Magoc, David Bernstein, 2015-12-14 This four volume encyclopedia chronicles the historical roots of the United States current military dominance documenting its growth from continental expansionism to hemispheric hegemony to global empire This groundbreaking four volume encyclopedia offers sweeping coverage of a subject central to American history and of urgent importance today as the nation wrestles with a global imperial posture and the long term viability of the largest military establishment in human history The work features more than 650 entries encompassing the full scope of American expansionism and imperialism from the colonial era through the 21st century War on Terror Readers will learn about U S Native American conflicts 19th century land laws early forays overseas for example the opening of Japan and America s imperial conflicts in Cuba and the Philippines U S interests in Latin America are explored as are the often forgotten ambitions that lay behind the nation s involvement in the World Wars The work also offers extensive coverage of the Cold War and today s ongoing conflicts in Iraq Afghanistan Africa and the Middle East as they relate to U S national interests Notable individuals including American statesmen military commanders influential public figures and anti imperialists are covered as well The inclusion of cultural elements of American expansionism and imperialism for example Hollywood films and protest music helps distinguish this set from other more limited works **The Brothers Robidoux and the Opening of the American West** Robert J. Willoughby, 2012-11-01 Written in a unique biographical format Robert Willoughby interweaves the stories of six brothers who shaped the American trans Mississippi West during the first five decades of the nineteenth century After migrating from French Canada to St Louis the brothers Robidoux Joseph Francois Antoine Louis Michel and Isadore and their father Joseph became significant members in the business fur trading and land speculation communities frequently interacting with upper class members of the French society Upon coming of age the brothers followed their father into the fur business and American Indian trade The oldest of the six Joseph led the group on an expedition up the Missouri River as Lewis and Clark had once done designating a path of trade sites along their journey until they reached their destination at present day Omaha Nebraska Eventually the younger brothers set out on their own westward expedition in the mid 1820s reaching both Colorado and Santa Fe New Mexico Joseph eventually became a town founder in northwest Missouri near Blacksnake Creek Antoine and Louis traveled as far as California finally settling in Santa Fe where they became prominent citizens As a trapper and trader Michel endured many hardships and close calls during his journey across the West Francois and Isadore made their home in New Mexico maintaining a close relationship with Joseph in Missouri Though frequently under contract by others the brothers did their best work when allowed to freelance and make their own rules The brothers would ultimately pass on their prosperous

legacy of ranging exploring trading and town building to a new generation of settlers As the nature of the fur trade changed so did the brothers business model They began focusing on outfitting western migrants town folk and farmers Their practices made each of them wealthy however they all died poor To understand the opening of the American West one must first know about men like the brothers Robidoux Their lives are the framework for stories about the American frontier By using primary sources located at the Missouri Historical Society the Mexican Archives of New Mexico and the Huntington Library as well as contemporary accounts written by those who knew them Willoughby has now told the Robidoux story **American**

Rolle, 1999-03-01 As an explorer John Charles Fremont led five expeditions into the American West two of them disastrous He was also one of California's first two senators 1850 America's first Republican candidate for president 1856 a Civil War general and the territorial governor of Arizona 1878-83 But his life was one of rash and rebellious conduct against authority During the Mexican War he claimed to be the military governor of California which resulted in a court martial in 1848 At the outbreak of the Civil War he reentered the army as one of four major generals outranking even Ulysses S Grant However when he antagonized President Abraham Lincoln by issuing his own emancipation proclamation in advance of the president's Lincoln relieved him of command In this comprehensive biography Andrew Rolle carefully examines the historical record with a psychobiographical approach that explores and explains the many irrationalities of Fremont's character **A Mission in the Desert** Michael E. Welsh, 1985 Navaho

Expedition James Hervey Simpson, 2003 In 1849 the Corps of Topographical Engineers commissioned Lieutenant James H Simpson to undertake the first survey of Navajo country in present day New Mexico Accompanying Simpson was a military force commanded by Colonel John M Washington sent to negotiate peace with the Navajo A keen observer Simpson kept a journal that provided valuable information on the party's interactions with Indians and also about the land's features

including important pueblo ruins at Chaco Canyon and Canyon de Chelly His careful observations informed subsequent military expeditions emigrant trains the selection of Indian reservations and the charting of a transcontinental railroad Editor Frank McNitt discusses the expedition's lasting importance to the development of the West and his research is enriched by illustrations and maps by artists Richard and Edward Kern Military historian Durwood Ball contributes a new foreword

