Fronidizi Illia Alfonsin:

The Argentine Silent Majority Sebastián Carassai, 2014-05-07 In *The Argentine Silent Majority* Sebastián Carassai focuses on middle class culture and politics in Argentina from the end of the 1960s By considering the memories and ideologies of middle class Argentines who did not get involved in political struggles he expands thinking about the era to the larger society that activists and direct victims of state terror were part of and claimed to represent Carassai conducted interviews with 200 people mostly middle class non activists but also journalists politicians scholars and artists who were politically active during the 1970s To account for local differences he interviewed people from three sites Buenos Aires Tucumán a provincial capital rocked by political turbulence and Correa a small town which did not experience great upheaval He showed the middle class non activists a documentary featuring images and audio of popular culture and events from the 1970s In the end Carassai concludes that during the years of la violencia members of the middle class silent majority at times found themselves in agreement with radical sectors as they too opposed military authoritarianism but they never embraced a revolutionary program such as that put forward by the guerrilla groups or the most militant sectors of the labor movement

Manipulating Courts in New Democracies Andrea Castagnola, 2017-10-31 When can the Executive manipulate the composition of a Court What political factors explain judicial instability on the bench Using original field data from Argentina's National Supreme Court and all twenty four Provincial Supreme Courts Andrea Castagnola develops a novel theory to explain forced retirements of judges She argues that in developing democracies the political benefits of manipulating the court outweigh the costs associated with doing so The instability of the political context and its institutions causes politicians to focus primarily on short term goals and to care mostly about winning elections Consequently judiciaries become a valuable tool for politicians to have under their control Contrary to the predictions of strategic retirement theory Castagnola demonstrates that there are various institutional and non institutional mechanisms for induced retirement which politicians have used against justices regardless of the amount of support their party has in Congress The theoretical innovations contained herein shed much needed light on the existing literature on judicial politics and democratization Even though the political manipulation of courts is a worldwide phenomenon previous studies have shown that Argentina is the theory generating case for studying manipulation of high courts

Revisiting the National Socialist Legacy Oliver Rathkolb, 2019-01-22 Since the mid 1990s political legal and historical debates about Nazi theft and confiscation of property the use of slave labor during World War II and restitution and compensation have reemerged *Revisiting the National Socialist Legacy* presents completely new historical research on these issues conducted worldwide This volume responds to concern about Holocaust era assets in Europe the United States and Latin America It focuses on both reexamination of the history of National Socialist property theft and employment of forced labor in the wartime economy and the compensation and restitution solutions advanced in various European and Latin American countries since 1945

Fronidizi, Illia, Alfonsín

Fernando Leónidas Sabsay,2000 **Argentina and the United States** David M. K. Sheinin,2010-06-02 In the first English language survey of Argentine U S relations to appear in more than a decade David M K Sheinin challenges the accepted view that confrontation has been the characteristic state of affairs between the two countries Sheinin draws on both Spanish and English language sources in the United States Argentina Canada and Great Britain to provide a broad perspective on the two centuries of shared U S Argentine history with fresh focus in particular on cultural ties nuclear politics in the cold war era the politics of human rights and Argentina s exit in 1991 from the nonaligned movement From the perspectives of both countries Sheinin discusses such topics as Pan Americanism petroleum communism and fascism and foreign debt Although the general trajectory of the two countries relationship has been one of cooperative interaction based on generally strong and improving commercial and financial ties shared strategic interests and vital cultural contacts Sheinin also emphasizes episodes of strained ties These include the Cuban Revolution the Dirty War of the late 1970s and early 1980s and the Falklands Malvinas War In his epilogue Sheinin examines Argentina s monetary crash of December 2001 when the United States in a major policy shift refused to come to Argentina s rescue Is the New Political Economy Relevant to Developing Countries? Ronald Findlay,1989 Can the methods and spirit of the new political economy be used to explain common features of Third World experience such features as the extensive growth of government relative to the private sector the intensity of trade restrictions and the import substitution syndrome the urban bias of economic policy and resource allocation and the heavy dependence on foreign capital Argentina, 1516-1987 David Rock,1987-11-18 N this comprehensive history updated to include the climactic events of the five years since the Falklands War Professor Rock documents the early colonial history of Argentina pointing to the colonial forms established during the Spanish conquest as the source for Argentina s continued reliance on foreign commercial and investment partnerships The collapse of Argentina s close western European ties after World War II is thus seen as the underlying cause for her current economic and political crisis Authoritarianism and the Crisis of the Argentine Political Economy William C. Smith,1991 The author carefully reconstructs the crisis of Argentine political economy over the past 25 years He examines the roles of the major protagonists in contemporary Argentine politics

