and group behavior from the point of view of the periphery of capitalism make this volume an important contribution to the study of world literature **Teaching American Literature in Spanish Universities** Carme Manuel Cuenca, 2002 Uno de los aspectos m s valiosos de este libro es que comienza enlazando a trav s de los dos primeros art culos la educaci n universitaria con su nivel inmediatamente anterior la escuela de secundaria una conexi n que a menudo se olvida con serios resultados para ambos En este sentido Benito Camacho Mart n el autor de uno de los art culos realiza un an lisis l cido y en cierto modo dogm tico sobre el declive de la ense anza de literatura en las escuelas de secundaria tanto en horas dedicadas como en conocimientos adquiridos Los otros art culos algunos en ingl s y otros en castellano tratan distintos aspectos de la ense anza de literatura norteamericana con un nfasis manifiesto en materiales del siglo XX y sobre todo en la literatura afro americana de hecho el libro resultar particularmente til para los profesores de esto ltimo **A Companion to Spanish-American Literature** Stephen M. A History of Ecology and Environmentalism in Spanish American Literature Scott M. DeVries, 2013-09-05 A History of Ecology and Environmentalism in Spanish American Literature undertakes a comprehensive ecocritical examination of the region's literature from the foundational texts of the nineteenth century to the most recent fiction The book begins with a consideration of the way in which Argentine Domingo Faustino Sarmiento's views of nature through the lens of the categories of civilization and barbarity from Facundo 1845 are systematically challenged and revised in the rest of the century Subsequently this book develops the argument that a vital part of the cultural critique and aesthetic innovations of Spanish American modernismo involve an ecological challenge to deepening discourses of untamed development from Europe and the United States In other chapters many of the well established titles of regional and indigenista literature are contrasted to counter traditions within those genres that express aspects of environmental justice deep ecology the relational role of emotion in nature protectionism and conservationism even the rights of non human nature Finally the concluding chapters find that the articulation of ecological advocacy in recent fiction is both more explicit than what came before but also impacts the formal elements of literature in unique ways Textual conventions such as language imagery focalization narrative sequence metafiction satire and parody represent innovations of form that proceed directly from the ethical advocacy of environmentalism The book concludes with comments about what must follow as a result of the analysis including the revision of canon the development of literary criticism from novel approaches such as critical animal studies and the advent of a critical dialogue within the bounds of Spanish American environmentalist literature

A History of Ecology and Environmentalism in Spanish American Literature attempts to develop a sense of the way in which ecological ideas have developed over time in the literature particularly the way in which many Spanish American texts anticipate several of the ecological discourses that have recently become so central to global culture current environmentalist thought and the future of humankind