This book began as a venture to collect official and unofficial documents relating to the interval of American military rule There proved to be thousands the writings of Presidents executive officers and congressmen naval and military personnel governors settlers and citizens routine familiar wheedling seductive blustering commanding As the quantity grew they seemed eager to be heard But the documents exhibit the traits of their makers Containing neither the whole truth nor nothing but the truth they offer many sided versions of what people believed or wanted others to accept they must be taken with a grain of salt Long sometimes garbled and always incomplete the record requires assessment a referee to appraise the evidence and form his own imperfect conclusions And any curious or dissenting reader may by consulting the numerous cited sources make his own interpretations References whenever possible have been made to materials in some printed form leading an inquirer to a vast array of historical evidence Everything herein happened or so the record tells and if an assumption has been made it is that men issues and events can be interesting in their own right without exaggeration To exaggerate a knowing urban child recently observed means you put in something to make it more exciting Los Angeles Times Dec 10 1978 **Witnesses to a Vanishing America** Lee Clark Mitchell, 2014-07-14

Propelled across the continent by notions of rugged individualism and manifest destiny pioneer Americans soon discovered that such slogans only partly disguised the fact that building an empire meant destroying a wilderness Through an astonishing range of media they voiced their concern about America's westward mission Drawing on a wide variety of evidence Lee Clark Mitchell portrays the growing apprehensions Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *A Life Wild and Perilous* Robert M. Utey, 2015-09-15 This richly documented book is the definitive study of the decisive role mountain men played in the exploration and expansion of the Western frontier Jay P Dolan The New York Times Book Review Early in the nineteenth

century the mountain men emerged as a small but distinctive group whose knowledge and experience of the trans Mississippi West extended the national consciousness to continental dimensions Though Lewis and Clark blazed a narrow corridor of geographical reality the West remained largely terra incognita until trappers and traders such as Jim Bridger Kit Carson Tom Fitzpatrick and Jedediah Smith opened paths through the snow choked mountain wilderness These and other Mountain Men opened the way west to Fremont and played a major role in the pivotal years of 1845 1848 when Texas was annexed the Oregon question was decided and the Mexican War ended with the Southwest and California in American hands thus making the Pacific Ocean America s western boundary After Lewis and Clark Robert M. Utley,2004-01-01 In 1807 a year after Lewis and Clark returned from the shores of the Pacific groups of trappers and hunters began to drift West to tap the rich stocks of beaver and to trade with the Native nations Colorful and eccentric bold and adventurous mountain men such as John Colter George Drouillard Hugh Glass Andrew Henry and Kit Carson found individual freedom and financial reward in pursuit of pelts Their knowledge of the country and its inhabitants served the first mapmakers the army and the streams of emigrants moving West in ever greater numbers The mountain men laid the foundations for their own displacement as they led the nation on a westward course that ultimately spread the American lands from sea to sea **Mapping and Empire** Dennis Reinhartz,Gerald D. Saxon,2010-01-01 From the sixteenth through the mid nineteenth centuries Spain then Mexico and finally the United States took ownership of the land from the Gulf Coast of Texas and Mexico to the Pacific Coast of Alta and Baja California today s American Southwest Each country faced the challenge of holding on to territory that was poorly known and sparsely settled and each responded by sending out military mapping expeditions to set boundaries and chart topographical features All three countries recognized that turning terra incognita into clearly delineated political units was a key step in empire building as vital to their national interest as the activities of the missionaries civilian officials settlers and adventurers who followed in the footsteps of the soldier engineers With essays by eight leading historians this book offers the most current and comprehensive overview of the processes by which Spanish Mexican and U S soldier engineers mapped the southwestern frontier as well as the local and even geopolitical consequences of their mapping Three essays focus on Spanish efforts to map the Gulf and Pacific Coasts to chart the inland Southwest and to define and defend its boundaries against English French Russian and American incursions Subsequent essays investigate the role that mapping played both in Mexico s attempts to maintain control of its northern territory and in the United States push to expand its political boundary to the Pacific Ocean The concluding essay draws connections between mapping in the Southwest and the geopolitical history of the Americas and Europe *Water and Related Land Resources, Humboldt River Basin, Nevada: Lovelock sub-basin.- no. 12. Basinwide report* ,1962 **Water and Related Land Resources, Humboldt River Basin, Nevada** ,1962 **The Architecture of Chaco Canyon, New Mexico** Stephen H Lekson,2007-06-13 A fresh volume on the ancient structures of Chaco Canyon built by native peoples between AD 850 and 1130 that unifies older information on the area with new

advanced research techniques focusing on studies of technology and building types analyses of architectural change and readings of the built environment aided by over 150 maps floor plans elevations and photos Water and Related Land Resources, Humboldt River Basin, Nevada: Battle Mountain Sub-Basin ,1962 Water and Related Land Resources, Humboldt River Basin, Nevada: Elko Reach ,1962