Los años setenta de la gente común Sebastián Carassai,2021-01-21 Los años setenta en la Argentina estuvieron signados por la violencia política y la represión como nunca antes en nuestra historia Pero qué ocurría en el día a día de una sociedad convulsionada por esa escalada sangrienta Este libro indaga desde una perspectiva original cómo vivió esa época la gente común los sectores medios que no se involucraron en política ni formaban parte de grupos de poder Con un notable trabajo de rescate y análisis de testimonios material gráfico y audiovisual de consumo masivo y estudios de opinión desatendidos hasta hoy Sebastián Carassai abre nuevas vías para pensar el pasado reciente situando en el centro de la escena al argentino medio una enorme mayoría soslayada en las investigaciones sobre los años de plomo Su atenta lectura de la publicidad la telenovela y el humorismo le permite reconstruir cómo se instaló un sentido común acerca de la violencia que culminó en su naturalización

En la aceptación de los asesinatos cotidianos se engendraba la aceptación de la última dictadura militar que prometía restaurar los valores de moderación y racionalidad Carassai estudia la cultura política de las clases medias entre 1969 y 1982 su relación con el peronismo y su percepción de la gradual radicalización de diferentes formas de violencia la social la propia de las guerrillas la estatal y la que operaba en el campo simbólico Acha luz sobre las vivencias cotidianas complejas y a veces contradictorias de una mayor a silenciosa y silenciada en un contexto de creciente movilización y represión *Alfonsín. Mitos y verdades del padre de la democracia* Óscar Muño,2013-09-30 Mitos y verdades del padre de la democracia Puntero y estadista a la vez tipificar a Raúl Alfonsín es tan difícil y fascinante como el mismo personaje Podría tanto dialogar en pie de igualdad con Bill Clinton o con Felipe González como involucrarse en la conformación de una lista partidaria en el distrito más pequeño de la provincia de Buenos Aires Quienes lo conocieron revelan en este libro un hombre en la intimidad familiar y en el ruedo político Descuidado con las finanzas domésticas audaz a la hora de trazar su propio camino partidario decidido en la defensa del régimen democrático comprometido en la protección de los derechos humanos durante la dictadura Tras levantar su voz para rechazar la recuperación de las islas Malvinas y exigir la restauración democrática luego de la caída de Puerto Argentino derrotó por primera vez al peronismo en las urnas Valiéndose de numerosos diálogos y testimonios de amigos familiares conocidos y adversarios el periodista Oscar Muño reconstruye la personalidad de un líder decisivo en la Argentina de las últimas décadas del siglo pasado cuya influencia sigue presente aun años después de su muerte **Argentine Workers** Peter Ranis,1992-06-15 Argentine Workers provides an insightful analysis of the complex combination of values and attitudes exhibited by workers in a heavily unionized industrially developing country while also ascertaining their political beliefs By analyzing empirical data Ranis describes what workers think about their unions employers private and foreign enterprise the economy the state privatization landowners politics the military the dirty war and the disappeared the Montonero guerrillas the church popular culture and leisure pursuits and their personal lives and ambitions The Dictionary of Contemporary Politics of South America Phil Gunson,2015-12-22 First published in 1989 The Dictionary of Contemporary Politics of South America provides a guide to the most important organizations figures events and themes in the contemporary politics of South America The countries covered are Colombia Venezuela Ecuador Bolivia Peru Chile Argentina Paraguay Uruguay Brazil Suriname and Guyana as well as the French overseas department of French Guiana Central American and Caribbean affairs are also touched on when they have implications for South American politics Taking a broad definition of the term contemporary the authors isolate the strands of recent history which have a continual influence on political thinking Although first published in 1989 this book will be a valuable resource for journalists students diplomats business people and anyone else who is interested in the politics of this richly diverse continent Challenging the U.S.-Led War on Drugs Sebastián Antonino Cutrona,2017-03-16 Explores the cases that have resisted the U S pressure to adopt a militarized approach to fight against drug trafficking in Latin America and the Caribbean *In Search of the Lost Decade* Jennifer

Adair,2019-12-03 In 1983 following a military dictatorship that left thousands dead and disappeared and the economy in ruins Raúl Alfonsín was elected president of Argentina on the strength of his pledge to prosecute the armed forces for their crimes and restore a measure of material well being to Argentine lives Food housing and full employment became the litmus tests of the new democracy In Search of the Lost Decade reconsiders Argentina's transition to democracy by examining the everyday meanings of rights and the lived experience of democratic return far beyond the ballot box and corridors of power Beginning with promises to eliminate hunger and ending with food shortages and burning supermarkets Jennifer Adair provides an in depth account of the Alfonsín government's unfulfilled projects to ensure basic needs against the backdrop of a looming neoliberal world order As it moves from the presidential palace to the streets this original book offers a compelling reinterpretation of post dictatorship Argentina and Latin America's so called lost decade **La oportunidad para cambiar**

