From Protest to Power Bob Rae,1997 First Nations Gaming in Canada Yale D. Belanger,2011-02-15 While games of chance have been part of the Aboriginal cultural landscape since before European contact large scale commercial gaming facilities within First Nations communities are a relatively new phenomenon in Canada First Nations Gaming in Canada is the first multidisciplinary study of the role of gaming in indigenous communities north of the 49th parallel Bringing together some of Canada s leading gambling researchers the book examines the history of Aboriginal gaming and its role in indigenous political economy the rise of large scale casinos and cybergaming the socio ecological impact of problem gambling and the challenges of labour unions and financial management The authors also call attention to the dearth of socio economic impact studies of gambling in First Nations communities while providing models to address this growing issue of concern Temagami's Tangled Wild Jocelyn Thorpe,2012-02-03 Canadian wilderness seems a self evident entity yet as this volume shows in vivid historical detail wilderness is not what it seems In Temagami s Tangled Wild Jocelyn Thorpe traces how struggles over meaning racialized and gendered identities and land have made the Temagami area in Ontario into a site emblematic of wild Canadian nature even though the Teme Augama Anishnabai have long understood the region as their homeland rather than as a wilderness Eloquent and accessible this engaging history challenges readers to acknowledge the embeddedness of colonial relations in our notions of wilderness and to reconsider our understanding of the wilderness ideal

Against Judicial Activism Rory Leishman,2006-04-05 Against Judicial Activism cites numerous cases to support this argument For instance the British Columbia Human Rights Tribunal and Supreme Court read a ban on discrimination on the ground of transsexualism as being part of the province s human rights code On the basis of this revision of the law the tribunal ordered the Vancouver Rape Relief Society to pay 7 500 to a transsexual man in compensation for refusing to admit him into a training course for rape crisis counsellors *Circles of Time* David T. McNab,1999 Documents the experiences of Aboriginal people their history and recent negotiations in Ontario providing insight into the historiography of the treaty making process in the last 25 years **Hydro** Jamie Swift,Keith Stewart,2004 Nothing is going to go wrong Mike Harris 2001 Privatization of power soon became one of the biggest political disasters in Ontario history Hydro reveals a train wreck that was decades in the making First there was blind faith in the nuclear option steeped in ecological arrogance Then came the promise of marketplace magic Jamie Swift and Keith Stewart tell the tale of how it unfolded It s a dramatic story of the greed intrigue and resistance that led to the dismantling of Canada s largest crown corporation A crucial part of the story is how Ontario ignored thirty years of green arguments for conservation and renewable energy Based on interviews with former premiers Hydro insiders and grassroots activists Hydro will intrigue anyone wondering how to keep the lights on without frying the planet **Rise to Greatness, Volume 2: Dominion (1867-1949)** Conrad Black,2017-04-04 Sweeping ambitious and revelatory this is the second volume in a major history of our country by one of our most respected thinkers

and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today *Laurentian University* Linda McGuire Ambrose,2010 Linda Ambrose Matt Bray Sara Burke Donald Dennie et Guy Gaudreau The fascinating story of Laurentian University's growth and innovations in post secondary education

The Public Sector in an Age of Austerity Bryan M. Evans,Carlo Fanelli,2018-07-23 Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated **Working People, Fifth Edition** Desmond

Morton,1999-01-13 From the dock workers of Saint John in 1812 to teenage crews at McDonald's today Canada's trade union movement has a long exciting history Working People tells the story of the men and women in the labour movement in Canada and their struggle for security dignity and influence in our society Desmond Morton highlights the great events of labour history the 1902 meeting that enabled international unions to dominate Canadian unionism for seventy years the Winnipeg General Strike of 1919 and an obscure 1944 order in council that became the labour's charter of rights and freedoms He describes the romantic idealism of the Knights of Labor in the 1880s and looks at new model unions that used their members dues and savings to fight powerful employers Working People explores the clash between idealists who fought for socialism industrial democracy and equality for women and men and the realists who wrestled with the human realities of self interest prejudice and fear Morton tells us about Canadians who deserve to be better known Phillips Thompson Helena

