From a Clear Blue Sky Timothy Knatchbull,2023-12-19 The prize winning exceptionally moving memoir of a family boat trip an IRA bombing and a teenager s loss of his twin brother The Telegraph Christopher Ewart Biggs Literary Award Winner and PEN JR Ackerley Prize Nominee On an August weekend in 1979 fourteen year old Timothy Knatchbull joined his family on a boat trip off the shore of Mullaghmore in County Sligo Ireland By noon an Irish Republican Army bomb had destroyed the boat leaving four dead The author survived but his grandparents family friend and twin brother did not Lord Mountbatten his grandfather was the target and became one of the IRA s most high profile assassinations Knatchbull and his parents were too badly injured to attend the funerals of those killed which only intensified their profound sense of loss Telling this story decades later Knatchbull not only revisits these terrible events but also writes an intensely personal account of human triumph over tragedy a story of recovery not just from physical wounds but deep emotional trauma From a Clear Blue Sky takes place in Ireland at the height of the Troubles and gives compelling insight into that period of Irish history But more importantly it brings home that while calamity can strike at any moment the human spirit is able to forgive to heal and to move on A minute by minute story of what happened that day and what happened afterwards Daily Mail This is an extremely moving book Beyond providing a phenomenally detailed evocation of his own family s trauma Knatchbull has lots of wise things to say about how we survive horrors of all kinds in our lives Zo Heller author of the Booker Prize finalist Notes on a Scandal A very poignant clear sighted heartbreaking but ultimately positive account Hugh Bonneville The New York Times

the Crippled in Paris Carlo Federico Scarafioti,2011-07-28 Fun for the crippled in Paris and other stories by Carlo Federico Scarafioti **Freemasonry and the Press in the Twentieth Century** Paul Calderwood,2016-04-15 By the end of the twentieth century Freemasonry had acquired an unsavoury reputation as a secretive network of wealthy men looking out for each others interests The popular view is of an organisation that if not actually corrupt is certainly viewed with deep mistrust by the press and wider society Yet as this book makes clear this view contrasts sharply with the situation at the beginning of the century when the public s perception of Freemasonry in Britain was much more benevolent with numerous establishment figures including monarchs government ministers archbishops and civic worthies enthusiastically recommending Freemasonry as the key to model citizenship Focusing particularly on the role of the press this book

investigates the transformation of the image of Freemasonry in Britain from respectability to suspicion. It describes how the media projected a positive message of the organisation for almost forty years based on a mass of news emanating from the organisation itself before a change in public regard occurred during the later twentieth century. This change in the public mood, the book argues, was due primarily to Masonic withdrawal from the public sphere and a disengagement with the press. Through an examination of the subject of Freemasonry and the British press, a number of related social trends are addressed, including the decline of deference, the erosion of privacy, greater competition in the media, the emergence of more aggressive and investigative journalism, the consequences of media isolation, and the rise of professional Public Relations. The book also illuminates the organisation's collisions with nationalism, communism, and state welfare provision. As such, the study is illuminating not only for students of Freemasonry but those with an interest in the wider social history of modern Britain.

