From Renaissance To Baroque Essays On Literature And Art:

From Renaissance to Baroque Louis L. Martz, Retired Sterling Professor of English Louis L. Martz, 1991-01-01 *The English Mannerist Poets and the Visual Arts* L. E. Semler, 1998 In this study L E Semler begins with a comprehensive historical definition of Mannerism in visual arts from which he derives four key terms that constitute the nucleus of the aesthetic technical precision elegance *grazia* and the *difficulta facilita* formula These principles interwoven with one another and with *maniera* are derived from visual arts but are specifically designed to be transferable to any medium The rest of the book situates the English poets in relation to the visual arts including painting limning gold and silversmithery architecture and garden design and discusses their verse in relation to the key Mannerist principles **The Variorum Edition of the Poetry of John Donne, Volume 7, Part 1** John Donne, Gary A. Stringer, Paul A. Parrish, 2005-12-01 Praise for previous volumes This variorum edition will be the basis of all future Donne scholarship Chronicle This is the 4th volume of The Variorum Edition of the Poetry of John Donne to appear This volume presents a newly edited critical text of the Holy Sonnets and a comprehensive digest of the critical scholarly commentary on them from Donne's time through 1995 The editors identify and print both an earlier and a revised authorial sequence of sonnets as well as presenting the scribal collection which contains unique authorial versions of several of the sonnets inscribed by Donne's friend Rowland Woodward in the Westmoreland manuscript Catholic Sensationalism and Victorian Literature Maureen Moran, 2007-05-01 Catholic Sensationalism and Victorian Literature offers a highly original examination of Victorian sensationalism through the exploration of popular literary representations of Roman Catholicism that exotic corrupt religious Other which is inscribed as the implacable anti English enemy The book demonstrates how new understandings of cultural tensions of the period are gained through the association of Roman Catholicism with secular fears of crime sex and violence rather than with theological excesses and doctrinal superstitions *Renaissance and Baroque Art* Leo Steinberg, 2020-08-19 Leo Steinberg was one of the most original art historians of the twentieth century known for taking interpretive risks that challenged the profession by overturning reigning orthodoxies In essays and lectures ranging from old masters to contemporary art he combined scholarly erudition with an eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it His writings sometimes provocative and controversial remain vital and influential reading Steinberg's perceptions evolved from long hard looking at his objects of study Almost everything he wrote included passages of formal analysis but always put into the service of interpretation This volume begins and ends with thematic essays on two fundamental precepts of Steinberg's art history how dependence on textual authority mutes the visual truths of images and why artists routinely copy or adapt earlier artworks In between are fourteen chapters on masterpieces of renaissance and baroque art with bold and enlightening interpretations of works by Mantegna Filippo Lippi Pontormo El Greco Caravaggio Steen and finally Velázquez Four chapters are devoted to some of Velázquez's best known

readings across the spectrum of the poetry and prose of a major seventeenth century writer Its ten chapters open up topics that are central to the understanding and appreciation of a poet whose life was turned upside down by civil war and religious persecution Rethinking the Concept of the Grotesque Shun-Liang Chao,2017-07-05 How are we to define what is

grotesque in art or literature Since the Renaissance the term has been used for anything from the fantastic to the monstrous and been associated with many artistic genres from the Gothic to the danse macabre Shun Liang Chao s new study adopts a rigorous approach by establishing contradictory physicality and the notion of metaphor as two keys to the construction of a clear identity of the grotesque With this approach Chao explores the imagery of Richard Crashaw Charles Baudelaire and Rene Magritte as individual exemplars of the grotesque in the Baroque Romantic and Surrealist ages in order to suggest a lineage of this curious aesthetic and to cast light on the functions of the visual and of the verbal in evoking it Andrew Marvell's Liminal Lyrics Joan Faust,2012-09-20 Andrew Marvell s Liminal Lyrics The Space Between is an interdisciplinary study of the major lyric poems of seventeenth century British metaphysical poet Andrew Marvell The poet and his work have generally proven enigmatic to scholars because both refuse to fit into normal categories and expectations This study invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by Victor Turner and enriched by Arnold Van Gennep Jacques Lacan and other observers of the in between aspects of experience The approach differs from previous attempts to explain Marvell in that it allows multidisciplinary and multi media contexts in a broad matrix of the areas of experience and representation that defy boundaries that blur the line at which entrance becomes exit This study acknowledges that the poems discussed and by implication the entire corpus of Marvell s work and the life that produced it derive from a refusal to draw a definite divide In analyzing a small selection of Marvell s life and lyrics as explorations of various realms of liminality in word and image readers can see a passageway to the poet s works that never really reaches a destination instead the unlimited possibilities of the journey remain Thus the in between aspects of the poet and his poetry actually define his technique as well as his brilliance *Reading, Desire, and the Eucharist in Early Modern Religious Poetry* Ryan Netzley,2011-01-01 The courtly love tradition had a great influence on the themes of religious poetry just as an absent beloved could be longed for passionately so too could a distant God be the subject of desire But when authors began to perceive God as immanently available did the nature and interpretation of devotional verse change Ryan Netzley argues that early modern religious lyrics presented both desire and reading as free loving activities rather than as endless struggles or dramatic quests Reading Desire and the Eucharist analyzes the work of prominent early modern writers including John Milton Richard Crashaw John Donne and George Herbert whose religious poetry presented parallels between sacramental desire and the act of understanding written texts Netzley finds that by directing devotees to crave spiritual rather than worldly goods these poets questioned ideas not only of what people should desire but also how they should engage in the act of yearning Challenging fundamental