Gutteridge Lynn Williams Huguette Plamondon Mabel Marlowe Madeleine Parent and a hundred others whose struggle to reconcile idealism and reality shaped Canada more than they could ever know *The Canadian General Election of 1997* Alan Frizzell, Jon H. Pammett, 1997-10-01 The General Election of 1997 did not turn out as Jean Chretien and the Liberal Party had planned Chretien called an early election believing that his party was in a position to retain the majority they had won in 1993 They got their majority but just barely When the campaign began the focus for many Canadians was the economy and job creation National unity however quickly became a key issue and triggered the most heated debates of the campaign As was the case in 1993 the election of 1997 saw the country divided along regional lines The Bloc Quebecois remained strong in Quebec while the Progressive Conservatives and New Democrats dominated the maritime provinces The Reform Party meanwhile won the west in a landslide becoming the Official Opposition for the first time It was Ontario however where the election was won the Liberals won all but two seats in Canada's largest province and in the end that was enough to carry Jean Chretien to victory The Canadian General Election of 1997 is a study of the key aspects of the campaign and the election itself In addition to analyzing each party's campaign authors examine the role of the media pollsters the electoral system and the voters Articles are contributed by some of the best known political writers in Canada today Anthony Westell Stephen Clarkson Peter Woolstencroft Alan Whitehorn Keith Archer Faron Ellis Andr Bernard Chris Dornan Ed Greenspon Michael Marzolini and Louis Massicotte This readable volume will appeal to an academic as well as a general readership and is ideally suited for libraries and political science courses New to this year's volume is a post election survey by Jon Pammett **In the Long Run We're All Dead** Timothy Lewis, 2007-10-01 Canadian politics in the 1990s were characterized by an unwavering focus on the deficit At the beginning of the decade it seemed that fiscal deficits were intractable a fait accompli of Canadian politics yet by the end of the decade Ottawa had taken remarkable actions to eliminate its budgetary shortfalls and had successfully eradicated its deficits How such a radical change of political course came to pass is still not well understood In *The Long Run We're All Dead: The Canadian Turn to Fiscal Restraint* offers the first comprehensive scholarly account of this vital public policy issue Lewis deftly analyzes the history of deficit finance from before Confederation through Canada's postwar Keynesianism to the retrenchment of the Mulroney and Chr tien years In doing so he illuminates how the political conditions for Ottawa's deficit elimination in the 1990s materialized after over 20 consecutive years in the red and how the decline of Canadian Keynesianism has made way for the emergence of politics organized around balanced budgets This important book provides scholars and students of Canadian politics with a new framework by which to understand the adoption of government policy the economic and fiscal legacy of the Mulroney administrations and the emergence of the new politics of the surplus It will be of great interest to those engaged with Canadian politics political economy and public policy as well as to participants in policy processes and the informed public

35 Accords Tony Penikett, John Calvert, 2025-06-23 What does a cash strapped government do when the collective

agreements for almost a quarter million of its unionized employees expire simultaneously while wishing to maintain a respectful relationship with its labour supporters In 1997 the Premier of British Columbia BC Canada Glen Clark thought of an imaginative solution It was to offer unions an opportunity to participate with the government in developing policies on issues affecting their members and the services they provide This was BC s public sector policy Accord process The goal was to establish a different more collaborative relationship with unions one in which they had a voice in shaping policy solutions This parallel process entirely separate from collective bargaining would also avoid the adversarial relationship that so often characterizes a government s relations with its unions by recognizing the positive role unions and their members could play in contributing to improving BC s public programs and services The authors who worked on the Accord process with Premier Clark provide an insider s story of the intensive three year period during which the parties negotiated 35 policy accords across the entire provincial public sector The Accords covered a wide range of issues including pension trusteeship and portability early retirement provincial school class size benefits trusts government procurement policy hospital laboratory services workforce training pay equity creation of a health and safety agency and numerous smaller policy fixes The accord process demonstrated that it was possible for a government to initiate a new and more collaborative relationship with its unions by inviting them into the policy process The accords definitely improved relations with the government and contributed to collective bargaining settlements within the government s money mandate

Comings and Goings Charles Moden Levi,2003-02-18 Looking at almost 120 years of Canadian history Charles Levi examines the origins activities and careers of 1 876 members of the executive of the University College Literary and Athletic Society of the University of Toronto from the inception of the College until 1973 Using an intricate quantitative analysis of data from student records and genealogical sources Levi charts the history of student activities at University College filling a gap in the historiography of higher education in Canada In an era when all forms of education are being scrutinized to determine if they are fulfilling their functions Comings and Goings shows that the Canadian university has continually adapted to the needs of society as a whole and that Canadian university students have used their educational experiences in innovative ways
