Paul Johnson,2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective      **Edgar Cayce and the Eternal Feminine** Lynn Rogers,2004-05 Rogers explores the Eternal Feminine and Edgar Cayce From Creation Myths Twin

Souls and Goddess practices Rogers offers insight into the causes of oppression of women in search of gender justice Rogers presents the Circle of Light Ritual and interviews engaged in The Work This book is a shining star *Beneath the Pyramids* Andrew Collins, 2009 Exploring Egypt's lost underworld for the first time Cover **Revised Chronology of the Bible** Anthony Lyle, 2013-10 This book is a culmination of that research After trashing his work 10 times and starting over he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities It combines secular world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same This is his version 12 which doesn't try to match different histories based on dates but rather by matching people and events and then applying revised dates to those events and people This work will call into question the conclusions of historians of the last 200 years about the ancient periods of time and provide an alternative dating for those times It is a World History in that it incorporates the ancient history of India China Japan as well as the traditional Middle Eastern and European societies of ancient times It re-evaluates the beginnings of civilization and the solar system refuting common historical and scientific beliefs of the modern world Documents that have previously been written off as Mythology have been re-evaluated as well as they give a different perspective of ancient times and what happened back then The use and creation of calendars is an important feature added to this work which is seldom taken into account by modern histories Incorporated in this work are many of the more recent archaeological finds that have yet to be incorporated in status quo works and institutions He makes no apology for the fact that this is Biblically based and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives **Egyptomania** Ronald H. Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional      *The Fourth Ordeal* Victor J. question of their existence In nearly every society part of the answer has included some form of god or goddess For the Mayans one such deity was Ajtzak who tried to create humans from wood for the Yorubas of Africa Shango controlled the thunder and lightning The Chinese of the Shang dynasty era worshipped Shang Ti Evil deities were also part of the answer as in the case of the Kuvera the Hindu chief of evil in the Vedic period and Tu the Persian or Islamic demon of fatal accidents All of the known ancient gods many heretofore obscure or known only from mythological literature are included in this exhaustive reference work The focus is on their origins histories and functions The people who believed in each deity are identified along with alternate names or spellings both old and modern The descriptions that follow are of the functions

origins and physical nature of the deities Extensive cross references are provided for alternate spellings and names Lizla, the Daughter of Isis Lilian Nirupa,2021-09-20 Lizla the Daughter of Isis is a psychic princess whom we see evolving through her coming of age experiences which are both mystical and human describing her own awakening in the flesh and in the Spirit The novel is set in the ancient history of the Middle East and projects in to it many timeless issues of spiritual awakening budding romance political intrigue and coming of age in difficult if not chaotic circumstances It is not a coincidence that this geographic area seems to sustain the same conflicts today even if many of the cultural parameters have changed Here is a comment from a professional reviewer of the first edition of this book Although the story line follows Princess Lizla as she enters into her study of the mysteries there is more focus on her lessons than on the activities of her life Delving into the energies of the chakras the powers of the gods and the value of self awareness Nirupa provides valuable insights for personal journeys of discovery and understanding While this is a fictional account of the ancient Egyptian civilization Nirupa does a wonderful job of explaining how such diverse cultural and religious backgrounds might have come together to create a thriving empire that survived a millennia Reading this book is not a process of immersing oneself in the identity of a fictional character Instead it is an act of introspection reflection and meditation that can enhance one s immersion in oneself Wendy Strain for USD Review of Books
