Drucker, 2017 An effective executive does not need to be a leader in the typical sense of the word Peter Drucker the author of more than two dozen Harvard Business Review articles wrote that some of the best business and nonprofit CEOs he worked with over his 65 year consulting career were not stereotypical leaders They ranged from extroverted to nearly reclusive from easygoing to controlling from generous to parsimonious What made them all effective is that they followed the same eight practices They asked What needs to be done and What is right for the enterprise They developed action plans They took responsibility for decisions and for communicating They were focused on opportunities rather than problems They ran productive meetings And they thought and said we rather than I The first two practices provided them with the knowledge they needed The next four helped them convert this knowledge into effective action for knowledge is useless to executives until it has been translated into deeds The last two ensured that the whole organization felt responsible and accountable Effective executives know that they have authority only because they have the trust of the organization This means they must think of the needs and opportunities of the organization before they think of their own Drucker also suggests a ninth practice that's so important he elevates it to the level of a rule Listen first speak last Effectiveness is a discipline And like every discipline it can be learned and must be earned *The Effective Executive in Action* Peter F. Drucker, Joseph A. Maciariello, 2005-12-02 The Effective Executive in Action is a journal based on Peter F Drucker's classic and preeminent work on management and effectiveness The Effective Executive Here Drucker and Maciariello provide executives managers and knowledge workers with a guide to effective action the central theme of Drucker's work The authors take more than one hundred readings from Drucker's classic work update them and provide provocative questions to ponder and actions to take in order to improve your own work Also included in this journal is a space for you to record your thoughts for later review and reflection The Effective Executive in Action will teach you how to be a better leader and how to lead according to the five main pillars of Drucker's leadership philosophy **The Peter Drucker Collection on Becoming An Effective Executive** Peter F. studied the executives who succeed in top jobs once appointed could we identify distinguishing features that set them apart and defined their success As part of our ten year longitudinal study on executive transitions which included more than 2 700 leadership interviews we did a rigorous statistical analysis including more than 90 regression analyses to isolate the skills of the top performing executives We isolated seven performance factors correlated to strong organizational performance as well as leadership strengths through IBM Watson s content analysis tools as well as historical performance reviews of these leaders and their direct reports These seven factors led to our discovery of four recurring patterns that distinguished exceptional executives What separated the best of the best from everyone else is a consistent display of mastery across four highly correlated dimensions while good executives may have only excelled in two or three Executives who shine across all four of these dimensions achieve the greatest success for themselves and their organizations **The Effective Executive** Peter F.
