From These Green Heights:

From These Green Heights Dermot Bolger, 2005 *From These Green Heights* is a journey through the lives of two Dublin families. Spanning four decades the action moves from the 1960s when Dessie first glimpses the landmark Ballymun Towers to the night in 2004 when his young daughter packs up to leave the flat that has been their home. *From These Green Heights* is a hidden history of modern Dublin exploring the relationship between a stigmatized suburb and the inhabitants who fought to reshape it and call it home. **BOOK JACKET** [The Methuen Drama Guide to Contemporary Irish Playwrights](#) Martin Middeke, Peter Paul Schnierer, 2010-05-28 *The Methuen Drama Guide to Contemporary Irish Playwrights* is an authoritative guide to the work of twenty five playwrights from the last 50 years whose work has helped to shape and define Irish theatre. Written by a team of international scholars it provides an illuminating survey and analysis of each writer's plays and will be invaluable to anyone interested in studying or teaching contemporary Irish drama. The playwrights examined range from John B. Keane, Brian Friel and Tom Murphy to the crop of writers who emerged in the 1990s and who include Martin McDonagh, Marina Carr, Emma Donoghue and Mark O'Rowe. Each essay features a biographical sketch and introduction to the playwright, a discussion of their most important plays, an analysis of their stylistic and thematic traits, the critical reception and their place in the discourses of Irish theatre, a bibliography of texts and critical material. With a total of 190 plays discussed in detail, over half of which were written during the 1990s and 2000s, *The Methuen Drama Guide to Contemporary Irish Playwrights* is unrivalled in its study of recent plays and playwrights. **The First Half Century of Madison University** Anonymous, 2023-06-12 Reprint of the original first published in 1872. The publishing house Anatiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost. **Irish Contemporary Landscapes in Literature and the Arts** M. Mianowski, 2011-12-06 Looking at representations of the Irish landscape in contemporary literature and the arts, this volume discusses the economic, political and environmental issues associated with it, questioning the myths behind Ireland's landscape from the first Greek descriptions to present-day post-Celtic Tiger architecture. [Drama and Theatre in Urban Contexts](#) Kathleen Gallagher, Jonathan Neelands, 2014-03-05 Urban theatre can be described as theatre made with or by those whose lives are marked by the urban landscape and its social limits and possibilities. At the heart of this text lies the question of how theatre can illuminate the urban and how theatre is illuminated by the urban. The city like a play is a space where everything adopts multiple meanings. It is an objective thought and a subjective experience, a charged and symbolic thing as well as a real material lived reality. The chapters in this book illustrate the theatre's uncanny ability to narrate and symbolize the physical and psychic space of the city. Running through all of the pieces presented are the themes of power and of young people's sense of agency within the structures they dwell in and are shaped by. Through drama education and applied theatre practices the affinity between the urban and its theatres is radically

replaced by marginal spaces boulevards and schools As Guillermo G mez Pe a suggests the theatre has gone to the people to serve their local and immediate need for a means of holding the urban and the self so that both can be interrogated and re imagined so that the various dystopias of urban existence can be envisaged as places of urban solidarity and as utopias at least of the mind This book was originally published as a special issue of Research in Drama Education The Journal of Applied Theatre and Performance A hand-book for travellers in Switzerland and the Alps of Savoy and Piedmont. [by J. Murray. 1st] -5th, 7th-10th, 12th, 14th-16th, 18th, 19th ed. [2 issues of the 18th ed. The 16th and 18th eds. are in 2 pt.]. John

Murray,1838 **The Century Book of the American Revolution** Elbridge Streeter Brooks,1897 *The Best Plays Theater Yearbook* Jeffrey Eric Jenkins,2007 Covers plays produced in New York theater awards details of productions prizes people and publications as well as the editors choices of the ten best plays **A Dictionary of Writers and their Works** Christopher Riches,Michael Cox,2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer s nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication
