From Saddlebags To Satellites Homilies Of A Circuit Rider In The New Millennium:

From Saddlebags to Satellites Doug Bower, 2003-01-21 The new millennium has already been marked by wonder and terror Doug Bower brought the Bishop Circuit into the new millennium with Web pages that featured homilies that reflected on traditional theological positions while also dealing with issues of the present His experience as a conservative theologian a counselor and an educator produced an uncomplicated and inspirational look at a variety of themes The material was prepared to inspire readers It was also prepared to facilitate the reader's own thoughts on the issues *The Supernatural and the Circuit Riders* Rimi Xhemajli, 2021-06-22 In *The Supernatural and the Circuit Riders* Rimi Xhemajli shows how a small but passionate movement grew and shook the religious world through astonishing signs and wonders Beginning in the late eighteenth century early American Methodist preachers known as circuit riders were appointed to evangelize the American frontier by presenting an experiential gospel one that featured extraordinary phenomena that originated from God's Spirit In employing this evangelistic strategy of the gospel message fueled by supernatural displays Methodism rapidly expanded Despite beginning with only ten official circuit riders in the early 1770s by the early 1830s circuit riders had multiplied and caused Methodism to become the largest American denomination of its day In investigating the significance of the supernatural in the circuit rider ministry Xhemajli provides a new historical perspective through his eye opening demonstration of the correlation between the supernatural and the explosive membership growth of early American Methodism which fueled the Second Great Awakening In doing so he also prompts the consideration of the relevance and reproduction of such acts in the American church today *From Saddlebags to Satellites* William Erle Brooks, 1969

From Horseback to Desktop Pc Doug Bower, 2007-04-02 You have struggled with doubt and skepticism yourself As you present your faith and think about it you find it difficult to share it with nonbelievers This is not because you are afraid to but because skeptics just don't seem to want to understand This contributes to your doubt and skepticism Still though you struggle with your faith you find that what you do believe is congruent with the Christian tradition and with Scripture itself This work does not attempt to convince the reader to believe a certain way Rather it is simply the expression of faith from a modern circuit rider It serves as a facilitator of expressing faith of thinking about it and hopefully stimulating others to express their faith in the contexts of skepticism and traditional acceptance Should you disagree with the points of the book great I simply hope that you will present your own version in some form Maybe you'll write your own book
