From Two Islands:

Between Two Islands Sherri Grasmuck, Patricia R. Pessar, 2023-11-15 Popular notions about migration to the United States from Latin America and the Caribbean are too often distorted by memories of earlier European migrations and by a tendency to generalize from the more familiar cases of Mexico and Puerto Rico. *Between Two Islands* is an interdisciplinary study of Dominican migration challenging many widespread yet erroneous views concerning the socio-economic background of new immigrants and the causes and consequences of their move to the United States. Eschewing monocausal treatments of migration, the authors insist that migration is a multifaceted process involving economic, political, and socio-cultural factors. To this end, they introduce an innovative analytical framework which includes such determinants as the international division of labor, state policy in the sending and receiving societies, class relations, transnational migrant households, social networks, and gender and generational hierarchies. By adopting this multidimensional approach, Grasmuck and Pessar are able to account for many intriguing paradoxes of Dominican migration and development of the Dominican population in the U.S. For example, why is it that the peak in migration coincided with a boom in Dominican economic growth? Why did most of the immigrants settle in New York City at the precise moment the metropolitan economy was experiencing stagnation and severe unemployment? And why do most immigrants claim to have achieved social mobility and middle-class standing despite employment in menial blue-collar jobs? Until quite recently, studies of international migration have emphasized the male migrant while neglecting the role of women and their experiences. Grasmuck and Pessar's attempt to remedy this uneven perspective results in a better overall understanding of Dominican migration. For instance, they find that with regard to wages and working conditions, it is a greater liability to be female than to be without legal status. They also show that gender influences attitudes toward settlement, return, and workplace struggle. Finally, the authors explore some of the paradoxes created by Dominican migration. The material success achieved by individual migrant households contrasts starkly with increased socio-economic inequality in the Dominican Republic and polarized class relations in the United States. This is an exciting and important work that will appeal to scholars and policymakers interested in immigration, ethnic studies, and the continual reshaping of urban America.

BEAUFORT, SOUTH CAROLINA: it's a quiet town filled with southern sensibilities and the slow pace of the American Lowcountry. Jacob Lee is an attorney in Beaufort where he lives with his wife and son. Life is good until the Lee family is thrust into a terrorist plot to kidnap a high-ranking Marine Corps officer. The abduction is a ruthless attempt to avenge a Hamas terrorist's imprisonment in Israel. No one would have expected such a thing to happen in Beaufort, which makes the small town such an ideal target for a surprise terrorist attack. Soon the lives of two families are devastated by a horrific week of

torture inflicted by the American based terrorist who orchestrates the crimes Two Islands Terror in the Lowcountry presents a rare picture of radical Islamic terrorism taking place in a small residential southern community Soon the FBI and Department of Homeland Security are pulled into the plot But will they be too late to save the Lee family Or will Jacob Lee find a way to fight the war on terror in his own backyard and send the terrorists back to where they came from **Bulletin** U.S. Lake Survey,1927 Wave Action and Breakwater Location Taconite Harbor (Two Islands), Lake Superior, Minnesota Waterways Experiment Station (U.S.),1955 Perspectives Of Two Island Nations: Singapore-new Zealand Anne-marie Schleich,2024-06-18 Singapore and New Zealand are island nations that share many similarities and have enjoyed close relations for almost sixty years Both face global challenges in today s less stable world Twenty seven prominent experts cover a wide range of topics from Singapore s and New Zealand s history foreign policy trade relations economy sustainability and climate policies to creative sectors museums and ageing populations Other distinguished authors highlight the close cooperation in defence trade and business The Editor Dr Anne Marie Schleich was a German career diplomat posted to Singapore from 1982 to 1985 and was the German Ambassador to New Zealand from 2012 to 2016 She is now an Adjunct Senior Fellow at the S Rajaratnam School of International Studies NTU Singapore Memoir, descriptive and explanatory, to accompany the general chart of the Northern ocean, Davis' strait and Baffin's bay John Purdy,1845 The India Directory, Or, Directions for Sailing to and from the East Indies, China, Australia, and the Interjacent Ports of Africa and South America James Horsburgh,1841 Advances in Solid State Physics Bernhard Kramer,2004-07-14 The present volume 44 of *Advances in Solid State Physics* contains the written versions of most of the plenary and invited lectures of the Spring Meeting of the Condensed Matter Physics section of the Deutsche Physikalische Gesellschaft held from March 8 to 12 2004 in Regensburg Germany Many of the topical talks given at the numerous and very lively symposia are also included They covered an extremely interesting selection of timely subjects Thus the book truly reflects the status of the field of solid state physics in 2004 and explains its attractiveness not only in Germany but also internationally A Manual of Geographical Science, Mathematical, Physical, Historical and Descriptive: Ancient geography Charles Grenfell Nicolay,David Thomas Ansted,Julian R. independence movements from the world's subnational island jurisdictions where a distinct and separate geography tends to facilitate the emergence of an equally distinct political and cultural identity. These island territories are the world's top candidates for achieving sovereign status. And yet various factors are preventing them from making the final push towards independence.
