Effective Assessment and the Improvement of Education Patricia Broadfoot, Roger Murphy, 1995
Effective Assessment and the Improvement of Education Roger Murphy, Patricia Broadfoot, 2017-09-29 Originally published in 1995 this volume brings together twenty classic contributions from the work of Desmond Nuttall as an educational researcher thinker and policy adviser A full commentary by two of his former colleagues who knew him well accompanies the text They have set out to explain and explore the essence of his contribution to others Much in the book is as relevant today as when the articles were written put together they form a formidable collection The book was published in the year after Desmond s death It is hoped it will remain a fitting tribute to him It will remind his friends of his classic ideas and brings together in one volume contributions that students of education may have missed

Inside the Primary Classroom: 20 Years On Chris Comber, Maurice Galton, Linda Hargreaves, Debbie Wall, 2013-01-11
In recent years primary education has been the subject of continuing debate with questions of standards and their apparent decline being raised with alarming regularity Central in informing these debates has been the ORACLE study of groupwork in primary classrooms Published during the 1980s the study described in detail the daily life of the primary classroom the teaching styles used by teachers and the responses of pupils That research has now been replicated with over two thirds of the schools originally studied being revisited using the same tests and observation instruments This book presents the findings of this second round of research and is therefore unique in being able authoritatively to document the changes or lack of them in primary education and teaching practice over the last twenty years

Realism and Educational Research
David Scott, 2002-01-04 Although the literature of social research covers a vast range of material there has been little on the role of social theory in educational research In this respect David Scott s book covers an important gap in the market as it focuses on the centrality of social theory in a variety of empirical projects The volume covers a range of conceptual and theoretical discussions and subsequently applies these concepts to our analysis of empirical studies As a consequence it is a volume that deserves to be read widely by students and researchers alike

A Challenge for Mathematics Education, 2004-06-17 Fruto de un encuentro celebrado en Vilanova i la Geltrú España en julio de 2002 el libro que presentamos hoy trata uno de los temas de gran importancia para la reflexión pedagógica actual el papel de la globalización vehiculado por lo sugerente de lo común y de lo diverso en educación matemática y sus desafíos