Diego Fiorito,2020 La oportunidad para cambiar es un ensayo que muestra la realidad de la República Argentina con sus altibajos volatilidad recurrentes crisis y situaciones que tanto angustian a los argentinos y cuya misión es sembrar la idea de que podemos estar mejor Diego Fiorito presenta un relato que identifica la situación actual a través de distintas variables recesión inflación desvalorización de la moneda y pobreza entre otras La obra hace un viaje al pasado para de alguna forma entender las razones por las cuales se repiten las recetas que traen los mismos resultados presentando las diversas causas que hacen tropezar reiteradamente con la misma piedra Expone estas situaciones de manera metódica y en contraposición utiliza ejemplos concretos del ámbito mundial para poder realizar un mejor análisis Una vez que evalúa las causas detalla las consecuencias que tienen sobre el país Por último presenta su propuesta de acciones concretas para poder superar escollos que hacen a los afectan a la Argentina La pandemia que aqueja al mundo en el año 2020 ha dejado impactos considerables en todas las regiones Argentina no ha sido la excepción y esto ya se ha reflejado en la reducción del PBI mayor gasto público cierre de empresas aumento del desempleo y mayor emisión Al mismo tiempo Argentina busca renegociar su deuda con acreedores externos para prorrogar el pago de intereses y capital Esto representa un gran reto pero a su vez representa una oportunidad Una oportunidad para revisar el pasado tomar mejores decisiones en el presente y esperar un futuro mejor Nos permitir acercarnos al país que todos soñamos y anhelamos El COVID 19 brinda de hecho una oportunidad para cambiar La aprovecharemos Desde Entonces - Una Visión Crítica Sobre la Argentina en Tiempos de Kirchner Ricardo

Lafferriere,2008-07-12 Recopilación de artículos periodísticos publicados entre 2003 y 2007 escritos desde una perspectiva crítica de la gestión kirchnerista en la Argentina a la que atribuye un carácter populista autoritario El autor que fue protagonista de la vida política argentina entre 1968 y 2002 presenta su visión sobre la Argentina durante la gestión iniciada en 2003

MACLAS Latin American Essays ,1987 **La energía en tiempos de Alfonsín** Jorge E. Lapeña,2016-06-01 En esta obra Jorge Lapeña describe específicamente la gestión energética durante la presidencia de Raúl Alfonsín entre 1983 y 1989 pero extiende su análisis más allá de la gestión discutiendo incluso la problemática actual del sector energético Deja claramente

establecidos los planes modernizadores del primer gobierno democrático un aspecto que enfrentar en algunas ocasiones la censura de sectores partidarios propios y la feroz oposición de sindicatos de la oposición política. Además la obra tiene la característica de ser escrita por alguien que fue protagonista de gran parte de los hechos relatados y ello la aleja naturalmente de la metodología de la investigación historiográfica. Raúl Alfonsín Pablo Gerchunoff, 2022-10-25 Cuando cumple treinta y un años Raúl Alfonsín es un hombre casado y con seis hijos. Acaba de ser electo diputado provincial, sabe que su vida será mayormente una vida política. Es el año 1958. En las décadas siguientes adquirirá cada vez mayor relevancia. Primero dentro del radicalismo, luego en todo el país. Diputado nacional en 1962 referente de los derechos humanos durante de la dictadura, presidente en el regreso a la democracia en 1983, impulsor del llamado Pacto de Olivos con Carlos Menem y factotum de la reforma constitucional de 1994. Tras la crisis de 2001, será un actor decisivo en la salida de la Convertibilidad. En este excepcional ensayo histórico Pablo Gerchunoff analiza y piensa la vida de Raúl Alfonsín sobre los últimos setenta años de la Argentina. Gracias a una investigación exhaustiva que va desde su nacimiento en Chascomús hasta su muerte, en buena medida muestra a un Alfonsín casi desconocido. Pero más importante aún es lo que revela sobre las transformaciones de la economía y la sociedad, las decisiones que cambiaron nuestra historia, las negociaciones in extremis, el Juicio a las Juntas y la amenaza militar durante la década del ochenta, el Plan Austral y la hiperinflación, la intimidad del ejercicio del poder, lo que pudo haber sido y no fue, los errores de cálculo, la evolución del radicalismo. Este libro es un leído y conmovedor fresco político lo recorremos guiados por una personalidad impar. Raúl Alfonsín un líder tico acaso irrepetible. Artificial Respiration Ricardo Piglia, 1994. A novel set in Argentina just after the military coup in 1976.