Islam, Nationalism and the West I. Malik, 1999-06-03 A growing interest in political Islam, also called Islamism, has assumed significant ideological and intellectual dimensions especially in recent years. Rather than viewing it as Islam versus the rest or tradition against modernity, this volume, without overlooking the tensions, also acknowledges the mutualities. It centres on issues such as the Rushdie affair, conflictive pluralism in South Asia, and its linkages with the crucial regional themes like the Kashmir dispute, Iranian revolution, civil war in Afghanistan, and Western public diplomacy. The King is Dead, Long Live the King! Martin Williams, 2023-04-13 A Country Life Best Book of the Year 2023. The Times Book of the Week. I could read Martin Williams all day. He is a staggeringly communicative historian; this book throws shafts of light on recent history, almost repeating itself, giving vivid glimpses into monarchy and the way things were and are. Compulsory reading. Dame Joanna Lumley: A social historian and gifted storyteller, Williams is by turns moved and amused as he reflects on the poignancy and rituals of a nation united pretty much in grief. The Times adroitly written, told by Williams so skilfully and with such silken prose that it's a pleasure to spend the time inside his head. The Oldie: delightful details to rekindle this vanished epoch. Country Life: Vivid panoramic, skilfully written, this gripping book is an insight into a time and an age. Kate Williams: Martin Williams has written a fascinating and absorbing account of the Edwardian era, the demise and funeral of the King, and the iconic Black Ascot that followed it. He has brought a lost age grippingly to light. Hugo Vickers: witty, informative, and immensely readable, captures the spirit of the times. Miranda Seymour: A tour de force. Dr Kate Strasdin: We tend to think that Cecil Beaton single-handedly invented the Edwardian Age. Martin Williams shows us succinctly and elegantly that perhaps it was the King himself. Nicky Haslam: moves with unflagging wit and style. A fresh perspective on a brilliant life and a lost era beautifully evoked; it is impossible not to be swept away by this gem of a book. Pure pleasure. Robin Muir: a must-have, a wonderful and thought-provoking read. The Historian: a book about a changed and changing world trying to cope with even more change, beautifully written and timely. The Catholic Herald: resonates powerfully with our own recent experience of collective mourning. Williams describes the king's gradual demise in evocative detail. Air Mail: Unforgettable as it was the

public response to the death of Queen Elizabeth II in September 2022 was not without precedent. When her great grandfather King Edward VII, glamorous cosmopolitan and extraordinarily popular, died in May 1910, the political, social and cultural anxieties of a nation in turmoil were temporarily set aside during a summer of intense and ritualised mourning. In *The King is Dead Long Live the King*, Martin Williams charts a period of tension and transition as one era slipped away and another took shape. Witnessed by a diverse but interconnected cast of characters – crowned heads and Cabinet ministers, debutantes and suffragettes, artists and murderers – here is the swansong of Edwardian Britain. Set against a backdrop of bereavement and parliamentary crisis, overshadowed by the gathering clouds of war, we see a people caught between past and future, tradition and modernity, as they unite to bid farewell to a much-loved monarch who had personified his age. From Buckingham Palace to Bloomsbury and from the lying in state in Westminster Hall to a now legendary Royal Ascot enveloped in black, this is a vivid evocation of a world on the brink of seismic upheaval. **Out of Harm's Way** Jessica

Mann, 2014-05-08 In June 1940 Britain expected enemy invasion. Despite Churchill's determination to fight on the beaches, many parents made desperate efforts to send their children abroad to safety. Thousands left for America, Canada, Australia and other distant countries. In this revealing new book, Jessica Mann herself, a wartime evacuee, looks at the experiences of those who were sent away to a foreign land, including their dangerous journeys across U-boat-ridden oceans and asks how they coped with being away and also how they found life back in the UK on their return. Drawing on extensive original research and memories of many former evacuees, including Elizabeth Taylor and Shirley Williams, Jessica Mann builds up a moving portrait of a lost generation. **In Search Of Sita** Namita Gokhale, 2009-10-15 Sita is one of the defining figures of Indian womanhood, yet there is no single version of her story. Different accounts coexist in myth, literature and folktale. Canonical texts deify Sita, while regional variations humanize her. Folk songs and ballads connect her timeless predicament to the daily lives of rural women. Modern-day women continue to see themselves reflected in films, serials and soap operas based on Sita's narrative. Sacrifice, self-denial and unquestioning loyalty are some of the ideals associated with popular perceptions of Sita. But the Janaki who symbolized strength, who could lift Shiva's mighty bow, who courageously chose to accompany Rama into exile and who refused to follow him back after a second trial, is often forgotten. However, she is remembered, revered or written about, Sita continues to exert a powerful influence on the collective Indian psyche. *In Search of Sita* presents essays, conversations and commentaries that explore different aspects of her life. It revisits mythology, reopening the debate on her birth, her days in exile, her abduction, the test by fire, the birth of her sons and finally her return to the earth, offering fresh interpretations of this enigmatic figure and her indelible impact on our everyday lives. **Healing in Hell** Ken Adams, 2011-12-13 Ken Adams, as a trained medic, was sent out to the Far East and immediately saw action on the Malay Peninsula. Captured at Singapore, he initially worked at Changi Hospital. Many more moves and much worse conditions in Thailand were to follow.
