Effective Communication Richard Hawkins, 2018-05-15 All of us communicate Whether it is with our family friends or colleagues at the work communication is something that all of us do as second nature But whether we communicate effectively or not well that is something entirely different altogether And yes there is a difference between communicating and being and communicating EFFECTIVELY Great communication skills can make a world of difference When you are able to communicate effectively you ll find that people understand you a lot better you are able to build connections a lot easier and more opportunities start to happen to you at work because people are impressed by how well you can present yourself your thoughts and ideas At work effective communication is what is going to be your ace in the hole on your path to success Did you know that employers consider effective on the job communication skills as one of the most important skills any employee can have That is what effective communication can do for you Employees who can communicate well will find themselves rising within the ranks of a corporation far quicker than their peers because this is a prized skill to have a skill that is very often overlooked by many which is a huge mistake to make The great news is communication skills are something that everyone can improve on All that is needed from you is commitment time and lots of practice on your part as you build a foundation while you start to develop more effective communication skills as you progress If you are ready to start improving your ability to effectively get your messages across in any situation in life this book is what you need to help you get started Your success in life and your ability to be able to converse well with others around you is how you build successful relationships that will help you reach further in all aspects of life whether it may be family life friendships everyday encounters work and even romance Why Because everything hinges on communication that is why it is such an important life skill that everyone should and must develop if they are not already doing so This book is your opportunity to learn what it takes to be an effective communicator how to overcome basic communication barriers and what you can do to start making a difference in the way you communicate in your life today

involve just speaking clearly to someone but also has to do with the interaction that occurs while both speaking and listening to your intended audience

Body languageThe way your body reacts while you are talking is a better indicator of your confidence than the strength and tone of your voice You could be extremely confident of your grasp of the facts but if you can't maintain eye contact or your body shies away from the person you are communicating with you look like you are not confident in your message When talking to anyone at work be it a boss co worker employee or customer remember to maintain your eye contact naturally while you are talking Also avoid crossing your arms when you are talking It is a classic defensive posture and people will unconsciously notice and feel uneasy around you Finally remember to relax Evident signs of nervousness will also distract the listener take the focus of your message and make you look less authoritative

ListeningThe other side of effective communication skills is the ability to listen attentively Most people are great talkers but like to hear themselves talk so much they forget to listen to other people Always try to avoid interrupting as this only shows that you are not listening or taking what others have to say seriously If you find are unclear about what was just said then wait for the speaker to finish and repeat back what you understood just to be sure This shows that you are attentive and offers the opportunity to correct any misunderstandings Find out more in this ideal guide book that will give you solutions and results quickly Scroll up and click the Buy Now button to get started instantly Order the Paperback version and receive the Kindle version for FREE today
