TO ACTION: Practically Reversing the Trends of Mass Incarceration Dr. Herron Keyon Gaston, 2019-02-28 A Call to Action By Dr Herron Keyon Gaston A Call to Action Practically Reversing the Trends of Mass Incarceration explores and establishes a blueprint for United Methodist Churches based on the current Mission Plan for Restorative Justice Ministries MPRJM This Mission Plan could be used internally or externally within the United Methodist Church and beyond to begin to deal with the issues associated with the large numbers of persons leaving the prison system and reentering communities where the connectional system of the United Methodist Churches is established and where other church denominations are in general to assist retuning prisoners with reentry and restorative justice programs and ministries A Call to Action is for the United Methodist Church to use its historical work in this area along with its unique reformatory connectional system The United Methodist Church is poised to lead in this area because of its creed structure and connectional emphasis on mission work outreach and methodical steadfastness to deliver and foster justice and the restorative process among former prisoners The Summerfield United Methodist Church Prison Reentry Model in Bridgeport Connecticut was identified as one of the unique prison reentry and restorative justice type programs to further explore this initiative Using the Summerfield model as a starting point for this project Gaston invited parishioners to participate in focus group sessions in May 2017 A group of twenty five parishioners of varying socioeconomic backgrounds volunteered to participate The main discussion centered on the current prison fellowship ministry and whether members believed that they were making a difference in their own community This book has implications for the ministerial practice for dealing with those who have transgressed and how the United Methodist Church must use its spiritual and connectional resources to reform redeem and restore formerly incarcerated individuals back to God and to humanity *The Strangest Dream* Robbie Lieberman, 2010-07-01 originally published by Syracuse University Press May 2000 Drawing on extensive archival material and oral history Robbie Lieberman illustrates how grassroots peace activism in the United States became associated with Communist subversion after World War II This association gave proponents of the Cold War a powerful weapon with which to try to silence the opposition This weapon anti communism was extremely effective until the early 1960s and its effects linger even today The persecution of peace activists as subversives dates back to the colonial era but the specific link between communism and peace developed out of the unique conditions of the Cold War Communist agitation for peace American notions of national security and freedom that rested on containing communism at all costs Not until peace organizations challenged external and internal anti Communist attacks were they able to achieve a new level of respectability The end of the Cold War enabled scholars to take a fresh look at the peace movement in the early part of that era and how it was affected by fears about communism whether imagined or real With this book Lieberman seeks to clarify American attitudes about peace and the fate of the peace movement in ways that previous studies have overlooked or avoided **Direct Action** James Tracy, 1996-09-15 Direct Action tells the story of how a small group of radical pacifists nonviolent activists such as David Dellinger Staughton Lynd A J Muste

and Bayard Rustin played a major role in the rebirth of American radicalism and social protest in the 1950s and 1960s. Coming together in the camps and prisons where conscientious objectors were placed during World War II, radical pacifists developed an experimental protest style that emphasized media savvy, symbolic confrontation with institutions deemed oppressive. Due to their tactical commitment to nonviolent direct action, they became the principal interpreters of Gandhism on the American Left and indelibly stamped postwar America with their methods and ethos. Genealogies of the Civil Rights, antiwar, and antinuclear movements in this period are incomplete without understanding the history of radical pacifism. Taking us through the Vietnam war protests, this detailed treatment of radical pacifism reveals the strengths and limitations of American individualism in the modern era. **New Age Journal**, 1994

[The Seductions of Biography](#) David Suchoff, Mary Rhie, 2016-02-04. *The Seductions of Biography* is an important volume which sheds new light on a flourishing literary form, the biography. In postmodern culture, new methods and intentions emerge as well as new obstacles towards our understanding of biography as a genre. This book provides a thorough exploration of this genre from a wide range of postmodern perspectives. *The Seductions of Biography* brings together a number of essays which reflect in culturally critical as well as autobiographical terms on current themes and practices of contemporary biography. Issues addressed by these essays focus on the postmodern dilemma itself as new voices from excluded communities make themselves heard in biographical works; the decentralization of new issues such as gender, ethnicity, and sexuality becomes problematic. Contributors question the responsibilities a biographer has both to the subject and the public and consider also questions of morality and taste. For example, is it fair to use private tapings made by your subject's analyst? And how much do we really need to know about Eleanor Roosevelt's sex life? The impact of sexuality on our reading of public figures is addressed as well as other issues which explore the popular and provocative nature of biography. Interdisciplinary and wide-ranging in scope, *The Seductions of Biography* will appeal to biographers, historians, cultural critics, and the vast population of avid biography readers. **Selma to Saigon** Daniel S. Lucks, 2014-05-13 The civil rights and anti Vietnam War movements were the two greatest protests of twentieth century America The dramatic escalation of U S involvement in Vietnam in 1965 took precedence over civil rights legislation which had dominated White House and congressional attention during the first half of the decade The two issues became intertwined on January 6 1966 when the Student Nonviolent Coordinating Committee SNCC became the first civil rights organization to formally oppose the war protesting the injustice of drafting African Americans to fight for the freedom of the South Vietnamese people when they were still denied basic freedoms at home Selma to Saigon explores the impact of the Vietnam War on the national civil rights movement Before the war gained widespread attention the New Left the SNCC and the Congress of Racial Equality CORE worked together to create a biracial alliance with the potential to make significant political and social gains in Washington Contention over the war however exacerbated preexisting generational and ideological tensions that undermined the coalition and Lucks analyzes the causes and consequences of this disintegration This powerful narrative illuminates the effects of the Vietnam War on the lives of leaders such as Whitney Young Jr Stokely Carmichael Roy Wilkins Bayard Rustin and Martin Luther King Jr as well as other activists who faced the threat of the military draft along with race related discrimination and violence Providing new insights into the evolution of the civil rights movement this book fills a significant gap in the literature about one of the most tumultuous periods in American history
