Play and Creativity in Art Teaching George Szekely, 2015 In *Play and Creativity in Art Lessons* a new book for new times esteemed art educator George Szekely merges into a single work his two classic volumes *Encouraging Creativity in Art Lessons* 1988 and *From Play to Art* 1991 The central premise is that art teachers are not only a source of knowledge about art but also a catalyst for creating conditions that encourage students to use their own ideas for making art The foundation of this teaching approach is the belief that the essential goal of art teaching is to inspire children to behave like artists that art comes from within themselves and not from the art teacher The book offer plans for the study of children s play and for discovering creative art teaching as a way to bring play into the art room While it does not offer a teaching formula or a single set of techniques to be followed it demystifies art and shows how teachers can help children find art in familiar and ordinary places accessible to everyone