assumptions of literary criticism Reading Desire and the Eucharist shows how poetry can encourage love for its own sake rather than in the hopes of salvation *The Cambridge Companion to John Donne* Achsah Guibbory,2006-02-02 The Cambridge Companion to John Donne introduces students undergraduate and graduate to the range brilliance and complexity of John Donne Sixteen essays written by an international array of leading scholars and critics cover Donne s poetry erotic satirical devotional and his prose including his Sermons and occasional letters Providing readings of his texts and also fully situating them in the historical and cultural context of early modern England these essays offer the most up to date scholarship and introduce students to the current thinking and debates about Donne while providing tools for students to read Donne with greater understanding and enjoyment Special features include a chronology a short biography essays on political and religious contexts an essay on the experience of reading his lyrics a meditation on Donne by the contemporary novelist A S Byatt and an extensive bibliography of editions and criticism Intimacy and Sexuality in the Age of Shakespeare James M. Bromley,2011-12-22 James Bromley argues that Renaissance texts circulate knowledge about a variety of non standard sexual practices and intimate life narratives including non monogamy anal eroticism masochism and cross racial female homoeroticism Rethinking current assumptions about intimacy in Renaissance drama poetry and prose the book blends historicized and queer approaches to embodiment narrative and temporality An important contribution to Renaissance literary studies queer theory and the history of sexuality the book demonstrates the relevance of Renaissance literature to today Through close readings of William Shakespeare s problem comedies Christopher Marlowe s Hero and Leander plays by Beaumont and Fletcher Thomas Middleton s The Nice Valour and Lady Mary Wroth s sonnet sequence Pamphilia to Amphilanthus and her prose romance The Urania Bromley re evaluates notions of the centrality of deep abiding affection in Renaissance culture and challenges our own investment in a narrowly defined intimate sphere **Mythologies of Internal Exile in Elizabethan Verse** A.D. Cousins,2018-10-26 Writers of the English Renaissance like their European contemporaries frequently reflect on the phenomenon of exile an experience that forces the individual to establish a new personal identity in an alien environment Although there has been much commentary on this phenomenon as represented in English Renaissance literature there has been nothing written at length about its counterpart namely internal exile marginalization or estrangement within the homeland This volume considers internal exile as a simultaneously twofold experience It studies estrangement from one s society and correlatively from one s normative sense of self In doing so it focuses initially on the sonnet sequences by Sidney Spenser and Shakespeare which is to say the problematics of romance then it examines the verse satires of Donne Hall and Marston likewise the problematics of anti romance This book argues that the authors of these major texts create mythologies via the myths of and accumulated mythographies about Cupid satyrs and Proteus through which to reflect on the doubleness of exile within one s own community These mythologies at times accompanied by theologies of alienation suggest that internal exile is a fluid and complex experience demanding multifarious

reinterpretation of the incongruously expatriate self The monograph thus establishes a new framework for understanding texts at once diverse yet central to the Elizabethan literary achievement **Writing the Passions** David Punter, 2014-09-19 Writing the Passions is a book of literary criticism of philosophy and of the politics of modernity It explores the arguments on the location of feeling in literature on the fragmentation of the self under the pressure of the passions of the place of the passions in psychoanalytic practice and theory and on the notions of multiplicity soul spirit polytheism and animism developed from their bases in psychoanalytic and Derridean theory The relations between writing and the passions are addressed through individual texts ranging across many centuries and from Europe to China Writers and texts discussed include Plato Andrew Marvell Swinburne Salman Rushdie Iain Banks Deleuze Guattari and many others Topics addressed include the meaning of crime passionnel art and the wound passion and ceremonial adoration and abjection dread and disgust the nature of the exotic shame and irony separation incompleteness and the cure Written in a uniquely engaging and accessible style Writing the Passions provides readers with a fascinating exploration of the general notion of the passions together with a set of historical insights into how the passions have been considered and treated in different literatures and cultures **Spenser and Donne** Yulia Ryzhik, 2019-10-07 This edited collection of essays part of The Manchester Spenser series brings together leading Spenser and Donne scholars to challenge the traditionally dichotomous view of these two major poets and to shift the critical conversation towards a more holistic relational view of the two authors poetics and thought
