From The Suburbs Building A Nation From Our Neighbourhoods:

From the Suburbs Mark Latham,2003-03-01 **Quarterly Essay 15 Latham's World** Margaret Simons,2004-09-01 In the third Quarterly Essay of 2004 Margaret Simons takes a long hard look at Mark Latham the self proclaimed club buster and the man who would be prime minister Few doubt Latham s intelligence and ambition but what will this amount to in government Simons argues that if Labor is elected it will not be business as usual Rather we can expect a reformist government in the spirit if not the letter of Latham s political tutor Gough Whitlam It is also likely to be a government that has little time for the totemic issues of the Labor elites This is an essay that takes the political pulse of the nation it is clear eyed probing anchored in observation and an original analysis of the political state of play It ventures into the murky world of Liverpool Council where Latham made enemies and ran the show It reserves harsh words for those in the media who have ignored Latham s ideas and community campaigning in favour of rumour mongering Above all it reveals Latham as a conviction politician and an acute thinker with a prescient understanding of how the urban fringe now drives the politics of the nation Mark Latham s arrival on the political scene has brought to an end the fictions that have dominated politics for the last ten years Margaret Simons Latham s World Christos Tsiolkas and the Fiction of Critique Andrew McCann,2015-06-15 This is the first theoretically informed study of Tsiolkas s work It follows the arc of his controversial career and explores the tensions between political radicality transgressive sexuality and his more recent commercial success **Latham Diaries** Mark Latham,2011-04-01 Here are the political diaries of one of Australia s most promising national leaders published within twelve months of his resignation from office an historic first The Latham Diaries are searingly honest bulletins from the front line of Labor politics They provide a unique view into the life of a man the Party and the nation at a crucial time in Australian history Mark Latham resigned from parliament in January 2005 after only fourteen months as Leader of the Opposition amid bitter post election recrimination and his own ill health From the beginning of his career he was viewed by many observers as the ALP s resident intellectual and larrikin the great hope of a new generation with the drive and talent to become prime minister So why did his career end so abruptly As The Latham Diaries reveal the rising tide of public cynicism about politics the cult of celebrity the dangerous liaison between politics and the media and the sickness at the heart of the Labor machine all played their part As did Latham s own errors as he candidly records in these diaries This is a riveting chronicle of life inside politics the backroom deals the frontroom conniving the bitter defeat of idealism and the triumph of opportunism The Latham Diaries is not just the story of the Labor Party in the last years of the twentieth century and the early twenty first century but a sobering account of the state of Australian democracy 100 years after Federation Habermas Pauline Johnson,2006-04-18 If we are to believe what many sociologists are telling us the public sphere is in a near terminal state Our ability to build solidarities with strangers and to agree on the general significance of needs and problems seems to be collapsing These cultural potentials appear endangered by a newly aggressive attempt to universalize and extend the norms

of the market For four decades Habermas has been trying to bring the claims of a modern public sphere before us His vast oeuvre has investigated its historical sociological and theoretical preconditions has explored its relevance and meaning as well as diagnosing its on going crises In the contemporary climate a systematic look at Habermas lifelong project of rescuing the modern public sphere seems an urgent task This study reconstructs major developments in Habermas thinking about the public sphere and is a contribution to the current vigorous debate over its plight It marshals the significance of Habermas lifetime of work on this topic to illuminate what is at stake in a contemporary interest in rescuing an embattled modern public sphere Habermas project of rescuing the neglected potentials of Enlightenment legacies has been deeply controversial For many it is too lacking in radical commitments to warrant its claim to a contemporary place within a critical theory tradition Against this developing consensus Pauline Johnson describes Habermas project as one that is still informed by utopian energies even though his own construction of emancipatory hopes itself proves to be too narrow and one sided

parties and independent politicians Providing an original argument about the decline of social democracy the author investigates how its decline has increased the popularity of minor parties and independents along with the reasons for social democratic membership and electoral decline This is an important book for scholars of social democracy and the broader themes of world politics political parties social movements and globalization *Literary Festivals and Contemporary Book Culture* Millicent Weber,2018-04-09 There has been a proliferation of literary festivals in recent decades with more than 450 held annually in the UK and Australia alone These festivals operate as tastemakers shaping cultural consumption as educational and policy projects as instantiations representations and celebrations of literary communities and as cultural products in their own right As such they strongly influence how literary culture is produced circulates and is experienced by readers in the twenty first century This book explores how audiences engage with literary festivals and analyses these festivals relationship to local and digital literary communities to the creative industries focus of contemporary cultural policy and to the broader literary field The relationship between literary festivals and these configuring forces is illustrated with in depth case studies of the Edinburgh International Book Festival the Port Eliot Festival the Melbourne Writers Festival the Emerging Writers Festival and the Clunes Booktown Festival Building on interviews with audiences and staff contextualised by a large scale online survey of literary festival audiences from around the world this book investigates these festivals social cultural commercial and political operation In doing so this book critically orients scholarly investigation of literary festivals with respect to the complex and contested terrain of contemporary book culture *Community and Local Governance in Australia* Paul Smyth,Tim Reddel,Andrew Jones,2005 This book examines the resurgence in Australia of locality based social policy concerned with the spatial dimensions of disadvantage after the political failures of the market oriented approach to regional reform The book proposes that these trends are leading to a new post competition policy regime in Australia that mirrors global policy trends *Aspiration and Anxiety* Christina Ho,2020-06-02 The children of Asian migrants are often perceived to be perfect students ambitious studious and compliant They are remarkably successful routinely outperforming other students in exams dominating selective school intakes and disproportionately winning places at prestigious universities While their hard work and success have been praised their achievements have ignited fierce debates about whether their migrant parents are pushing too hard or whether they ought to be lauded for their commitment to education Critics see a dark side symbolised by the tiger mother who is obsessed with producing overachieving dragon children What is often missing in these debates is an understanding of what drives Asian migrant parents approaches to education This book explores how aspirations for their children s future reinforce their anxieties about being newcomers in an unequal society
